

NUCLEAR REGULATORY COMMISSION

[NRC–2017–0041]

Preparation of Environmental Reports for Nuclear Power Stations

AGENCY: Nuclear Regulatory Commission.

ACTION: Draft regulatory guide; extension of comment period.

SUMMARY: On February 13, 2017, the U.S. Nuclear Regulatory Commission (NRC) issued for public comment draft regulatory guide (DG) DG–4026, “Preparation of Environmental Reports for Nuclear Power Stations,” for a 60-day public comment period. However, the NRC staff is extending the public comment period from April 14, 2017 to May 31, 2017, based upon a letter from the Nuclear Energy Institute (NEI) that requested additional time in order to perform a comprehensive review of the DG and to consolidate industry comments. This DG provides guidance to applicants for format and content of environmental reports (ERs) that are submitted as part of an applicant for a permit, license, or other authorization to site, construct, and/or operate a new nuclear power plant.

DATES: The due date of comments requested in the document published on February 13, 2017 (82 FR 10502), is extended. Comments should be filed no later than May 31, 2017. Comments received after this date will be considered, if it is practical to do so, but the NRC is able to ensure consideration only for comments received on or before this date. Although a time limit is given, comments and suggestions in connection with items for inclusion in guides currently being developed or improvements in all published guides are encouraged at any time.

RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

Summary: In accordance with the Paperwork Reduction Act of 1995, the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or

other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

1. Title and purpose of information collection: Application and Claim for Unemployment Benefits and Employment Service; OMB 3220-0022.

Section 2 of the Railroad Unemployment Insurance Act (RUIA), provides unemployment benefits for qualified railroad employees. These benefits are generally payable for each day of unemployment in excess of four during a registration period (normally a period of 14 days).

Section 12 of the RUIA provides that the RRB establish, maintain and operate free employment facilities directed toward the reemployment of railroad employees. The procedures for applying for the unemployment benefits and employment service and for registering and claiming the benefits are prescribed in 20 CFR 325. 20 CFR 321 provides for applying and filing claims for unemployment benefits electronically.

The RRB utilizes the following forms to collect the information necessary to pay unemployment benefits. Form UI-1 (or its Internet equivalent, Form UI-1 (Internet)), *Application for Unemployment Benefits and Employment Service*, is completed by a claimant for unemployment benefits once in a benefit year, at the time of first registration. Completion of Form UI-1 or UI-1 (Internet) also registers an unemployment claimant for the RRB's employment service.

The RRB also utilizes Form UI-3 (or its Internet equivalent Form UI-3

(Internet)), *Claim for Unemployment Benefits*, for use in claiming unemployment benefits for days of unemployment in a particular registration period, normally a period of 14 days.

Completion of Forms UI-1, UI-1 (Internet), UI-3, and UI-3 (Internet) is required to obtain or retain benefits. The number of responses required of each claimant varies, depending on their period of unemployment.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (82 FR 5614 on January 18, 2017) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Information Collection Request (ICR)

Title: Application and Claim for Unemployment Benefits and Employment Service.

OMB Control Number: 3220-0022.

Forms submitted: UI-1, UI-1 (Internet), UI-3, UI-3 (Internet).

Type of request: Extension without change of a currently approved collection.

Affected public: Individuals or Households.

Abstract: Under Section 2 of the Railroad Unemployment Insurance Act, unemployment benefits are provided for qualified railroad employees. The collection obtains the information needed to determine the eligibility to and amount of such benefits for railroad employees.

Changes proposed: The RRB proposes no changes to the forms in the collection.

The burden estimate for the ICR is as follows:

Form No.	Annual responses	Time (minutes)	Burden (hours)
UI-1	8,003	10	1,334
UI-1 (Internet)	5,542	10	924
UI-3	37,584	6	3,758
UI-3 (Internet)	45,011	6	4,501
Total	96,140	10,517

2. Title and Purpose of information collection: Public Service Pension Questionnaires; OMB 3220-0136.

Public Law 95-216 amended the Social Security Act of 1977 by providing, in part, that spouse or survivor benefits may be reduced when the beneficiary is in receipt of a pension based on employment with a Federal, State, or local governmental unit. Initially, the reduction was equal to the full amount of the government pension.

Public Law 98-21 changed the reduction to two-thirds of the amount of the government pension.

Public Law 108-203 amended the Social Security Act by changing the requirement for exemption to a public service offset, so that Federal Insurance Contributions Act (FICA) taxes are deducted from the public service wages for the last 60 months of public service employment, rather than just the last day of public service employment.

Sections 4(a)(1) and 4(f)(1) of the Railroad Retirement Act (RRA) provides that a spouse or survivor annuity should be equal in amount to what the annuitant would receive if entitled to a like benefit from the Social Security Administration. Therefore, the public service pension (PSP) provisions apply to RRA annuities.
