Proposed Collection Title:

Application Process for Clinical Research Training and Medical Education at the NIH Clinical Center, Revision OMB #0925-0698, Expiration date May 31, 2017, National Institutes of Health Clinical Center (CC), National Institutes of Health (NIH).

Need and Use of Information

Collection: The primary objective of the

application process is to allow the Office of Clinical Research Training and Medical Education (OCRTME) at the NIH Clinical Center to evaluate applicants' qualifications to determine applicants' eligibility for courses and training programs managed by the Office. Applicants must provide the required information requested in the respective applications to be considered a candidate for participation. Information submitted by candidates for training programs is reviewed initially by OCRTME administrative staff to establish eligibility for participation.

Eligible candidates are then referred to the designated training program director/administrator or training program selection committee for review and decisions regarding acceptance for participation. A secondary objective of the application process is to track enrollment in courses and training programs over time.

OMB approval is requested for 3 years. There is no cost to respondents other than their time. There are capital, operating, and/or maintenance costs of \$64,448. The total estimated annualized burden hours are 4149.

ESTIMATED ANNUALIZED BURDEN HOURS
