

movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. As authorized by the PPA, the Animal and Plant Health Inspection Service (APHIS) regulates the importation of certain fruits and vegetables in accordance with the regulations in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–76).

Section 319.56–62 provides the requirements for the importation of fresh beans (*Phaseolus vulgaris* L.), shelled or in pods (French, green, snap, and string) from Jordan into the continental United States. These commodities may be imported into the United States under certain conditions to prevent the introduction of plant pests into the United States. The regulations require information collection activities, including packinghouse registration, box labeling, and a phytosanitary certificate attesting that the conditions in § 319.56–62 have been met and that each consignment has been inspected and found free the pests listed in that section.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.78 hours per response.

Respondents: Importers of fresh beans, shelled or in pods, from Jordan and the national plant protection organization of Jordan.

Estimated annual number of respondents: 6.

Estimated annual number of responses per respondent: 7.

Estimated annual number of responses: 40.

Estimated total annual burden on respondents: 31 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 11th day of January 2017.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

[Docket No. APHIS–2016–0108]

Notice of Request for Extension of Approval of an Information Collection; Importation of Avocados From Continental Spain

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service’s intention to request an extension of approval of an information collection associated with regulations for the importation of avocados from continental Spain.

DATES: We will consider all comments that we receive on or before March 20, 2017.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2016-0108>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS–2016–0108, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road, Unit 118, Riverdale, MD 20737–1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2016-0108> or in our reading room, which is located in room 1141 of

the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799–7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the importation of avocados from continental Spain, contact Dr. Robert Baca, Assistant Director, Permitting and Compliance Coordination, Compliance and Environmental Coordination Branch, PPQ, APHIS, 4700 River Road, Unit 150, Riverdale, MD 20737; (301) 851–2292. For copies of more detailed information on the information collection, contact Ms. Kimberly Hardy, APHIS’ Information Collection Coordinator, at (301) 851–2483.

SUPPLEMENTARY INFORMATION:

Title: Importation of Avocados From Continental Spain.

OMB Control Number: 0579–0400.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests, including fruit flies, into the United States or their dissemination within the United States. Regulations authorized by the PPA concerning the importation of fruits and vegetables into the United States from certain parts of the world are contained in “Subpart—Fruits and Vegetables” (7 CFR 319.56–1 through 319.56–76).

In accordance with § 319.56–64, fresh avocados from continental Spain are subject to certain conditions before entering the United States to ensure that certain quarantine plant pests are not introduced into the United States. The regulations require the use of information collection activities, including an operational workplan, trust fund agreement, production site and packinghouse registration, agreements, box labeling and shipping documents, a phytosanitary certificate, and recordkeeping.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.03 hours per response.

Respondents: Growers and importers of avocados from continental Spain and the national plant protection organization of Spain.

Estimated annual number of respondents: 28.

Estimated annual number of responses per respondent: 517.

Estimated annual number of responses: 14,484.

Estimated total annual burden on respondents: 484 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 11th day of January 2017.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.
