

II. Basis for CAPS Expansion

A. Purpose

CAPS is designed to provide managers at the lowest organizational level the authority, control, and flexibility to recruit, retain, develop, recognize, and motivate its workforce, while ensuring adequate accountability and oversight.

The ESO is a new organization designed to deliver common business support and mission-enabling services in the functional areas of human resources, acquisition, information technology financial management, and other areas as determined necessary. The mission of the ESO is to: Enhance customer experience through the efficient delivery of high-quality mission-enabling services; increase service transparency and accountability; and enable employees, currently performing these functions, to dedicate more time to the unique mission needs of their organization. The expansion of CAPS coverage to include the ESO, should improve the organization's ability to recruit and retain a high-quality workforce to meet the organization's mission.

DoC's CAPS allows for modifications of procedures if no new waiver from law or regulation is added. Given that this expansion and modification is in accordance with existing law and regulation and CAPS is a permanent alternative personnel system, the DoC is authorized to make the changes described in this notice.

B. Participating Employees

Employee notification of this expansion will be accomplished by providing employees and managers electronic access to all CAPS policies and procedures, including the eleven previous **Federal Register** Notices. A copy of this **Federal Register** notice will also be accessible electronically upon approval. Supervisor training and informational briefings for employees will be conducted as the ESO undergoes full transition over a period of a few years.

III. Changes to the Project Plan

The CAPS at DoC, published in the **Federal Register** on December 24, 1997 (62 FR 67434), is amended as follows:

1. The following organization will be added to the project plan, Section II D—Participating Organizations

Foreign-Trade Zones Board

[B-085-2016]

Foreign-Trade Zone (FTZ) 76— Danbury, Connecticut Notification of Proposed Production Activity; MannKind Corporation, (Fumaryl Diketopiperazone (FDKP) Carrier/ Receptor Powder), Danbury, Connecticut

MannKind Corporation (MannKind) submitted a notification of proposed production activity to the FTZ Board for its facility in Danbury, Connecticut within Subzone 76B. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on December 21, 2016.

MannKind currently has authority to use the facility for the production of Technosphere Insulin®, an inhalable insulin made by a combination of imported fumaryl diketopiperazone (FDKP) and domestic material active ingredients. MannKind's current request would add a finished product to the scope of authority. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt MannKind from customs duty payments on the foreign-status components used in export production. On its domestic sales, MannKind would be able to choose the duty rate during customs entry procedures that applies to FDKP carrier/receptor powder (duty rate 6.5%) for the foreign-status components and materials in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is February 15, 2017.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.
