

requires the property to be used for an aeronautical purpose.

The property is currently a vacant, mowed lot maintained for compatible land use around the airfield. The proposed non-aeronautical land use would be for lease or sale to enhance commercial opportunities in an area no longer needed for aeronautical purposes. The property was originally owned by the U.S. Government that quit claimed the property to the City of Battle Creek, Michigan in 1947. In 1961, the National Emergency Use Provision was released from this property. In 1986 the FAA released a portion of the total parcel, but retained the 200' x 200' parcel to protect a navigational aid. The navigational aid has since been relocated and there is no longer an aeronautical use for the property. The airport will receive Fair Market Value for the land to be leased/sold.

The disposition of proceeds from the sale of the airport property will be in accordance with FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999 (64 FR 7696).

This notice announces that the FAA is considering the release of the subject airport property at the W.K. Kellogg Airport, Battle Creek, Michigan, from federal land covenants, subject to a reservation for continuing right of flight as well as restrictions on the released property as required in FAA Order 5190.6B section 22.16. Approval does not constitute a commitment by the FAA to financially assist in the disposal of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA.

Property Description

[Docket No. NHTSA-2015-00104; Notice 2]

Extension of Comment Period on Whether Nonconforming Model Year 2013 and 2014 Ferrari F12 Berlinetta Passenger Cars Are Eligible for Importation

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Extension of comment period.

SUMMARY: This document announces the extension of the comment period on a petition for NHTSA to decide that model year 2013 and 2014 Ferrari F12 Berlinetta passenger cars that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards are eligible for importation into the United States.

DATES: The new closing date for comments on the petition is February 6, 2017.

ADDRESSES: Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket and notice number cited in the title of this notice and submitted by any of the following methods:

- **Mail:** Send comments by mail addressed to U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590.

- **Hand Delivery:** Deliver comments by hand to U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except Federal Holidays.

- **Electronically:** Submit comments electronically by logging onto the Federal Docket Management System (FDMS) Web site at <https://www.regulations.gov/>. Follow the online instructions for submitting comments.

- Comments may also be faxed to (202) 493-2251.

Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that comments you have submitted by mail were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to <https://www.regulations.gov>, including any personal information provided.

All comments and supporting materials received before the close of business on the closing date indicated above will be filed in the docket and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the fullest extent possible.

When the petition is granted or denied, notice of the decision will also be published in the **Federal Register** pursuant to the authority indicated at the end of this notice.

All comments, background documentation, and supporting materials submitted to the docket may be viewed by anyone at the address and times given above. The documents may also be viewed on the Internet at <https://www.regulations.gov> by following the online instructions for accessing the dockets. The docket ID number for this petition is shown in the heading of this notice.

DOT's complete Privacy Act Statement is available for review in a **Federal Register** notice published on April 11, 2000, (65 FR 19477-78).

SUPPLEMENTARY INFORMATION: On December 7, 2016, NHTSA published a notice (at 81 FR 88318) that it had received a petition to decide that nonconforming model year (MY) 2013 and 2014 Ferrari F12 Berlinetta passenger cars (PCs) are eligible for importation into the United States. The notice solicited public comments on the petition and stated that the closing date for comments is January 6, 2017.

This is to notify the public that NHTSA is extending the comment period on this petition, and allowing it to run until February 6, 2017. This extension is based on a request dated December 21, 2016, from Ferrari North America, Inc., and Ferrari SpA,

(collectively “Ferrari”) the vehicle’s manufacturer. Ferrari stated that in its view an extension was needed because a portion of the comment period will be lost due to the holidays (during which time Ferrari SpA’s facilities will be closed), and because of the complexity of the technical analysis necessary to evaluate the petition and prepare any comments. Ferrari requests this extension especially with regard to FMVSS No. 208 conformance—in particular, the passenger-side airbag weight sensing system.

Ferrari also stated its view that an extension of the comment period will not prejudice the parties or cause undue delay, but will afford Ferrari the opportunity to fully evaluate the petition in order to determine the appropriate content of any Ferrari comments.

NHTSA has granted Ferrari’s request. All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A), (a)(1)(B), and (b)(1); 49 CFR 593.7; delegation of authority at 49 CFR 1.95 and 501.8.

[Docket No. NHTSA–2016–0132]

Reports, Forms, and Record Keeping Requirements

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on the proposed collection of information.

This document describes a proposed collection of information under

regulations in 49 CFR parts 591, 592, and 593 that pertain to the importation of motor vehicles and items of motor vehicle equipment that are subject to the Federal motor vehicle safety, bumper, and theft prevention standards.

DATES: Comments must be received on or before March 6, 2017.

ADDRESSES: You may submit comments identified by DOT Docket No. NHTSA–2016–0132 by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Mail:* Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001
- *Hand Delivery or Courier:* West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays. Telephone: 1–800–647–5527.
- *Fax:* 202–493–2251

Instructions: All submissions must include the agency name and docket number for this proposed collection of information. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT’s complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477–78) or you may visit <http://DocketInfo.dot.gov>.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> and follow the online instructions for assessing the dockets. Alternately, you may visit in person the Docket Management Facility at the street address listed above.

Mr. Sachs’ telephone number is (202) 366–3151. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION:

Prior Approval

On December 19, 2013, NHTSA submitted to OMB a request for the extension of the agency’s approval (assigned OMB Control No. 2127–0002) of the information collection that is incident to NHTSA’s administration of the vehicle importation regulations at 49 CFR parts 591, 592, and 593. On April 13, 2014, OMB notified NHTSA that it had approved this extension request through April 30, 2017. That approval was based on NHTSA submissions identifying information being collected on an annual basis from 63,818 respondents, expending 61,882 hours of effort, at a cost of \$1,454,120. NHTSA wishes to file with OMB a request for that agency to extend its approval for an additional three years.

Changes in Program

Since the information collection associated with NHTSA’s importation program was last approved by OMB, significant changes have taken place that impact the information collection and the assessment of its burden on affected members of the public. These have resulted, in part, from the increasing strength of the U.S. Dollar against foreign currencies, particularly the Canadian dollar, which has led to a significant increase in the volume of vehicles imported from Canada. Another factor that has impacted the information collection is the transitioning in the filing of NHTSA–required import data from U.S. Customs and Border Protection’s (CBP’s) legacy Automated Commercial System (ACS) to the new Automated Commercial Environment/International Trade Data System (ACE/ITDS). With its integration into ACE, which began on August 1, 2015 and was completed by July 28, 2016, NHTSA is receiving more accurate and complete information on the importation of the commodities it regulates. As a consequence, the volume of entries, in some instances, has greatly increased from the volume received in prior years. For example, the volume of entries for vehicles at least 25 years old that can be imported without regard to their compliance with the Federal motor vehicle safety standards (FMVSS) and equipment items manufactured prior to the date that any applicable standard has taken effect, both of which are declared under Box 1 on the HS–7 Declaration form, has increased by a factor of nearly two hundred, from roughly 13,000 entries in 2012 to nearly 2.5 million entries in 2015. There has been a 25 percent increase in the volume of vehicles conforming to the
