Preliminary Rescission of the Countervailing Duty New Shipper Review

The Department preliminarily finds that, based on substantial evidence on the record, SXT has not satisfied the statutory and regulatory requirements to request an NSR. Specifically, the Department finds that SXT's request for an NSR was based on the inaccurately certified statement that SXT is not affiliated with any PRC exporter or producer that exported subject merchandise to the United States during the period of time examined in the original CVD investigation (*i.e.*, January 1, 2013, through December 31, 2013).⁸ Further analysis of SXT's corporate affiliations and the factual information underlying this preliminary rescission is provided in the Preliminary Decision Memorandum.

Public Comment

Interested parties may submit case briefs or other written comments no later than 30 days after the publication of these preliminary results in the

Interested parties who wish to request a hearing must submit a written request within 30 days of the publication of these preliminary results in the **Federal Register**.¹¹ Such requests should contain the party's name, address, and telephone number, as well as the number of participants and a list of the issues to be discussed. Oral arguments will be limited to issues raised in the case and rebuttal briefs. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230, at a date, time, and location to be determined. Parties will be notified of the date, time, and location of any hearing.

Parties must file their case briefs and rebuttal briefs, as well as any requests for a hearing, electronically, using ACCESS. Electronically filed documents must be successfully received in their entirety via ACCESS no later than 5:00 p.m. Eastern Time on the abovementioned deadlines.¹²

The Department intends to issue the final results of this NSR, which will include an analysis of any issues raised in briefs, no more than 90 days after the release of these preliminary results, pursuant to section 751(a)(2)(B) of the Act.

Assessment Rates

If the Department proceeds to a final rescission of SXT's NSR, the assessment rate to which SXT's shipments will be subject will not be affected by this review. The Department, however, initiated an administrative review of the CVD order on passenger tires from the PRC covering numerous exporters for the period of December 1, 2014, through December 31, 2015, which encompasses the period covered by this NSR.¹³ Therefore, if the Department proceeds to a final rescission, we will instruct U.S. Customs and Border Protection (CBP) to continue to suspend subject merchandise exported by SXT and entered into the United States during the period December 1, 2014, through January 31, 2016, until CBP receives instructions relating to the

abovementioned administrative review of this order.

If the Department does not proceed to a final rescission of this NSR, pursuant to 19 CFR 351.212(b)(1), we will calculate an importer-specific assessment rate based on the final results of this review.

Cash Deposit Requirements

Effective upon publication of the final rescission or the final results of this NSR, the Department will instruct CBP to collect cash deposits for entries of SXT's subject merchandise. If the Department proceeds to a final rescission of this NSR, the cash deposit rate for SXT will continue to be the all-others rate because the Department will not have determined an individual subsidy rate for SXT. If the Department issues final results for this NSR, the Department will instruct CBP to collect cash deposits, effective upon publication of the final results, at the rates established therein.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of countervailing duties occurred and the subsequent assessment of double countervailing duties.

We are issuing and publishing these preliminary results in accordance with sections 751(a)(2)(B) and 771(i)(1) of the Act.

Acting Assistant Secretary for Enforcement and Compliance.
