

Representative and U.S. Senators and send you a Grant Award Notification (GAN); or, we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

4. *Performance Measures:* The Secretary has established the following key performance measures for assessing the effectiveness of the DHSI Program:

a. The annual rate of degree or certificate completion for all students, and specifically for Hispanic students, at DHSI grantee institutions.

b. The annual persistence rate at DHSI grantee institutions for all students, and for Hispanic students in particular, from one year to the next.

c. The percent of all students, and of Hispanic students in particular, that

transfer from a 2-year HSI to a 4-year institution.

d. The annual percent change in the number of Hispanic students completing a teacher preparation program.

e. The number of all students, and the number of Hispanic students in particular, served by any direct student service supported by the grant.

f. Federal cost per undergraduate and graduate degree at institutions in the DHSI program.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

ENVIRONMENTAL PROTECTION AGENCY

[FRL–9959–55–OA]

Notification of a Public Meeting of the Clean Air Scientific Advisory Committee (CASAC) Sulfur Oxides Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces a public meeting of the Clean Air Scientific Advisory Committee (CASAC) Sulfur Oxides Panel to peer review EPA's *Integrated Science Assessment (ISA) for Sulfur Oxides—Health Criteria (Second External Review Draft—December 2016)* and *Review of the Primary National Ambient Air Quality Standards for Sulfur Dioxide: Risk and Exposure Assessment Planning Document (External Review Draft)*.

DATES: The CASAC Sulfur Oxides Panel meeting will be held on Monday, March

20, 2017, from 9:00 a.m. to 5:00 p.m. (Eastern Time) and Tuesday, March 21, 2017, from 8:30 a.m. to 3:30 p.m. (Eastern Time).

ADDRESSES: *Location:* The public meeting will be held at the Residence Inn Arlington Capital View, 2850 South Potomac Avenue, Arlington, Virginia 22202.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain information concerning the public meeting may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office (1400R), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW., Washington, DC 20460; by telephone at (202) 564–2050 or at yeow.aaron@epa.gov. General information about the CASAC, as well as any updates concerning the meetings announced in this notice, may be found on the CASAC Web page at <http://www.epa.gov/casac>.

SUPPLEMENTARY INFORMATION: The CASAC was established pursuant to the Clean Air Act (CAA) Amendments of 1977, codified at 42 U.S.C. 7409(d)(2), to review air quality criteria and National Ambient Air Quality Standards (NAAQS) and recommend any new NAAQS and revisions of existing criteria and NAAQS as may be appropriate. The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants, including sulfur oxides. EPA is currently reviewing the primary (health-based) NAAQS for sulfur dioxide (SO₂), as an indicator for health effects caused by the presence of sulfur oxides in the ambient air.

Pursuant to FACA and EPA policy, notice is hereby given that the CASAC Sulfur Oxides Panel will hold a public face-to-face meeting to review EPA's *Integrated Science Assessment for Sulfur Oxides—Health Criteria (Second External Review Draft—December 2016)* and *Review of the Primary National Ambient Air Quality Standards for Sulfur Dioxide: Risk and Exposure Assessment Planning Document (External Review Draft)*. The CASAC Sulfur Oxides Panel and CASAC will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Technical Contacts: Any technical questions concerning the *Integrated Science Assessment for Sulfur Oxides—Health Criteria (Second External Review*

Draft—December 2016) should be directed to Dr. Tom Long (long.tom@epa.gov), EPA Office of Research and Development. Any technical questions concerning the *Review of the Primary National Ambient Air Quality Standards for Sulfur Dioxide: Risk and Exposure Assessment Planning Document (External Review Draft)* should be directed to Dr. Stephen Graham (graham.stephen@epa.gov) and Dr. Nicole Hagan (hagan.nicole@epa.gov), EPA Office of Air and Radiation.

Availability of Meeting Materials: Prior to the meeting, the review documents, agenda and other materials will be available on the CASAC Web page at <http://www.epa.gov/casac/>.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit relevant comments on the topic of this advisory activity, including the charge to the panel and the EPA review documents, and/or the group conducting the activity, for the CASAC to consider as it develops advice for EPA. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for CASAC panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should follow the instructions below to submit comments.

Oral Statements: In general, individuals or groups requesting an oral presentation at a public meeting will be limited to five minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Aaron Yeow, DFO, in writing (preferably via email) at the contact information noted above by March 13, 2017, to be placed on the list of public speakers.

Written Statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by CASAC members, statements should be supplied to the DFO (preferably via
