Applications for New Awards; Magnet Schools Assistance Program; Correction

[Catalog of Federal Domestic Assistance (CFDA) Number: 84.165A.]

AGENCY: Office of Innovation and Improvement, Department of Education.

ACTION: Notice; correction.

SUMMARY: On December 13, 2016, we published in the **Federal Register** a notice inviting applications for new awards under the Magnet Schools Assistance Program. This document corrects the total number of points possible for the competitive preference priorities and the total amount of points possible for the competitive preference priorities and selection criteria. All other requirements and conditions stated in the notice inviting applications remain the same.

DATES: Effective December 28, 2016.

SUPPLEMENTARY INFORMATION:

Correction

In FR Doc. No. 2016-29907, in the **Federal Register** of December 13, 2016 (81 FR 89911), we make the following corrections:

(a) On page 89913, in the left column under the heading *Competitive Preference Priorities*, we remove “six” and “10,” and add in their place “seven” and “11,” respectively.

The revisions read as follows:

Competitive Preference Priorities: For FY 2017, these priorities are competitive preference priorities. Under 34 CFR 280.30(f), we will award up to seven additional points to an application, depending on how well the applicant addresses Competitive Preference Priorities 1, 2, and 3. Under 34 CFR 75.105(c)(2)(i) we will award up to an additional four points to an application, depending on how well the application addresses Competitive Preference Priority 4. Together, depending on how well the application meets these priorities, an application may be awarded up to a total of 11 additional points. Applicants may apply under any, all, or none of the competitive preference priorities. The maximum possible points for each competitive preference priority are indicated in parentheses following the name of the priority. These points are in addition to any points the application earns under the selection criteria in this notice.

(b) On page 89918, in the right column under the heading *V. Application Review Information*, we remove “110” and add in its place “111”.

The revision reads as follows:

Points awarded under these selection criteria are in addition to any points an applicant earns under the competitive preference priorities in this notice. The maximum score that an application may receive under the competitive preference priorities and the selection criteria is 111 points.

DEPARTMENT OF ENERGY

[Certification Notice—244]

Notice of Filing of Self-Certification of Coal Capability Under the Powerplant and Industrial Fuel Use Act

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of filing.

SUMMARY: On December 6, 2016, Moxie Freedom LLC, as owner and operator of a new baseload electric generating powerplant, submitted a coal capability self-certification to the Department of Energy (DOE) pursuant to § 201(d) of the Powerplant and Industrial Fuel Use Act of 1978 (FUA), as amended, and DOE regulations in 10 CFR 501.60, 61. The FUA and regulations thereunder require DOE to publish a notice of filing of self-certification in the **Federal Register**. 42 U.S.C. 8311(d) and 10 CFR 501.61(c).

ADDRESSES: Copies of coal capability self-certification filings are available for public inspection, upon request, in the Office of Electricity Delivery and Energy Reliability, Mail Code OE–20, Room 8G–024, Forrestal Building, 1000 Independence Avenue SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Christopher Lawrence at (202) 586–5260.

SUPPLEMENTARY INFORMATION: Title II of FUA, as amended (42 U.S.C. 8301 *et seq.*), provides that no new base load electric powerplant may be constructed or operated without the capability to use coal or another alternate fuel as a primary energy source. Pursuant to the FUA, in order to meet the requirement of coal capability, the owner or operator

of such a facility proposing to use natural gas or petroleum as its primary energy source shall certify to the Secretary of Energy (Secretary) prior to construction, or prior to operation as a base load electric powerplant, that such powerplant has the capability to use coal or another alternate fuel. Such certification establishes compliance with FUA section 201(a) as of the date it is filed with the Secretary. 42 U.S.C. 8311.

The following owner of a proposed new baseload electric generating powerplant has filed a self-certification of coal-capability with DOE pursuant to FUA section 201(d) and in accordance with DOE regulations in 10 CFR 501.60, 61:

OWNER: Moxie Freedom LLC
CAPACITY: 1029 megawatts (MW)
PLANT LOCATION: 237 Mingle Inn Road, Berwick, PA 18603
IN-SERVICE DATE: May 2018

Issued in Washington, DC, on December 21, 2016.

Federal Energy Regulatory Commission

[Docket No. CP17–6–000]

Texas Eastern Transmission, LP; Notice of Intent To Prepare an Environmental Assessment for the Proposed Idle Line 1 Abandonment Project, and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Idle Line 1 Abandonment Project involving the abandonment of pipeline facilities by Texas Eastern Transmission, LP (Texas Eastern) in Fayette, Pickaway, Fairfield, Perry, Muskingum, Noble, and Monroe Counties, Ohio; Marshall County, West Virginia; and Greene County, Pennsylvania. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. You can make a difference by providing

us with your specific comments or concerns about the project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the EA. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before January 20, 2017.

If you sent comments on this project to the Commission before the opening of this docket on October 28, 2016, you will need to file those comments in Docket No. CP17–6–000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this proposed project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an agreement to conduct the abandonment activities. Texas Eastern provided landowners with a fact sheet prepared by the FERC entitled “An Interstate Natural Gas Facility On My Land? What Do I Need To Know?” This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. It is also available for viewing on the FERC Web site (www.ferc.gov).

Public Participation

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502–8258 or efiling@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the *eComment* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the *eFiling* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file
