Abstract of proposed collection: The International Exchange Alumni Web site requires information to process users' voluntary request for participation in the International Exchange Alumni Web site. Other than contact and exchange program information, which is required for Web site registration, all other information is provided on a voluntary basis. Participants also have the option of restricting access to their information.

Respondents to this registration form are U.S. government-sponsored exchange program participants and alumni. Alumni Affairs collects data from users not only to verify their status or participation in a program, but to help alumni network with one another and aid Embassy staff in their alumni outreach. Once a user account is activated, the same information may be used for contests, competitions, and other public diplomacy initiatives in support of Embassy and foreign policy goals.

Methodology: Information provided for registration is collected electronically via the Alumni Web site, *alumni.state.gov*.

Additional Information: Since the previous approval, improvements made to the Web site have decreased the burden to respondents by 30%. International Exchange Alumni is a secure, encrypted Web site.

Deputy Assistant Secretary for Policy, Bureau of Educational and Cultural Affairs, Department of State.
