

System (FOIS), to cover the collection, purpose(s), storage, safeguards, and disposal of the personally identifiable information (PII) that individual respondents may submit on FCC Form 161, which is posted at: <https://www.fcc.gov/general/privacy-act-information#systems>.

The FCC will also redact PII submitted on this form before it makes Start Printed Page 41797 FCC Form 161 available for public inspection. FCC Form 161 includes a “privacy statement” to inform applicants (respondents) of the FCC’s need to obtain the information and the protections that the FCC has in place to protect PII.

Needs and Uses: The Commission is revising Form 161 to include Restricted Use FRNs. These FRNs are created in the FCC’s Commission Registration System (CORES) and are used only for Form 323, Ownership Report for Commercial Broadcast Station (OMB Control No. 3060–0010) and Form 323–E, Ownership Report for Noncommercial Educational Broadcast Station (OMB Control No. 3060–0084). Registering for a Restricted Use FRN will require the same information as other FRNs with the following differences: respondents will be required to enter a date of birth and only the last four digits of the Social Security Number.

After respondents have registered in CORES and have been issued a FCC Registration Number (FRN), they may use FCC Form 161 to update and/or change their contact information, including name, address, telephone number, email address(es), fax number, contact representative, contact representative’s address, telephone number, email address, and/or fax number. Respondents may also update their registration information in CORES on-line at <https://apps.fcc.gov/cores>. The Commission uses this information to collect or report on any delinquent debt arising from the respondent’s business dealings with the FCC, including both “feeable” and “nonfeeable” services; and to ensure that registrants (respondents) receive any refunds due. Use of the CORES System is also a means of ensuring that the Commission operates in compliance with the *Debt Collection Improvement Act of 1996*.

On November 19, 2010, the FCC adopted a *Notice of Proposed Rulemaking* (NPRM), MD Docket No. 10–234, FCC 10–192, Amendment of Part 1 of the Commission’s Rules Concerning Practice and Procedure, Amendment of CORES Registration System. The NPRM proposes to

eliminate some of the FCC’s exceptions to the requirement that entities and individuals provide their Taxpayer Identification Number (“TIN”) at the time of registration; require FRN holders to provide their email address(es); give FRN holders the option to identify multiple points of contact; and require FRN holders to indicate their tax-exempt status and notify the Commission of pending bankruptcy proceedings. All remaining existing information collection requirements would stay as they are.
