#### Natural Gas Pipeline Company of America, LLC; Notice of Schedule for Environmental Review of the Gulf Coast Expansion Project

On August 1, 2016, Natural Gas Pipeline Company of America, LLC (Natural) filed an application in Docket No. CP16-488-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(b) and (c) of the Natural Gas Act to construct and abandon certain natural gas pipeline facilities. The proposed project is known as the Gulf Coast Expansion Project (Project) and would involve construction and abandonment of facilities in Wharton and Cass Counties, Texas, to transport 460,000 dekatherms per day of natural gas supplies to an existing delivery point in the South Texas Gulf Coast area.

Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's Environmental Assessment (EA) for the Project. This instant notice identifies the FERC staff's planned schedule for the completion of the EA for the Project.

#### Schedule for Environmental Review

Issuance of EA—April 21, 2017.

90-day Federal Authorization Decision Deadline—July 20, 2017.
