SUPPLEMENTARY INFORMATION: Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App. 2), we are giving notice of a meeting of the ARAC taking place on April 20, 2017, at the Federal Aviation Administration, 800 Independence

Avenue SW., Washington, DC 20591.

The purpose of this meeting is to consider one or more new ARAC tasks.

Improvement of regulations is a continuous focus for the Department. Accordingly, the Department regularly makes a conscientious effort to review its rules in accordance with the Department's 1979 Regulatory Policies and Procedures (44 FR 11034, February 26, 1979), Executive Order 12866, Executive Order 13563, and section 610 of the Regulatory Flexibility Act. Through two new Executive Orders, President Trump directed agencies to further scrutinize its regulations. On January 30, 2017, President Trump signed Executive Order 13771 titled "Reducing Regulation and Controlling Regulatory Costs (EO)." Under Section 2a of that Executive Order, unless prohibited by law, whenever an executive department or agency publicly proposes for notice and comment or otherwise promulgates a new regulation, it shall identify at least two existing regulations to be repealed.

In addition, on February 24, 2017, President Trump signed Executive Order 13777 titled "Enforcing the Regulatory Reform Agenda." Under this Executive Order, each agency is required to establish a Regulatory Reform Task Force (RRTF) to evaluate existing regulations, and make recommendations for their repeal, replacement, or modification. As part of this process, the Department is directed to seek input/assistance from entities significantly affected by its regulations. Accordingly, the agenda for this ARAC meeting will be to task ARAC to consider (1) recommendations on existing regulations that are good candidates for repeal, replacement, or modification and (2) recommendations on regulatory action identified in FAA's Regulatory Agenda.

The ARAC will also consider the new task Flight Test Harmonization Working Group- Transport Airplane Performance and Handling Characteristics, Phase 3 that was on the agenda for the March 16, 2017, ARAC meeting. At that meeting, all discussions on new tasks were postponed to later ARAC meetings.
