

system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)²⁷ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes trading P.M.-settled third-Friday expirations under the SPXW symbol rather than the separate SPXPM symbol will ensure market participants, particularly retail customers, have seamless access to P.M.-settled S&P 500 Index options expiring every Friday of the month, which helps to remove impediments to and perfect the mechanism of a free and open market. The Exchange believes the proposed rule change will help to protect investors and the public interest by allowing market participants to enter options positions with the same underlying in one symbol that spans every Friday expiration in a month, thus providing a more efficient way to gain exposure and hedge risk.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe the rule change will impose a burden on intramarket competition because all market participants will continue to have access to P.M.-settled S&P 500 Index options expiring every Friday of the month and will be able to trade them under the SPXW symbol. The proposal will not impose a burden on intermarket competition because the options effected by this proposal are exclusive to CBOE. Additionally, the Exchange does not believe the proposal will impose any burden on intermarket competition as market participants on other exchanges are welcome to become Trading Permit Holders and trade at CBOE if they determine that this proposed rule change has made CBOE more attractive or favorable.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

- A. By order approve or disapprove such proposed rule change, or
- B. institute proceedings to determine whether the proposed rule change should be disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79709; File No. SR-CBOE-2016-092]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Fees for the Complex Order Book Data Feed

December 29, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 19, 2016, Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) proposes to amend user fees for the Complex Order Book (“COB”) Data Feed. The text of the proposed rule change is available on the Exchange’s Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend user fees for the COB Data Feed. This data feed is made available by CBOE’s affiliate Market Data Express, LLC (“MDX”). The Exchange proposes to make the following fee changes effective January 1, 2017.

COB Data Feed: The COB Data Feed is a real-time data feed that includes data regarding the Exchange’s Complex Order Book and related complex order information. The COB Data Feed contains the following information for all CBOE-traded complex order strategies (multi-leg strategies such as spreads, straddles and buy-writes): (i) Outstanding quotes and standing orders on each side of the market with aggregate size, (ii) data with respect to executed trades (“last sale data”), and (iii) totals of customer versus non-customer contracts.³

Fees

MDX currently charges Customers⁴ of the COB Data Feed a Data Fee of \$100 per month plus applicable User Fees (as described below). The Data Fee for the COB Data Feed is waived for Customers of the CBOE BBO and Book Depth Data Feeds.⁵

MDX charges a Customer User Fees of \$25 per month per Device⁶ or user ID for receipt of the data by “Professional Users”⁷. There is no charge for receipt

³ The data is made available during “Regular Trading Hours” as defined in CBOE Rule 1.1(qqq) and “Extended Trading Hours” as defined in CBOE Rule 1.1(rrr).

⁴ A Customer is any person, company or other entity that, pursuant to a market data agreement with MDX, is entitled to receive data, either directly from MDX or through an authorized redistributor (*i.e.*, a Customer or an extranet service provider), whether that data is distributed externally or used internally. The MDX fee schedule for CBOE data is located at <https://www.cboe.org/MDX/CSM/OBOOKMain.aspx>.

⁵ Such COB Data Feed Customers are still subject to User Fees.

⁶ A “Device” means any computer, workstation or other item of equipment, fixed or portable, that receives, accesses and/or displays data in visual, audible or other form.

⁷ A “Professional User” is any natural person recipient of Data who is not a Non-Professional User (as defined below). User Fees for Professional Users are payable for both “internal” Professional Users (Devices or user IDs of employees of a Customer) and “external” Professional Users (Devices or user IDs of Professional Users who receive the Data from a Customer and are not employed by the Customer). (Non-Professional

of the data by “Non-Professional Users”⁸. User Fees are subject to a cap of \$2,000 per month (*i.e.*, a Customer pays no more than \$2,000 in User Fees for a given month). The Exchange proposes to delete this fee cap from the MDX fee schedule for CBOE data.

The Exchange also proposes to make a few clean-up changes to the MDX fee schedule for CBOE data, including removing a couple references to a January 1, 2016 effective date for prior fee changes and removing the \$1 per month User Fee for COB Data Feed Non-Professional Users, which was eliminated effective January 1, 2015.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁹ Specifically, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,¹⁰ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities. The Exchange also believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes the proposal to delete the monthly cap on User Fees for receipt of the COB Data Feed is equitable and not unfairly discriminatory because it would apply

Users must be external since a person who uses the COB Data Feed for a commercial purpose cannot be a Non-Professional User.)

⁸ A “Non-Professional User” is a natural person or qualifying trust that uses Data only for personal purposes and not for any commercial purpose and, for a natural person who works in the United States, is not: (i) Registered or qualified in any capacity with the Securities and Exchange Commission, the Commodities Futures Trading Commission, any state securities agency, any securities exchange or association, or any commodities or futures contract market or association; (ii) engaged as an “investment adviser” as that term is defined in Section 201(11) of the Investment Advisors Act of 1940 (whether or not registered or qualified under that Act); or (iii) employed by a bank or other organization exempt from registration under federal or state securities laws to perform functions that would require registration or qualification if such functions were performed for an organization not so exempt; or, for a natural person who works outside of the United States, does not perform the same functions as would disqualify such person as a Non-Professional User if he or she worked in the United States.
