

Respondents: Business or other for profit entities; Not for profit institutions.

Number of Respondents/Responses: 3,300 respondents; 3,950 responses.

Estimated Hours per Response: 0.5 hours—1 hour.

Frequency of Response: On occasion reporting requirement, Third party disclosure requirement.

Total Annual Burden: 2,050 hours.

Total Annual Cost: No cost.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in section 4(i) of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Act Assessment: No impact(s).

Needs and Uses: The Commission is revising this collection to reflect the Commission's adoption of a Report and Order ("R&O") in MB Docket No. 16–161, FCC 17–3, In the Matter of Revisions to Public Inspection File Requirements—Broadcaster Correspondence File and Cable Principal Headend Location, adopted on January 31, 2017. The R&O removes and reserves 47 CFR Section 76.1708. This collection is being resubmitted as a result of the final rule—initially submitted at the proposed rule stage. The Commission is now seeking final approval from the information collection requirements from the Office of Management and Budget (OMB).

While it appears that the general public does not need access to it, principal headend information must be made available to certain entities, including the FCC and local television stations. The R&O requires that this information be made available upon request.

Federal Communications Commission.

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before June 2, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele at (202) 418–2991.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's

burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

OMB Control Number: 3060–1224.

Title: Reverse Auction (Auction 1001) Incentive Payment Instructions from the Reverse Auction Winning Bidder.

Form Number: FCC Form 1875.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions and state, local or tribal government.

Number of Respondents and Responses: 750 respondents; 1,500 responses.

Estimated Time per Response: 2.5 hours.

Frequency of Response: One-time reporting requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in the Middle Class Tax Relief and Job Creation Act of 2012, Pub. L. 112–96 (Spectrum Act) § 6403(a)(1).

Total Annual Burden: 3,750 hours.

Total Annual Cost: No Cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: The information collection includes information identifying bank accounts and providing account and routing numbers to access those accounts. FCC considers that information to be records not routinely available for public inspection under 47 CFR 0.457, and exempt from disclosure under FOIA exemption 4 (5 U.S.C. 552(b)(4)).

Needs and Uses: The Spectrum Act mandates “a reverse auction to determine the amount of compensation that each broadcast television licensee would accept in return for voluntarily relinquishing some or all of its broadcast television spectrum usage rights in order to make spectrum available for assignment through a system of competitive bidding”.¹

The Commission conducted notice-and-comment rulemaking to implement the Spectrum Act, and ruled in the Incentive Auction Report and Order that:

“we adopt the Commission's proposal to require successful bidders in the reverse

auction to submit additional information to facilitate incentive payments. As mentioned in the NPRM, we envision that the information would be submitted on standardized incentive payment forms similar to the Automated Clearing House (“ACH”) forms unsuccessful bidders in typical spectrum license auctions use to request refunds of their deposits and upfront payments. This information collection is necessary to facilitate incentive payments and should not be burdensome to successful bidders. Specifically, without further instruction and bank account information from successful bidders, the Commission would not know where to send the incentive payments.” [footnotes omitted]²

The information collection for which we are requesting approval is the standardized incentive payment form referred to in the paragraph above.

Secretary, Office of the Secretary.
