Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Application for Approval of a Representative's Fee in Black Lung Claim Proceedings Conducted by the U.S. Department of Labor that uses Form CM-972. An individual filing with the OWCP, Division of Coal Mine Workers' Compensation for benefits under the Black Lung Benefits Act (BLBA), 30 U.S.C. 901 *et seq.*, may elect to be represented or assisted by an attorney or other representative. The BLBA and regulations 20 CFR 725.365 and 725.366 have established standards for the information and documentation that must be submitted to the program for review, so the representative in approved cases may be paid for services rendered to the claimant. Upon receipt of that evidence, the adjudicating official evaluates the application and, based on the supporting information in the claim file, approves a fee for services rendered. Form CM-972 provides a standardized format that assists representatives participating in the Black Lung Benefits Program to submit the required information. BLBA sections 422 and 426 authorize this information collection. See 30 U.S.C. 932 and 936.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0011.

OMB authorization for an ICR cannot be for more than three (3) years without

renewal, and the current approval for this collection is scheduled to expire on March 31, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on November 9, 2016 (81 FRN 78862).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0011. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
