

Commenters may address the meeting, the role of the USCRTF, or general coral reef conservation issues. Before including your address, phone number, email address, or other personal identifying information in your comments, you should be aware that your entire comment, including personal identifying information may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Established by Presidential Executive Order 13089 in 1998, the U.S. Coral Reef Task Force mission is to lead, coordinate and strengthen U.S. government actions to better preserve and protect coral reef ecosystems. Co-chaired by the Departments of Commerce and Interior, Task Force members include leaders of 12 federal agencies, seven U.S. states and territories and three freely associated states.

FOR FURTHER INFORMATION CONTACT: Jennifer Koss, NOAA USCRTF Steering Committee Point of Contact, NOAA Coral Reef Conservation Program, 1305 East-West Highway, N/OCRM, Silver Spring, MD 20910 at 301-533-0777 or Liza Johnson, USCRTF Executive Secretary, U.S. Department of Interior, MS-3530-MIB, 1849 C Street NW., Washington, DC 20240 at (202) 208-5004 or visit the USCRTF Web site at <http://www.coralreef.gov>

Dated: January 10, 2017.

Christopher Cartwright,

Chief Financial Officer, National Ocean Service, National Oceanic and Atmospheric Administration.

Fisheries of the Gulf of Mexico and the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Pre-Workshop Webinar for Southeastern U.S. Black Grouper; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 48 pre-Data Workshop webinar for Southeastern U.S. black grouper.

SUMMARY: The SEDAR 48 assessment process of Southeastern U.S. black grouper will consist of a Data Workshop, an Assessment Workshop and a series of assessment webinars, and a Review Workshop. See

SUPPLEMENTARY INFORMATION.

DATES: The SEDAR 48 pre-Data Workshop webinar will be held February 14, 2017, from 11 a.m. to 1 p.m. Eastern Time.

ADDRESSES: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571-4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) a Review Workshop. The product of the Data Workshop is a report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and

NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the pre-data workshop webinar are as follows:

Panelists will present summary data and discuss data needs and treatments.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: January 11, 2017.

Jeffrey N. Lonergan,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
