

COMPARISON OF ALTERNATIVES—Continued

Issues and topics	Alternative A: Current management	Alternative B: Proposed action
<ul style="list-style-type: none"> Nuisance and Invasive Species Management (Fauna). 	The LSHFC staff identifies and removes beaver dams throughout the year from culverts and small drains to promote drainage and maintain trails. Hunt club members may take hogs during other hunting activities, but these circumstances are opportunistic and relatively rare; there have been coordinated trapping efforts between the Service and LSHFC since 2013.	Under this alternative, the Refuge will develop step down management plans focused on nuisance and invasive species management. Step Down Plans would be initiated for an Invasive Species Management Plan, a Feral Hog and Beaver Management Plan. Step Down Management Plans may initiate management practices for nuisance species (beaver, nutria), such as dam removal and trapping, reducing the negative impacts to existing infrastructure. Additionally, the Refuge will utilize their own staff or contract services to conduct hunting and trapping of feral hogs.

III. Staff Requirements Under the Two Alternatives

	Zero (0) Full-Time Equivalent (FTE) Staff	2.5 FTE.
--	---	----------

IV. Budgets Under the Two Alternatives

<ul style="list-style-type: none"> Refuge Base Operational Budget. 	\$0	\$612,476.00.
<ul style="list-style-type: none"> Annual Maintenance 	\$0	\$0.
<ul style="list-style-type: none"> Fire Operations 	\$0	\$0.
<ul style="list-style-type: none"> Tallow/Forest Inventory 	\$18,884.00	\$18,884.00.
<ul style="list-style-type: none"> Total Budget 	\$18,884.00	\$631,360.00.

Public Availability of Documents

In addition to using any methods in ADDRESSES, you can view or obtain documents at the following locations:

- Little River NWR, P.O. Box 340, Broken Bow, Oklahoma 74728, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday.

- Our Web site: https://www.fws.gov/southwest/refuges/texas/little_sandy/CCP.
- The following public libraries:

Library	Address	Phone number
Allen Memorial Public Library	121 East Blackburn Street, Hawkins, Texas 75765	903-769-2241
Tyler Public Library	201 South College Avenue, Tyler, Texas 75702	903-593-7323

Submitting Comments/Issues for Comment

We consider comments substantive if they:

- Question, with reasonable basis, the accuracy of the information in the document;
- Question, with reasonable basis, the adequacy of the dEA;
- Present reasonable alternatives other than those presented in the dEA; and/or
- Provide new or additional information relevant to the dEA.

Next Steps

After this comment period ends, we will analyze the comments and then address them in the form of a final CCP and The National Environmental Policy Act decision document.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may

be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: January 11, 2017.

Benjamin Tuggle,
Regional Director, Southwest Region, U.S. Fish and Wildlife Service.

Agency Information Collection Activities: Request for Comments

AGENCY: U.S. Geological Survey (USGS), Interior.

ACTION: Notice of a renewal of a currently approved information collection (1028-0070).

SUMMARY: We (the U.S. Geological Survey) will ask the Office of Management and Budget (OMB) to approve the information collection (IC) described below. This collection consists of 1 form. As required by the Paperwork Reduction Act (PRA) of 1995, and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. This collection is scheduled to expire on May 31, 2017.

DATES: To ensure that your comments are considered, we must receive them on or before March 27, 2017.

ADDRESSES: You may submit comments on this information collection to the Information Collection Clearance Officer, U.S. Geological Survey, 12201 Sunrise Valley Drive MS 807, Reston, VA 20192 (mail); (703) 648-7197 (fax); or gs-info_collections@usgs.gov (email). Please reference 'Information Collection 1028-0070, Consolidated Consumers' Report in all correspondence.

FOR FURTHER INFORMATION CONTACT:

Elizabeth S. Sangine, National Minerals Information Center, U.S. Geological Survey, 12201 Sunrise Valley Drive, MS 989, Reston, VA 20192 (mail); 703-648-7720 (phone); or escottsangine@usgs.gov (email). You may also find information about this ICR at www.reginfo.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

Respondents to this form supply the USGS with domestic consumption data for 12 metals and ferroalloys, some of which are considered strategic and critical to assist in determining stockpile goals. These data and derived information will be published as chapters in Minerals Yearbooks, monthly Mineral Industry Surveys, annual Mineral Commodity Summaries, and special publications, for use by Government agencies, industry education programs, and the general public.

II. Data

OMB Control Number: 1028-0070.

Form Number: USGS Form 9-4117-MA.

Title: Consolidated Consumers' Report.

Type of Request: Renewal of existing information collection.

Affected Public: Business or Other-For-Profit Institutions: U.S. nonfuel minerals producers.

Respondent's Obligation: None. Participation is voluntary.

Frequency of Collection: Monthly and Annually.

Estimated Total Number of Annual Responses: 1,407.

Estimated Time per Response: 45 minutes.

Estimated Annual Burden Hours: 1,055 hours.

Estimated Reporting and Recordkeeping "Non-Hour Cost"

Burden: There are no "non-hour cost" burdens associated with this IC.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number and current expiration date.

III. Request for Comments

We are soliciting comments as to: (a) Whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, usefulness, and clarity of the

information to be collected; and (d) how to minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Please note that the comments submitted in response to this notice are a matter of public record. Before including your personal mailing address, phone number, email address, or other personally identifiable information in your comment, you should be aware that your entire comment, including your personally identifiable information, may be made publicly available at any time. While you can ask us in your comment to withhold your personally identifiable information from public view, we cannot guarantee that we will be able to do so.

Michael J. Magyar,

Associate Director, National Minerals Information Center, U.S. Geological Survey.

Final Environmental Impact Statement for Alcatraz Ferry Embarkation, Counties of Marin and San Francisco, California

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: The National Park Service (NPS) has prepared the Final Environmental Impact Statement (Final EIS) for the Alcatraz Ferry Embarkation project. The Final EIS evaluates four alternatives for establishing a long-term ferry embarkation site for passenger service between the northern San Francisco waterfront and Alcatraz Island, and additional occasional ferry service between the Alcatraz ferry embarkation site and the existing Fort Baker pier, as well as other excursions within the San Francisco Bay.

DATES: The NPS will execute a Record of Decision no sooner than 30 days after the date of publication in the **Federal Register** of the Environmental Protection Agency's (EPA) notice of filing and availability of the Final EIS.

FOR FURTHER INFORMATION CONTACT: Please contact Golden Gate National Recreation Area at (415) 561-4930 or goga_planning@nps.gov.

SUPPLEMENTARY INFORMATION: After operating out of Pier 41 for many years,

the Alcatraz Island ferry embarkation site moved to Pier 31½ in 2006 when a new ferry service concessioner was selected, which led to inconsistencies in the delivery of visitor services and impacts on surrounding communities, business interests, and transit providers. Federal law generally limits the term of concession contracts to 10 years or fewer, and requires that a competitive process be used to select new concessioners.

The NPS seeks to secure a site that will provide a long-term orientation and ferry embarkation facility for service to Alcatraz Island from the northern San Francisco waterfront. The NPS desires an identifiable and well-functioning facility that will provide a quality welcome and support program for visitors, orient visitors to the history of Alcatraz Island, and provide a connection to other Golden Gate National Recreation Area (GGNRA) parklands and orientation to the national park system in general. The NPS also seeks to establish additional occasional ferry service between the primary Alcatraz ferry embarkation site and the existing Fort Baker pier, as well as other excursions within the Bay departing from the primary embarkation site. The Final EIS evaluated additional service to and from Fort Mason, but this activity is not included in the preferred alternative. These elements would improve cross-Bay connectivity and accommodate existing and future visitor demand for recreational travel to Fort Baker and the Marin Headlands, thereby enhancing GGNRA's operational effectiveness. Many potential visitors are unable to obtain tickets to Alcatraz Island due to the high demand. Enhanced on-shore visitor facilities would provide those visitors with interpretive information about the island and options for visiting other GGNRA destinations from San Francisco.

Public scoping was initiated in the late spring of 2012. The Notice of Intent to prepare an EIS was published in the **Federal Register** on June 1, 2012. Scoping meetings were held on June 26 and 28, 2012, at Fort Mason Building 201 in San Francisco and the City Hall in Sausalito, respectively. Over the comment period, approximately 90 correspondences were collected from interested stakeholders.

The Draft EIS was released on March 20, 2015 with comments accepted through June 4, 2015. During the comment period, one public meeting was held on March 31, 2015 at Pier 1 in San Francisco. Approximately 277 pieces of correspondence were received. Some plan content was modified based
