

33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR parts 100 and 165 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for Part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

■ 2. Revise paragraph (c) to read as follows:

* * * * *

(c) Effective date. This section is in effect biennially on a date and times published in the Local Notice To Mariners.

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 3. The authority citation for Part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1; 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 4. Add new section 8.4 and 8.5 to the Table at § 165.173.

§ 165.173 Safety Zones for annually recurring marine events held in Coast Guard Southeastern New England Captain of the Port Zone.

* * * * *

8.4 Fall River Grand Prix

- Event Type: Offshore powerboat race.
- Date: One weekend (Friday, Saturday, & Sunday) in August as announced in the Local Notice to Mariners.
- Time: Approximately 8 a.m. to 5 p.m. daily
- Location: Taunton River, Massachusetts, in the vicinity Fall River and Somerset, MA.
- Safety Zone Dimension: Mt Hope Bay and the Taunton River navigation channel from approximately Mt Hope Bay buoy R10 southwest of Brayton Point channel, and extending approximately two miles to the northeast up to and including Mt Hope Bay buoy C17 north of the Braga Bridge. The safety zone is encompassed by the following coordinates (NAD 83):

Corner	Latitude	Longitude
SW.	41°41.40' N.	71°11.15' W.
NW.	41°41.48' N.	71°11.15' W.
SE.	41°42.33' N.	71°09.40' W.
NE.	41°42.42' N.	71°09.47' W.

8.5 Cape Cod Bay Challenge

- Event Type: Paddleboard excursion.
- Date: One weekend day (Saturday or Sunday) in August.
- Time: Approximately 4:30 a.m. to 4:30 p.m.
- Location: Departing from Scusset Beach, Sandwich, MA, and transiting to Wellfleet Harbor, Wellfleet, MA.
- Position: A line drawn from Scusset Beach at approximate position 41°47' N., 70°30' W., to Wellfleet Harbor at approximate position 41°53' N., 70°02' W. (NAD 83).
- Safety Zone Dimension: Approximately 500 yards extending in each direction from the line described above.

* * * * *

Dated: February 22, 2017.

Richard J. Schultz,

Captain, U.S. Coast Guard, Captain of the Port Southeastern New England.

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R09-OAR-2017-0041; FRL-9958-92-Region 9]

Approval of Arizona Air Plan Revisions, Arizona Department of Environmental Quality and Maricopa County Air Quality Department

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve

revisions to the Arizona Department of Environmental Quality (ADEQ) and Maricopa County Air Quality District (MCAQD) portions of the Arizona State Implementation Plan (SIP). These revisions were submitted by ADEQ in response to EPA's May 22, 2015, finding of substantial inadequacy and SIP call for certain provisions in the SIP related to affirmative defenses applicable to excess emissions during startup, shutdown, and malfunction (SSM) events. EPA is proposing approval of the SIP revisions because the Agency has determined that they are in accordance with the requirements for SIP provisions under the Clean Air Act (CAA or the Act).

DATES: Any comments must arrive by April 10, 2017.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R09-OAR-2017-0041 at http://www.regulations.gov, or via email to Andrew Steckel, Rulemaking Office Chief at Steckel.Andrew@epa.gov. For

comments submitted at Regulations.gov, follow the online instructions for submitting comments. Once submitted, comments cannot be removed or edited from Regulations.gov. For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (i.e., on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the FOR FURTHER INFORMATION CONTACT section. For the full EPA public comment policy, information about CBI or multimedia

submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT: Christine Vineyard, EPA Region IX, (415) 947-4125, vineyard.christine@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, “we,” “us” and “our” refer to the EPA.

- II. What is the background for the EPA’s proposed action?
- III. Why is the EPA proposing this action?
- IV. Proposed Action
- V. Statutory and Executive Order Reviews

I. What action is EPA proposing today?

The EPA is proposing to approve revisions to the Arizona SIP. The revisions will remove from the ADEQ and MCAQD portions of the Arizona SIP provisions related to affirmative defenses that sources could assert in the event of enforcement actions for violations of SIP requirements during SSM events. Removal of the affirmative defense provisions from the SIP will make the ADEQ and MCAQD portions of the SIP consistent with CAA requirements with respect to this issue. ADEQ and MCAQD are retaining the affirmative defenses solely for state law purposes, outside of the SIP. Removal of the affirmative defenses from the SIP is also consistent with the EPA policy for exclusion of “state law only” provisions

from SIPs, and will serve to minimize any potential confusion about the inapplicability of the affirmative defense provisions in federal court enforcement actions. Table 1 lists the rules addressed by this proposal with the dates on which each rule was rescinded by the ADEQ or MCAQD and submitted by the ADEQ in response to EPA’s final action entitled “State Implementation Plans: Response to Petition for Rulemaking; Restatement and Update of EPA’s SSM Policy Applicable to SIPs; Findings of Substantial Inadequacy; and SIP Calls To Amend Provisions Applying to Excess Emissions During Periods of Startup, Shutdown and Malfunction,” 80 FR 33839 (June 12, 2015), hereafter referred to as the “SSM SIP Action.”

TABLE 1—SUBMITTED RULES

Local agency	Rule No.	Rule title	Rescinded	Submitted
ADEQ	R18–2–310	Affirmative Defense for Excess Emissions Due to Malfunctions, Startup, and Shutdown.	09/07/16	11/17/16
MCAQD	140	Excess Emissions	08/17/16	11/18/16

On December 15, 2016 and December 21, 2016, respectively, the EPA determined that the submittals with respect to ADEQ R18–2–310 and MCAQD Rule 140 met the completeness criteria in 40 CFR part 51, appendix V, which must be met before formal EPA review of the submittals for approvability in accordance with applicable CAA requirements.

II. What is the background for the EPA’s proposed action?

On June 12, 2015, pursuant to CAA section 110(k)(5), the EPA published the final SSM SIP Action finding that certain SIP provisions in thirty-six states were substantially inadequate to meet CAA requirements and called on those states to submit SIP revisions to address those inadequacies. 80 FR 33839. As required by the CAA, the EPA established a reasonable deadline (not to exceed 18 months) by which the affected states must submit such SIP revisions. In accordance with the SSM SIP Action, states were required to submit corrective revisions to their SIPs by November 22, 2016. The EPA’s reasoning, legal authority, and responsibility under the CAA for issuing the SIP call to Arizona can be found in the SSM SIP Action.

In the SSM SIP Action, the EPA determined that two provisions in ADEQ Rule R18–2–310, which provide affirmative defenses for excess emissions during malfunctions (AAC § R18–2–310(B)) and for excess

emissions during startup or shutdown (AAC § R18–2–310(C)) were substantially inadequate to meet CAA requirements. Specifically, AAC § R18–2–310(B) and AAC § R18–2–310(C) contain affirmative defense provisions that operate to alter or affect the jurisdiction of federal courts in the event of an enforcement action, contrary to the enforcement structure of the CAA in section 113 and section 304. 80 FR 33971 (June 12, 2015).

In the SSM SIP Action, the EPA also determined that comparable provisions in the MCAQD portion of the SIP were substantially inadequate. MCAQD Regulations provided affirmative defenses for excess emissions during malfunctions (MCAQD Regulation 3, Rule 140, § 401) and for excess emissions during startup or shutdown (MCAQD Regulation 3, Rule 140, § 402). These provisions in MCAQD Rule 140 are similar to the affirmative defense provisions in ADEQ R18–2–310. The EPA concluded that these MCAQD provisions operate to alter or affect the jurisdiction of federal courts in the event of an enforcement action, contrary to the enforcement structure of the CAA in section 113 and section 304. See 80 FR 33972 (June 12, 2015).

On November 17 and 18, 2016, ADEQ made timely submittals in response to the SSM SIP Action. As noted above, the EPA found these submittals complete on December 15 and 16, 2016. In the submittals, ADEQ is requesting

that EPA revise the Arizona SIP by removal of AAC R18–2–310 and MCAQD Rule 140 in their entirety, thereby removing the affirmative defense provisions from the Arizona SIP. This approach is consistent with the EPA’s interpretation of CAA requirements for SIP provisions.

III. Why is the EPA proposing this action?

In the SSM SIP Action, the EPA made a finding of substantial inadequacy and issued a SIP call with respect to ADEQ AAC §§ R18–2–310(B) and R18–2–310(C) and MCAQD Rule 140 §§ 401 and 402, and issued a SIP call with respect to these provisions pursuant to CAA section 110(k)(5). In response, ADEQ made SIP submittals requesting the EPA to remove AAC R18–2–310 and MCAQD Rule 140 from the Arizona SIP in their entirety. Affirmative defense provisions like these are inconsistent with CAA requirements and removal of these provisions would strengthen the SIP. Today’s action, if finalized, would remove the affirmative defense provisions from the ADEQ and MCAQD portions of the EPA-approved SIP for Arizona. The EPA is proposing to find that these revisions are consistent with CAA requirements and that they adequately address the specific SIP deficiencies that the EPA identified in the SSM SIP Action with respect to the ADEQ and MCAQD portions of the Arizona SIP.

IV. Proposed Action

The EPA is proposing to approve the Arizona SIP revisions removing ADEQ R18–2–310 and MCAQD Rule 140 from the ADEQ and MCAQD portions of the Arizona SIP. The EPA is proposing approval of the SIP revisions because the Agency has determined that they are in accordance with the requirements for SIP provisions under the CAA. The EPA is not reopening the SSM SIP Action in this action and is only taking comment on whether this SIP revision is consistent with CAA requirements and whether it addresses the identified substantial inadequacy in the specific Arizona SIP provisions identified in the SSM SIP Action.

V. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve SIP submissions that comply with the provisions of the Act and applicable federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this proposed action merely proposes to approve state requests as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of section 12(d) of the National

Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide the EPA with the discretionary authority to address disproportionate human health or environmental effects with practical, appropriate, and legally permissible methods under Executive Order 12898 (59 FR 7629, February 16, 1994).
- In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Volatile organic compounds.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: January 18, 2017.

Alexis Strauss,

Acting Regional Administrator, Region IX.

40 CFR Part 52

[EPA–R09–OAR–2017–0028; FRL–9958–81–Region 9]

Approval of California Air Plan Revisions, Western Mojave Desert, Rate of Progress Demonstration

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a state implementation plan revision submitted by the State of California to meet Clean Air Act requirements applicable to the Western Mojave Desert (WMD) ozone nonattainment area. The EPA is proposing to approve the initial six-year 15 percent rate of progress demonstration to address requirements for the 1997 8-hour ozone national ambient air quality standards (NAAQS).

DATES: Any comments must arrive by April 10, 2017.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R09–OAR–2017–0028 at <http://www.regulations.gov>, or via email to kelly.thomas@epa.gov. For comments submitted at [Regulations.gov](http://www.Regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be removed or edited from [Regulations.gov](http://www.Regulations.gov). For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system).
