*Operational Risk Schedule*

**Burden Estimates**

The FDIC estimates that the proposed revisions will not affect the burden estimates of this information collection. The vast majority of the deleted schedules are applicable only to institutions with total assets greater than \$250 billion or with foreign exposure greater than \$10 billion. The FDIC does not supervise any state nonmember banks or state savings associations that meet that definition. Accordingly, in the case of the FDIC, the majority of the deleted schedules were not being used and the burden will remain as follows:

*Number of Respondents:*<sup>8</sup> 5.

*Annual Burden per Respondent:* 1,114.

*Total Annual Burden:* 5,570.

The FDIC recognizes that the Board requires bank holding companies to prepare the templates for the FR Y-14A. The FDIC believes that the systems covered institutions use to prepare the FR Y-14A reporting templates will also be used to prepare the reporting templates described in this notice.

**Request for Comment**

Comments continue to be invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the FDIC, including whether the information has practical utility;

(b) The accuracy of the FDIC's estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
