Departmental Management—Office of Homeland Security and Emergency Coordination

Title: USDA PIV Request for
Credential.

OMB Control Number: 0505–0022.

Summary of Collection: The Homeland Security Presidential Directive (HSPD)–12 information collection is required for establishing the applicant's identity for Personal Identity Verification (PIV) credential issuance. The information requested must be provided by Federal contractors and other applicable individuals (including all employees and some affiliates) when applying for a USDA PIV credential (identification card), also known as "LincPass." The information is necessary to comply with the requirements outlined in Homeland Security Presidential Directive (HSPD) 12, and Federal Information Processing Standard (FIPS) 201–2. USDA has implemented an automated identity proofing, registration, and issuance process consistent with the requirements outlined in FIPS 201–2.

Need and Use of the Information: Information will be collected using form AD 1197, Request for USDA Identification (ID) Badge, to issue a site badge to grant individuals short term access to facilities. USDA has chosen to use GSA's USAccess program for HSPD–12 credentialing and identity management. The automated system includes six separate and distinct roles to ensure no one single individual can issue a credential without further validation from another authorized role holder. An automated notification workflow provides streamlined communication between role holder and the applicant, notifying each as to the respective steps in the process. If the information is not collected, Federal and non-Federal employees may not be permitted in some facilities and will not be allowed access to government computer systems.

Number of Respondents: 12,000.
