

Hammond (N.D. Ind.), Civil Action No. 2:17-cv-00048.

The United States and the State of Indiana filed this lawsuit against the Sanitary District of Hammond (“Defendant”) under the Clean Water Act. The complaint seeks injunctive relief and civil penalties for violations of Defendant’s National Pollutant Discharge Elimination System permit and for failing to completely and timely respond to an information request issued to the Defendant by the United States Environmental Protection Agency.

The consent decree requires the Defendant to perform injunctive relief, including developing and implementing a long term control plan to reduce or eliminate discharges of untreated sewage through permitted combined sewer overflow outfalls located in Defendant’s wastewater conveyance and treatment system. The Defendant will pay civil penalties of \$225,000 to the United States and \$22,500 to the State, and will perform a State-only Supplemental Environmental Project. The Defendant will pay stipulated penalties of \$313,500 to the United States to resolve the Defendant’s alleged violations of a separate consent decree that the parties entered into in 1999. The Defendant will also install and operate a disinfection system on its existing combined sewer overflow storage basin.
