SUPPLEMENTARY INFORMATION:

Throughout this document, “we,” “us” and “our” refer to the EPA. This proposal pertains to the 2008 winter and annual base year emissions inventories in a plan submitted by the California Air Resources Board to address the attainment planning requirements for the Imperial County NA. It also addresses our determination (also referred to as a clean data determination or CDD) that the Imperial County NA has attained the 2006 24-hour PM_{2.5} NAAQS. In the Rules and Regulations section of this issue of the **Federal Register**, we are approving the 2008 winter and annual base year emissions inventories and making this CDD in a direct final action without prior proposal because we believe this SIP revision and CDD are not controversial. If, however, we receive adverse comments we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. If we receive adverse comment on a distinct provision of this rulemaking, we will publish a timely withdrawal in the **Federal Register** indicating which provision we are withdrawing. The provision that is not withdrawn will become effective on the date set out above, notwithstanding adverse comment on the other provision.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: January 3, 2017.

Alexis Strauss,

Acting Regional Administrator, Region IX.

Connect America Fund; Universal Service Reform—Mobility Fund

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: In this document, the Commission seeks comment on the parameters for the process in determining whether areas are eligible for funding under the Mobility Fund Phase II. The Commission established the framework for the Mobility Fund Phase II in a Report and Order—adopted concurrently with the Further Notice of Proposed Rulemaking (*Further Notice*)—but had remaining questions regarding the process in which entities may challenge the areas eligible for support. Therefore, the Commission anticipates that additional comment will allow it to make more informed decisions on the challenge process, thereby making a more robust, targeted challenge process that efficiently resolves disputes about areas eligible for MF-II support.
