

activity is authorized and directed by the Department of Justice (DOJ) to effectuate provisions of Title VI for each program or activity by issuing generally applicable regulations or requirements. The Department of Transportation (DOT) has issued its regulation implementing this DOJ mandate.

In this regard, the responsibility of the FTA is to ensure that Federally-supported transit services and benefits are distributed by applicants, recipients, and sub-recipients of FTA assistance in a manner consistent with Title VI. The employment practices of a grant applicant, recipient, or sub-recipient are also covered under Title VI if the primary purpose of the FTA-supported program is to provide employment or if those employment practices would result in discrimination against beneficiaries of FTA-assisted services and benefits.

FTA policies and requirements are designed to clarify and strengthen Title VI (service equity) procedures for FTA grant recipients by requiring submission of written plans and approval of such plans by the agency. All project sponsors receiving financial assistance pursuant to an FTA-funded project shall not discriminate in the provision of services because of race, color, or national origin. Experience has demonstrated that a program requirement at the application stage is necessary to assure that benefits and services are equitably distributed by grant recipients. The requirements prescribed by the Office of Civil Rights are designed to accomplish this objective and diminish possible vestiges of discrimination among FTA grant recipients. FTA's assessment of the requirements indicated that the formulation and implementation of the Title VI Program should occur with a decrease in costs to such applicants and recipients.

Title: Over the Road Bus (OTRB) Accessibility Program (OMB Number: 2132-0570).

Background: The Over-the-Road Bus (OTRB) Accessibility Program was authorized under section 3038 of the Transportation Equity Act for the 21st Century (TEA-21), Public Law 105-85, as amended by the Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users (SAFETEA-LU), Public Law 109-059, August 10, 2005. OTRBs funding was used in intercity fixed route service as well as other services, such as commuter, charter and tour bus services. These services were an important element of the U.S. transportation system. TEA-21 authorized FTA's OTRB Accessibility Program to assist OTRB operators in complying with the Department's OTRB Accessibility regulation, "Transportation for Individuals with Disabilities" (49 CFR part 37, subpart H). The legislative intent of this grant program was to increase the number of wheelchair accessible OTRBs available to persons with disabilities throughout the country. The Over the Road Bus

Program was repealed by Congress under the Moving Ahead for Progress in the 21st Century Act (MAP-21). However, funds previously authorized for programs repealed by MAP-21 remain available for their originally authorized purposes until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated. To meet program oversight responsibilities, FTA must continue to collect information until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated.

Respondents: Charter/tour service operators, fixed route companies, small mixed service operators.

Estimated Annual Burden on Respondents: 8 hours for each of the respondents.

Estimated Total Annual Burden: 600 hours.

Frequency: Annual.
