**Critical Circumstances**

With regard to the ITC’s negative critical circumstances determination on imports of stainless sheet and strip from the PRC, we will instruct CBP to lift suspension and to refund any cash deposits made to secure the payment of estimated antidumping duties with respect to entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after June 21, 2016 (i.e., 90 days prior to the date of the publication of the *AD Preliminary Determination*), but before September 19, 2016 (i.e., the date of publication of the *AD Preliminary Determination*).

**Notifications to Interested Parties**

This notice constitutes the antidumping duty order with respect to stainless sheet and strip from the PRC, pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

This order is issued and published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: March 28, 2017.

**Ronald K. Lorentzen,**

*Acting Assistant Secretary for Enforcement and Compliance.*

**Attachment I—Scope of the Orders**

The merchandise covered by this order is stainless steel sheet and strip, whether in coils or straight lengths. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject sheet and strip is a flat-rolled product with a width that is greater than 9.5 mm and with a thickness of 0.3048 mm and greater but less than 4.75 mm, and that is annealed or otherwise heat treated, and pickled or otherwise descaled. The subject sheet and strip may also be further processed (e.g., cold-rolled, annealed, tempered, polished, aluminized, coated, painted, varnished, trimmed, cut, punched, or slit, etc.) provided that it maintains the specific dimensions of sheet and strip set forth above following such processing. The products described include products regardless of shape, and include products of either rectangular or non-rectangular cross-section where such cross-section is achieved

subsequent to the rolling process, i.e., products which have been “worked after rolling” (e.g., products which have been beveled or rounded at the edges).

For purposes of the width and thickness requirements referenced above: (1) Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set forth above; and (2) where the width and thickness vary for a specific product (e.g., the thickness of certain products with non-rectangular cross-section, the width of certain products with non-rectangular shape, etc.), the measurement at its greatest width or thickness applies.

All products that meet the written physical description, and in which the chemistry quantities do not exceed any one of the noted element levels listed above, are within the scope of this order unless specifically excluded.

Subject merchandise includes stainless steel sheet and strip that has been further processed in a third country, including but not limited to cold-rolling, annealing, tempering, polishing, aluminizing, coating, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of the order if performed in the country of manufacture of the stainless steel sheet and strip.

Excluded from the scope of this order are the following: (1) Sheet and strip that is not annealed or otherwise heat treated and not pickled or otherwise descaled; (2) plate (i.e., flat-rolled stainless steel products of a thickness of 4.75 mm or more); and (3) flat wire (i.e., cold-rolled sections, with a mill edge, rectangular in shape, of a width of not more than 9.5 mm).

The products under order are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7219.13.0031, 7219.13.0051, 7219.13.0071, 7219.13.0081, 7219.14.0030, 7219.14.0065, 7219.14.0090, 7219.23.0030, 7219.23.0060, 7219.24.0030, 7219.24.0060, 7219.32.0005, 7219.32.0020, 7219.32.0025, 7219.32.0035, 7219.32.0036, 7219.32.0038, 7219.32.0042, 7219.32.0044, 7219.32.0045, 7219.32.0060, 7219.33.0005, 7219.33.0020, 7219.33.0025, 7219.33.0035, 7219.33.0036, 7219.33.0038, 7219.33.0042, 7219.33.0044, 7219.33.0045, 7219.33.0070, 7219.33.0080, 7219.34.0005, 7219.34.0020, 7219.34.0025, 7219.34.0030, 7219.34.0035, 7219.34.0050, 7219.35.0005, 7219.35.0015, 7219.35.0030, 7219.35.0035, 7219.35.0050, 7219.90.0010, 7219.90.0020, 7219.90.0025, 7219.90.0060, 7219.90.0080, 7220.12.1000, 7220.12.5000, 7220.20.1010, 7220.20.1015, 7220.20.1060,

**SUPPLEMENTARY INFORMATION:**

**Background**

Section 771(18)(A) of the Act defines the term “nonmarket economy country” as any foreign country determined by the Department not to “operate on market principles of cost or pricing structures, so that sales of merchandise in such country do not reflect the fair value of the merchandise.”

The Department has treated the PRC as an NME country in all past antidumping duty investigations and administrative reviews. *See, e.g., Seamless Refined Copper Pipe and Tube From the People’s Republic of China: Preliminary Results and Partial Rescission of Administrative Review; 2012–2013*, 79 FR 71089 (December 1, 2014), unchanged in *Seamless Refined Copper Pipe and Tube From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2012–2013*, 80

FR 32087 (June 5, 2015); *Notice of Final Determination of Sales at Less Than Fair Value, and Affirmative Critical Circumstances, In Part: Certain Lined Paper Products From the People’s Republic of China*, 71 FR 53079 (September 8, 2006); *Final Determination of Sales at Less Than Fair Value: Certain Paper Clips from the People’s Republic of China*, 59 FR 51168 (October 7, 1994). The Department last reviewed the PRC’s NME status in 2006 and determined to continue to treat the PRC as an NME country. *See* Memorandum for David M. Spooner, Assistant Secretary for Import Administration, “Antidumping Duty Investigation of Certain Lined Paper Products from the People’s Republic of China (“China”)—China’s Status as a Non-Market Economy (“NME”)” (August 30, 2006) (2006 PRC NME Determination), available at <http://enforcement.trade.gov/download/prc-nme-status/prc-lined-paper-memo-08302006.pdf>.

**Initiation of Inquiry**

As part of the less-than-fair-value investigation of certain aluminum foil from the People’s Republic of China,<sup>1</sup> and pursuant to its authority under section 771(18)(C)(ii) of the Act, which states that the Department may make a determination with respect to a country’s NME status “at any time,” the Department is initiating an inquiry into the PRC’s status as an NME country. The Department intends to issue its final determination regarding this review of the PRC’s NME status prior to the issuance of the Department’s preliminary determination in this investigation.<sup>2</sup>

The Department is conducting this inquiry to solicit and collect the most recent information following the December 11, 2016, change in the PRC’s Protocol of Accession to the World Trade Organization. This inquiry is being conducted solely pursuant to section 771(18) of the Act. Until such time that the Department’s determination of the PRC as an NME country may be revoked as set forth in section 771(18)(C)(i) of the Act, the PRC remains a nonmarket economy under the antidumping and countervailing duty laws.

<sup>1</sup> *See Certain Aluminum Foil from the People’s Republic of China: Initiation of Less-Than-Fair-Value Investigation*, signed March 28, 2017.

<sup>2</sup> Once the Department issues its final determination regarding this inquiry into the PRC’s status as an NME country, the Department will consider whether to seek additional information from interested parties to the investigation for purposes of calculating normal value.

**Opportunity for Public Comment and Information**

As part of this inquiry to review the PRC’s NME status, the Department is interested in receiving public comment and information with respect to the PRC on the following factors enumerated by section 771(18)(B) of the Act, which the Department must take into account in making a market/nonmarket economy determination:

- (i) The extent to which the currency of the foreign country is convertible into the currency of other countries;
- (ii) the extent to which wage rates in the foreign country are determined by free bargaining between labor and management;
- (iii) the extent to which joint ventures or other investments by firms of other foreign countries are permitted in the foreign country;
- (iv) the extent of government ownership or control of the means of production;
- (v) the extent of government control over allocation of resources and over price and output decisions of enterprises; and
- (vi) such other factors as the administering authority considers appropriate.

As specified above, to be assured of consideration, any comments and information must be received no later than May 3, 2017.

This notice is issued and published pursuant to section 771(18)(C)(ii) of the Act.

Dated: March 29, 2017.
