

through the Cajon Pass and the San Bernardino National Forest, terminating at the Moreno Pressure Limiting Station in the City of Moreno Valley. Approximately eight miles of the proposed pipeline and associated temporary construction areas would have crossed lands subject to Forest Service jurisdiction. The balance of the alignment crossed through non-federal land in San Bernardino and Riverside Counties along public roads. The project would have needed approval by both the Forest Service and the CPUC, and the project is not viable with the CPUC decision to deny the application.

Several agencies had agreed to be cooperating agencies for the NEPA review, including the Environmental Protection Agency, the California State Water Resources Control Board, San Bernardino County, and the Mojave Desert Air Quality Management District. Cooperative activities between the Forest Service and those agencies with respect to the proposed EIR/EIS have ended.

**Foreign-Trade Zone (FTZ) 7—  
Mayaguez, Puerto Rico, Notification of  
Proposed Production Activity, MSD  
International GMBH (Puerto Rico  
Branch) LLC, (Pharmaceuticals), Las  
Piedras, Puerto Rico**

MSD International GMBH (Puerto Rico Branch) LLC (MSD), operator of Subzone 7G, submitted a notification of proposed production activity to the FTZ Board for its facility in Las Piedras, Puerto Rico within Subzone 7G. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on March 28, 2017.

MSD already has authority to produce certain pharmaceutical products within Subzone 7G. The current request would add a finished pharmaceutical product and a foreign status material/component

to the scope of authority. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt MSD from customs duty payments on the foreign-status components used in export production. On its domestic sales, MSD would be able to choose the duty rates during customs entry procedures that apply to anacetrapib pharmaceutical tablets for treatment of cardiovascular disease (duty free) for the foreign-status material/component noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The component/material sourced from abroad is anacetrapib (duty rate 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 15, 2017.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

These rules, including electronic filing requirements via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"), can be found at 19 CFR 351.303.<sup>1</sup>

This notice serves as a reminder that any party submitting factual information in an AD/CVD proceeding must certify to the accuracy and completeness of that information.<sup>2</sup> Parties are hereby reminded that revised certification requirements are in effect for company/government officials as well as their representatives in these segments.<sup>3</sup> The formats for the revised certifications are provided at the end of the *Final Rule*. The Department intends to reject factual submissions if the submitting party does not comply with the revised certification requirements.

On April 10, 2013, the Department modified two regulations related to AD/CVD proceedings: the definition of factual information (19 CFR 351.102(b)(21)), and the time limits for the submission of factual information (19 CFR 351.301).<sup>4</sup> Parties are advised to review the final rule, available at <http://enforcement.trade.gov/frn/2013/1304frn/2013-08227.txt>, prior to submitting factual information in these segments. ### Letters of Appearance and Administrative Protective Orders

Pursuant to 19 CFR 351.103(d), the Department will maintain and make available a public service list for these proceedings. Parties wishing to participate in any of these five-year reviews must file letters of appearance as discussed at 19 CFR 351.103(d). To facilitate the timely preparation of the public service list, it is requested that those seeking recognition as interested parties to a proceeding submit an entry of appearance within 10 days of the publication of the Notice of Initiation.

Because deadlines in Sunset Reviews can be very short, we urge interested parties who want access to proprietary information under administrative protective order ("APO") to file an APO application immediately following publication in the **Federal Register** of this notice of initiation. The Department's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304-306.

### Information Required From Interested Parties

Domestic interested parties, as defined in section 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b), wishing to participate in a Sunset Review must respond not later than 15 days after the date of publication in the **Federal Register** of this notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department's regulations, if we do not receive a notice of intent to participate from at least one domestic interested

party by the 15-day deadline, the Department will automatically revoke the order without further review.<sup>6</sup>

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department's regulations provide that *all parties* wishing to participate in a Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of this notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic parties. Also, note that the Department's information requirements are distinct from the Commission's information requirements. Consult the Department's regulations for information regarding the Department's conduct of Sunset Reviews. Consult the Department's regulations at 19 CFR part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).
