

and standards. The manufacturer or importer shall maintain records indicating such compliance in accordance with the verification procedure requirements in part 2, subpart J of this chapter. For each M-UDCP model, the manufacturer or importer shall further submit documentation verifying compliance with M-Host UNI-DIR-PICS-IOI-061101 to the testing laboratory representing cable television system operators serving a majority of the cable television subscribers in the United States.

47 CFR 76.1203 provides that a multichannel video programming distributor may restrict the attachment or use of navigation devices with its system in those circumstances where electronic or physical harm would be caused by the attachment or operation of such devices or such devices that assist or are intended or designed to assist in the unauthorized receipt of service. Such restrictions may be accomplished by publishing and providing to subscribers standards and descriptions of devices that may not be used with or attached to its system. Such standards shall foreclose the attachment or use only of such devices as raise reasonable and legitimate concerns of electronic or physical harm or theft of service.

47 CFR 76.1205(a) states that technical information concerning interface parameters which are needed to permit navigation devices to operate with multichannel video programming systems shall be provided by the system operator upon request.

47 CFR 76.1205(b)(1) states a multichannel video programming provider that is subject to the requirements of Section 76.1204(a)(1) must provide the means to allow subscribers to self-install the CableCARD in a CableCARD-reliant device purchased at retail and inform a subscriber of this option when the subscriber requests a CableCARD. This requirement shall be effective August 1, 2011, if the MVPD allows its subscribers to self-install any cable modems or operator-leased set-top boxes and November 1, 2011 if the MVPD does not allow its subscribers to self-install any cable modems or operator-leased set-top boxes.

47 CFR 76.1205(b)(1)(A) states that this requirement shall not apply to cases in which neither the manufacturer nor the vendor of the CableCARD-reliant device furnishes to purchasers appropriate instructions for self-installation of a CableCARD, and a manned toll-free telephone number to answer consumer questions regarding

CableCARD installation but only for so long as such instructions are not furnished and the call center is not offered.

The requirements contained in Section 76.1205 are intended to ensure that consumers are able to install CableCARDS in the devices they purchase because we have determined this is essential to a functioning retail market.

47 CFR 76.1205(b)(2) states effective August 1, 2011, provide multi-stream CableCARDS to subscribers, unless the subscriber requests a single-stream CableCARD. This requirement will ensure that consumers have access to CableCARDS that are compatible with their retail devices, and can request such devices from their cable operators.

47 CFR 76.1205(b)(5) requires to separately disclose to consumers in a conspicuous manner with written information provided to customers in accordance with Section 76.1602, with written or oral information at consumer request, and on Web sites or billing inserts. This requirement is intended to ensure that consumers understand that retail options are available and that cable operators are not subsidizing their own devices with service fees in violation of Section 629 of the Act.

47 CFR 76.1207 states that the Commission may waive a regulation related to Subpart P ("Competitive Availability of Navigation Devices") for a limited time, upon an appropriate showing by a provider of multichannel video programming and other services offered over multichannel video programming systems, or an equipment provider that such a waiver is necessary to assist the development or introduction of a new or improved multichannel video programming or other service offered over multichannel video programming systems, technology, or products. Such waiver requests are to be made pursuant to 47 CFR 76.7.

47 CFR 76.1208 states that any interested party may file a petition to the Commission for a determination to provide for a sunset of the navigation devices regulations on the basis that (1) the market for multichannel video distributors is fully competitive; (2) the market for converter boxes, and interactive communications equipment, used in conjunction with that service is fully competitive; and (3) elimination of the regulations would promote competition and the public interest.

47 CFR 15.118(a) and 47 CFR 15.19(d) (label and information disclosure)—The U.S. Bureau of the Census reports that, at the end of 2002, there were 571 U.S. establishments that manufacture audio

and visual equipment. These manufacturers already have in place mechanisms for labeling equipment and including consumer disclosures in the form of owners' manuals and brochures in equipment packaging. The Commission estimate that manufacturers who voluntarily decide to label their equipment will need no more than 5 hours to develop a label or to develop wording for a consumer disclosure for owners' manuals/brochures to be included with the device. Once developed, we do not anticipate any ongoing burden associated with the revision/modification of the label, if used, or the disclosure.

Status Reports—Periodic reports are required from large cable multiple system operators detailing CableCARD deployment/support for navigation devices. (This requirement is specified in FCC 05–76, CS Docket No. 97–80).

Federal Communications Commission.

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to

further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or May 1, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele at (202) 418-2991.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

OMB Control Number: 3060-XXXX.

Title: Workplace Discrimination Complaints.

Form Numbers: FCC Form 5621 and FCC Form 5622.

Type of Review: New collection.

Respondents: Individuals.

Number of Respondents and Responses: 26 respondents and 26 responses.

Estimated Time per Response: 3.5 hours.

Frequency of Response: One-time reporting requirement.

Obligation to Respond: Voluntary. Statutory authority for these collections are contained in 29 U.S.C. 206(d), 633a, 791, and 794a; 42 U.S.C. 2000e-16 and 2000ff-6(f).

Total Annual Burden: 91 hours.

Total Annual Cost: \$15,000.

Privacy Impact Assessment: The FCC is drafting a Privacy Impact Assessment to cover the personally identifiable information (PIA) that will be collected, used, and stored.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: FCC employees, former employees and applicants for employment who believe they were denied equal employment opportunity based on race, color, religion, gender, national origin, age, physical or mental disability, genetic information and/or reprisal will complete FCC Form 5621 and FCC Form 5622.

Federal Communications Commission.
