[Docket ID: USA–2017–HQ–0002]

Privacy Act of 1974; System of Records

AGENCY: Department of the Army, DoD.

ACTION: Notice to alter a System of Records.

SUMMARY: Pursuant to the Privacy Act of 1974 notice is hereby given that the Department of the Army proposes to alter a system of records, A0350–1b TRADOC, entitled “Army Career Tracker (ACT),” last published at 76 FR 26714 on May 9, 2011. The Army Career Tracker (ACT) exists to enable Soldiers and Army civilians world-wide with career development and transition resources. ACT provides users with a more efficient and effective way to monitor their career development while allowing leaders to track and advise subordinates on personalized leadership development. As a leader development tool, it integrates data on training, education, and experiential learning from a number of source systems into one personalized and easy-to-use

interface. ACT allows supervisors to track and advise employees on their leadership development and allows career program managers the ability to reach their geographically dispersed careerists. The Total Army Sponsorship Program is also administered through ACT. The sponsorship program provides Soldiers and Army civilians and their families with resources to facilitate their transition and/or relocation between commands and duty assignments.

This alteration to the system of records notice incorporates the applicable DoD Routine Uses in the notice to provide clarity for the public. The categories of individuals has been updated to reflect the inclusion of Army Reserve, Guard, and Reserve Officer Training Corps personnel. The category of records was expanded to cover data that is collected and used in support of the Total Army Sponsorship Program. Further, the authorities were updated to cite the specific sections of the United States Code and identify the DoD issuances that implement the program. The purpose has been revised to clarify the use and description of these records. The systems that are data sources or interface with ACT have been denoted in the records source categories. Lastly, administrative corrections were made to the system location, retrievability, safeguards, system manager and address, notification and record access procedures, and contesting records procedures.

DATES: Comments will be accepted on or before February 23, 2017. This proposed action will be effective the date following the end of the comment period unless comments are received which result in a contrary determination.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- * *Federal Rulemaking Portal:* <http://www.regulations.gov>.

Follow the instructions for submitting comments.

- * *Mail:* Department of Defense, Office of the Deputy Chief Management Officer, Directorate for Oversight and Compliance, Regulatory and Advisory Committee Division, 4800 Mark Center Drive, Mailbox #24, Suite 08D09B, Alexandria, VA 22350-1700.

Executive Conference Center, 4075 Wilson Blvd., Suite 350, Arlington, VA.

DATES: January 26, 2017, from 8:15 a.m. to 6:00 p.m.; and January 27, 2017, from 8:00 a.m. to 3:00 p.m.

ADDRESSES: Strategic Analysis Inc. Executive Conference Center, 4075 Wilson Blvd., Suite 350, Arlington, VA (January 26–27, 2017).

FOR FURTHER INFORMATION CONTACT: Ms. Debra Rose, Executive Officer, Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301–3140, via email at debra.a.rose20.civ@mail.mil, or via phone at (703) 571–0084 or the Defense Science Board’s Designated Federal Officer (DFO) Ms. Karen D.H. Saunders, Executive Director, Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301, via email at karen.d.saunders.civ@mail.mil or via phone at (703) 571–0079.

SUPPLEMENTARY INFORMATION: Due to circumstances beyond the control of the Designated Federal Officer and the Department of Defense, the 2017 Defense Science Board Summer Study Task Force on Countering Anti-access Systems with Longer Range and Standoff Capabilities (“the Long Range Effects Summer Study Task Force”) was unable to provide public notification of

its meetings on January 26–27, 2017, as required by 41 CFR 102–3.150(a). Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102–3.150(b), waives the 15-calendar day notification requirement.

These meetings are being held under the provisions of the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C. Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102–3.150.

The mission of the Defense Science Board is to provide independent advice and recommendations on matters relating to the Department of Defense’s (DoD) scientific and technical enterprise. The objective of the Long Range Effects Summer Study Task Force is to explore new defense systems and technology that will enable cost effective power projection that relies on the use of longer stand-off distances than current capabilities. System components may be deployed on manned or unmanned platforms with a range of potential autonomous capabilities. Use of cost reducing technology and advanced production practices from defense and commercial industry may be a major part of the strategy for deploying adequate numbers of weapons. The study should investigate and analyze all of these areas and recommend preferred system options. This two-day session will focus on providing general threat briefings, to include country briefings and respective threat system capabilities. United States capabilities will also be briefed by the Joint Staff and the military services. The organizations briefing include the Defense Intelligence Agency, Missile Defense Agency, U.S. Navy and U.S. Air Force. Additionally the DSB will present recently completed studies to include: Air Dominance, Next Generation Unmanned Undersea Systems and Ballistic Missile and Cruise Missile Defense.

In accordance with section 10(d) of the FACA and 41 CFR 102–2.155, the DoD has determined that the Long Range Effects Summer Study Task Force meeting will be closed to the public. Specifically, the Under Secretary of Defense (Acquisition, Technology, and Logistics), in consultation with the DoD Office of General Counsel, has determined in writing that the meeting will be closed to the public because matters covered by 5 U.S.C. 552b(c)(1) will be considered. The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security concern. Such

classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meetings. To permit the meetings to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB’s findings or recommendations to the Secretary of Defense and to the Under Secretary of Defense for Acquisition, Technology, and Logistics.

In accordance with section 10(a)(3) of the FACA and 41 CFR 102–3.105(j) and 102–3.140, interested persons may submit a written statement for consideration by the Long Range Effects Summer Study Task Force members at any time regarding its mission or in response to the stated agenda of a planned meeting. Individuals submitting a written statement must submit their statement to the DSB’s DFO—Ms. Karen D.H. Saunders, Executive Director, Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301, via email at karen.d.saunders.civ@mail.mil or via phone at (703) 571–0079 at any point, however, if a written statement is not received at least 3 calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the Long Range Effects Summer Study Task Force. The DFO will review all submissions with the Long Range Effects Summer Study Task Force Co-Chairs and ensure they are provided to Long Range Effects Summer Study Task Force members prior to the end of the two-day meeting on January 27, 2017.

Dated: January 18, 2017.

Alternate OSD Federal Register Liaison Officer, Department of Defense.
