

DEPARTMENT OF COMMERCE**International Trade Administration****Initiation of Antidumping and Countervailing Duty Administrative Reviews**

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“the Department”) has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with December anniversary dates. In accordance with the Department’s regulations, we are initiating those administrative reviews.

DATES: Effective February 13, 2017.

FOR FURTHER INFORMATION CONTACT: Brenda E. Waters, Office of AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230, telephone: (202) 482-4735.

SUPPLEMENTARY INFORMATION:**Background**

The Department has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various antidumping and countervailing duty orders and findings with December anniversary dates.

All deadlines for the submission of various types of information, certifications, or comments or actions by the Department discussed below refer to the number of calendar days from the applicable starting time.

Notice of No Sales

If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review (“POR”), it must notify the Department within 30 days of publication of this notice in the **Federal Register**. All submissions must be filed electronically at <http://access.trade.gov> in accordance with 19 CFR 351.303.¹ Such submissions are subject to verification in accordance with section 782(i) of the Tariff Act of 1930, as amended (“the Act”). Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy must be served on every party on the Department’s service list.

¹ See *Antidumping and Countervailing Duty Proceedings: Electronic Filing Procedures; Administrative Protective Order Procedures*, 76 FR 39263 (July 6, 2011).

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, except for the review of the antidumping duty order on crystalline silicon photovoltaic cells, whether or not assembled into modules (“solar cells and modules”) from the People’s Republic of China (“PRC”), the Department intends to select respondents based on U.S. Customs and Border Protection (“CBP”) data for U.S. imports during the period of review. We intend to place the CBP data on the record within five days of publication of the initiation notice and to make our decision regarding respondent selection within 30 days of publication of the initiation **Federal Register** notice. Comments regarding the CBP data and respondent selection should be submitted seven days after the placement of the CBP data on the record of this review. Parties wishing to submit rebuttal comments should submit those comments five days after the deadline for the initial comments.

In the event the Department decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act:

In general, the Department has found that determinations concerning whether particular companies should be “collapsed” (*i.e.*, treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, the Department will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this antidumping proceeding (*i.e.*, investigation, administrative review, new shipper review or changed circumstances review). For any company subject to this review, if the Department determined, or continued to treat, that company as collapsed with others, the Department will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, the Department will not collapse companies for purposes of respondent selection. Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in

which they were collapsed. Further, if companies are requested to complete the Quantity and Value (“Q&V”) Questionnaire for purposes of respondent selection, in general each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of this proceeding where the Department considered collapsing that entity, complete Q&V data for that collapsed entity must be submitted.

In the event the Department limits the number of respondents for individual examination in the administrative review of the antidumping duty order on solar cells and modules from the PRC, the Department intends to select respondents based on volume data contained in responses to Q&V Questionnaires. Further, the Department intends to limit the number of Q&V Questionnaires issued in the review based on CBP data for U.S. imports of solar cells and solar modules from the PRC. The units used to measure the imported quantities of solar cells and solar modules are “number”; however, it would not be meaningful to sum the number of imported solar cells and the number of imported solar modules in attempting to determine the largest PRC exporters of subject merchandise by volume. Therefore, the Department will limit the number of Q&V Questionnaires issued based on the import values in CBP data which will serve as a proxy for imported quantities. Parties subject to the review to which the Department does not send a Q&V Questionnaire may file a response to the Q&V Questionnaire by the applicable deadline if they desire to be included in the pool of companies from which the Department will select mandatory respondents. The Q&V Questionnaire will be available on the Department’s Web site at <http://trade.gov/enforcement/news.asp> on the date of publication of this notice in the **Federal Register**. The responses to the Q&V Questionnaire must be received by the Department no later than 21 days after the signature date of this initiation notice. Please be advised that due to the time constraints imposed by the statutory and regulatory deadlines for antidumping duty administrative reviews, the Department does not intend to grant any extensions for the submission of responses to the Q&V Questionnaire. Parties will be given the opportunity to comment on the CBP

data used by the Department to limit the number of Q&V Questionnaires issued. We intend to place CBP data on the record within five days of publication of this notice in the **Federal Register**. Comments regarding the CBP data and respondent selection should be submitted seven days after placement of the CBP data on the record.

Deadline for Withdrawal of Request for Administrative Review

Pursuant to 19 CFR 351.213(d)(1), a party that has requested a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that the Department may extend this time if it is reasonable to do so. In order to provide parties additional certainty with respect to when the Department will exercise its discretion to extend this 90-day deadline, interested parties are advised that the Department does not intend to extend the 90-day deadline unless the requestor demonstrates that an extraordinary circumstance has prevented it from submitting a timely withdrawal request. Determinations by the Department to extend the 90-day deadline will be made on a case-by-case basis.

Separate Rates

In proceedings involving non-market economy (“NME”) countries, the Department begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is the Department’s policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.

To establish whether a firm is sufficiently independent from government control of its export activities to be entitled to a separate rate, the Department analyzes each entity exporting the subject merchandise under a test arising from the *Final Determination of Sales at Less Than Fair Value: Sparklers from the People’s Republic of China*, 56 FR 20588 (May 6, 1991), as amplified by *Final Determination of Sales at Less Than Fair Value: Silicon Carbide from the People’s Republic of China*, 59 FR 22585 (May 2, 1994). In accordance with the separate rates criteria, the Department assigns separate rates to companies in NME cases only if respondents can demonstrate the absence of both *de jure*

and *de facto* government control over export activities.

All firms listed below that wish to qualify for separate rate status in the administrative reviews involving NME countries must complete, as appropriate, either a separate rate application or certification, as described below. For these administrative reviews, in order to demonstrate separate rate eligibility, the Department requires entities for whom a review was requested, that were assigned a separate rate in the most recent segment of this proceeding in which they participated, to certify that they continue to meet the criteria for obtaining a separate rate. The Separate Rate Certification form will be available on the Department’s Web site at <http://enforcement.trade.gov/nme/nme-sep-rate.html> on the date of publication of this **Federal Register** notice. In responding to the certification, please follow the “Instructions for Filing the Certification” in the Separate Rate Certification. Separate Rate Certifications are due to the Department no later than 30 calendar days after publication of this **Federal Register** notice. The deadline and requirement for submitting a Certification applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers who purchase and export subject merchandise to the United States.

Entities that currently do not have a separate rate from a completed segment of the proceeding² should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. In addition, companies that received a separate rate in a completed segment of the proceeding that have subsequently made changes, including, but not limited to, changes to corporate structure, acquisitions of new companies or facilities, or changes to their official company name,³ should timely file a Separate Rate Application to demonstrate eligibility for a separate rate in this proceeding. The Separate Rate Status Application will be available on the Department’s Web site at <http://enforcement.trade.gov/nme/>

² Such entities include entities that have not participated in the proceeding, entities that were preliminarily granted a separate rate in any currently incomplete segment of the proceeding (e.g., an ongoing administrative review, new shipper review, etc.) and entities that lost their separate rate in the most recently completed segment of the proceeding in which they participated.

³ Only changes to the official company name, rather than trade names, need to be addressed via a Separate Rate Application. Information regarding new trade names may be submitted via a Separate Rate Certification.

nme-sep-rate.html on the date of publication of this **Federal Register** notice. In responding to the Separate Rate Status Application, refer to the instructions contained in the application. Separate Rate Status Applications are due to the Department no later than 30 calendar days of publication of this **Federal Register** notice. The deadline and requirement for submitting a Separate Rate Status Application applies equally to NME-owned firms, wholly foreign-owned firms, and foreign sellers that purchase and export subject merchandise to the United States.

For exporters and producers who submit a separate-rate status application or certification and subsequently are selected as mandatory respondents, these exporters and producers will no longer be eligible for separate rate status unless they respond to all parts of the questionnaire as mandatory respondents.

Furthermore, firms to which the Department issues a Q&V questionnaire in the antidumping duty administrative review of solar cells and modules from the PRC must submit a timely and complete response to the Q&V questionnaire, in addition to a timely and complete Separate Rate Application or Certification in order to receive consideration for separate-rate status. In other words, the Department will not give consideration to any timely Separate Rate Certification or Application made by parties to whom the Department issued a Q&V questionnaire but who failed to respond in a timely manner to the Q&V questionnaire. Exporters subject to the antidumping duty administrative review of solar cells and modules from the PRC to which the Department does not send a Q&V questionnaire may receive consideration for separate-rate status if they file a timely Separate Rate Application or a timely Separate Rate Certification without filing a response to the Q&V questionnaire. All information submitted by respondents in the antidumping duty administrative review of solar cells and modules from the PRC is subject to verification. As noted above, the Separate Rate Certification, the Separate Rate Application, and the Q&V questionnaire will be available on the Department’s Web site on the date of publication of this notice in the **Federal Register**.

Initiation of Reviews

In accordance with 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following antidumping and countervailing duty orders and findings. We intend to issue

the final results of these reviews not later than December 31, 2017.

Duty Absorption Reviews

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an antidumping duty

⁴ In the initiation notice covering cases with November anniversary dates, the Department inadvertently omitted Seamless Refined Copper Pipe and Tube from Mexico. This is a correction to the January 13, 2017, initiation notice (82 FR 4294).

⁵ The companies listed above were misspelled in the initiation notice that published on January 13, 2017 (82 FR 4294). The correct spellings are listed above.

⁶ On January 3, 2016, the American Honey Producers Association and Sioux Honey Association (“Petitioners”) requested an administrative review of Jiangsu Runchen Agricultural/Sideline Foodstuff Co., Ltd. (“Jiangsu Runchen”) and subsequently withdrew their request on January 26, 2017. As such, the Department is not initiating a review on Jiangsu Runchen. See Letter to the Secretary from Petitioners, “Honey from the People’s Republic of China—Request for Administrative Review; 2015–2016” (January 3, 2017); Letter to the Secretary from Petitioners, “Honey from the People’s Republic of China—Petitioners’ Withdrawal of Request for Administrative Review of Jiangsu Runchen Agricultural/Sideline Foodstuff Co., Ltd.” (January 26, 2017).

⁷ The companies listed above were misspelled in the initiation notice that published on January 13, 2017 (82 FR 4294). The correct spellings are listed above.

⁸ In the ongoing administrative review of this suspension agreement, the Department exercised its discretion to expand the 12/19/14–12/31/14 period of review to include calendar year 2015. Accordingly, the next period of review is calendar year 2016. The Department extended the opportunity to request a review for this CVD suspension agreement from December 31, 2016 to January 31, 2017, to offer the opportunity to request a review of entries that otherwise would not have occurred until the final day for the review to be requested. The period of review will remain 01/01/16–12/31/16.

order under 19 CFR 351.211 or a determination under 19 CFR 351.218(f)(4) to continue an order or suspended investigation (after sunset review), the Secretary, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine, consistent with *FAG Italia v. United States*, 291 F.3d 806 (Fed Cir. 2002), as appropriate, whether antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Gap Period Liquidation

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures “gap” period, of the order, if such a gap period is applicable to the POR.

Administrative Protective Orders and Letters of Appearance

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305. On January 22, 2008, the Department published *Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures*;

APO Procedures, 73 FR 3634 (January 22, 2008). Those procedures apply to administrative reviews included in this notice of initiation. Parties wishing to participate in any of these administrative reviews should ensure that they meet the requirements of these procedures (e.g., the filing of separate letters of appearance as discussed at 19 CFR 351.103(d)).

Revised Factual Information Requirements

On April 10, 2013, the Department published *Definition of Factual Information and Time Limits for Submission of Factual Information: Final Rule*, 78 FR 21246 (April 10, 2013), which modified two regulations related to antidumping and countervailing duty proceedings: The definition of factual information (19 CFR 351.102(b)(21)), and the time limits for the submission of factual information (19 CFR 351.301). The final rule identifies five categories of factual information in 19 CFR 351.102(b)(21), which are summarized as follows: (i) Evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by the Department; and (v) evidence other than factual information described in (i)–(iv). The final rule requires any party, when submitting factual information, to specify under

which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. The final rule also modified 19 CFR 351.301 so that, rather than providing general time limits, there are specific time limits based on the type of factual information being submitted. These modifications are effective for all segments initiated on or after May 10, 2013. Please review the final rule, available at <http://enforcement.trade.gov/frn/2013/1304frn/2013-08227.txt>, prior to submitting factual information in this segment.

Any party submitting factual information in an antidumping duty or countervailing duty proceeding must certify to the accuracy and completeness of that information.⁹ Parties are hereby reminded that revised certification requirements are in effect for company/government officials as well as their representatives. All segments of any antidumping duty or countervailing duty proceedings initiated on or after August 16, 2013, should use the formats for the revised certifications provided at the end of the *Final Rule*.¹⁰ The Department intends to reject factual submissions in any proceeding segments if the submitting party does not comply with applicable revised certification requirements.

Revised Extension of Time Limits Regulation

On September 20, 2013, the Department modified its regulation concerning the extension of time limits for submissions in antidumping and countervailing duty proceedings: *Final Rule*, 78 FR 57790 (September 20, 2013). The modification clarifies that parties may request an extension of time limits before a time limit established under Part 351 expires, or as otherwise specified by the Secretary. In general, an extension request will be considered untimely if it is filed after the time limit established under Part 351 expires. For submissions which are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on

the due date. Examples include, but are not limited to: (1) Case and rebuttal briefs, filed pursuant to 19 CFR 351.309; (2) factual information to value factors under 19 CFR 351.408(c), or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2), filed pursuant to 19 CFR 351.301(c)(3) and rebuttal, clarification and correction filed pursuant to 19 CFR 351.301(c)(3)(iv); (3) comments concerning the selection of a surrogate country and surrogate values and rebuttal; (4) comments concerning U.S. Customs and Border Protection data; and (5) quantity and value questionnaires. Under certain circumstances, the Department may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, the Department will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. This modification also requires that an extension request must be made in a separate, stand-alone submission, and clarifies the circumstances under which the Department will grant untimely-filed requests for the extension of time limits. These modifications are effective for all segments initiated on or after October 21, 2013. Please review the final rule, available at <http://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these segments.

These initiations and this notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.221(c)(1)(i).

Dated: February 8, 2017.

Gary Taverman,

Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Notice of Open Meeting of the President's Advisory Council on Doing Business in Africa

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of an Open Meeting.

SUMMARY: The President's Advisory Council on Doing Business in Africa

(Council) will hold a meeting via teleconference to deliberate and vote on the adoption of a letter outlining the Council's priority recommendations to the President. The final agenda will be posted at least one week in advance of the meeting on the Council's Web site at <http://trade.gov/pac-dbia>.

DATES: This teleconference will be held on February 28, 2017 at 9:00 a.m. (EST). The deadline for members of the public to register to participate in or listen to the meeting is 5:00 p.m. (EST), February 20, 2017.

ADDRESSES: The meeting will be held by conference call. The call-in number and passcode will be provided by email to registrants. Requests to register (including for auxiliary aids) and any written comments should be submitted to: President's Advisory Council on Doing Business in Africa, U.S. Department of Commerce, M-800, 1300 Pennsylvania Avenue NW., Washington, DC 20230, OACIO@trade.gov. Members of the public are encouraged to submit registration requests and written comments via email to ensure timely receipt.

FOR FURTHER INFORMATION CONTACT: Joe Holecko, Executive Secretary, President's Advisory Council on Doing Business in Africa, Ronald Reagan International Trade Center, 1300 Pennsylvania Ave. NW., Suite 800M Department of Commerce, Washington, DC, 20004 telephone: 202-482-4783, email: dbia@trade.gov.

SUPPLEMENTARY INFORMATION:

Background: President Barack Obama directed the Secretary of Commerce to establish the President's Advisory Council on Doing Business in Africa by Executive Order No. 13675 dated August 5, 2014. The Council was established by charter on November 4, 2014, to advise the President, through the Secretary of Commerce, on strengthening commercial engagement between the United States and Africa, with a focus on advancing the President's Doing Business in Africa Campaign as described in the U.S. Strategy Toward Sub-Saharan Africa of June 14, 2012. The Council's charter was renewed in September 2016. This Council is established in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. App.

Public Submissions: The public is invited to submit written statements to the Council. Statements must be received by 5:00 p.m. February 21, 2017 by either of the following methods:

⁹ See section 782(b) of the Act.
