

19(b)(3)(A)(iii) of the Act¹¹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹²

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing.¹³ Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.¹⁴

The Exchange has requested that the Commission waive the 30-day operative delay. The Exchange asserts that the proposed rule change does not present any new, unique, or substantive issues and that the proposal is substantially similar to a program in place at Bats BZX Exchange, Inc.¹⁵ Based on the foregoing, the Commission believes that it is consistent with the protection of investors and the public interest to waive the 30-day operative delay so that the proposal may take effect upon filing.¹⁶ At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
