

(202) 482-2201 and (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 1, 1993, the Department published the AD order on wire rods from India.¹ On December 1, 2016, the Department published the notice of initiation of the fourth sunset review of the AD order on wire rods,² pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).

On December 13, 2016, the Department received a notice of intent to participate on behalf of Carpenter Technology Corporation, North American Stainless, and Universal Stainless & Alloy Products, Inc. (collectively, the domestic interested parties) within the 15-day period specified in 19 CFR 351.218(d)(1)(i). The domestic interested parties claimed interested party status under section 771(9)(C) of the Act as manufacturers in the United States of a domestic like product for the proceeding.

On January 3, 2017, the Department received a complete substantive response to the *Notice of Initiation* from the domestic interested parties within the 30-day period, specified in 19 CFR 351.218(d)(3)(i).³ We received no substantive responses from any respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of the AD order on wire rods from India.

Scope of the Order

The merchandise covered by the AD order is certain stainless steel wire rods from India, which are hot-rolled or hot-rolled annealed and/or pickled rounds, squares, octagons, hexagons or other shapes, in coils. The wire rods subject to this order are currently classifiable under subheadings 7221.00.0005, 7221.00.0017, 7221.00.0018, 7221.00.0030, 7221.00.0045, and 7221.00.0075 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the

merchandise subject to the order is dispositive.⁴

Analysis of Comments Received

All issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order is revoked, are addressed in the Issues and Decision Memorandum, which is hereby adopted by this notice.⁵ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn>.

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, the Department determines that revocation of the AD order on wire rods from India would be likely to lead to continuation or recurrence of dumping, and that the margins likely to prevail would be weighted-average margins up to 48.80 percent.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to the parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

We are issuing and publishing the final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act and 19 CFR 351.221(c)(5)(ii).

¹ Antidumping Duty Order: Certain Stainless Steel Wire Rods from India, 58 FR 63335 (December 1, 1993).

² See *Initiation of Five-Year ("Sunset") Review*, 81 FR 86697 (December 1, 2016) (*Notice of Initiation*).

³ See Letter from domestic interested parties regarding "Five-Year (Sunset) Review of the Antidumping Duty Order on Stainless Steel Wire Rod From India—Petitioners' Substantive Response," dated January 3, 2017.

⁴ See Memorandum from Associate Deputy Assistant Secretary Gary Taverman to Acting Assistant Secretary Ronald K. Lorentzen entitled, "Issues and Decision Memorandum for the Final Results of the Expedited Sunset Review of the Antidumping Duty Order on Certain Stainless Steel Wire Rods from India," dated concurrently with this notice (Issues and Decision Memorandum), at 2, for a full description of the scope of the order.

⁵ See Issues and Decision Memorandum.

Dated: March 30, 2017.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

Foreign-Trade Zones Board

[S-17-2017]

Approval of Subzone Status; Orgill, Inc.; Post Falls, Idaho

On February 9, 2017, the Executive Secretary of the Foreign-Trade Zones (FTZ) Board docketed an application submitted by the Southwest Idaho Manufacturers' Alliance, grantee of FTZ 280, requesting subzone status subject to the existing activation limit of FTZ 280, on behalf of Orgill, Inc., in Post Falls, Idaho.

The application was processed in accordance with the FTZ Act and Regulations, including notice in the **Federal Register** inviting public comment (82 FR 10742-10743, February 15, 2017). The FTZ staff examiner reviewed the application and determined that it meets the criteria for approval. Pursuant to the authority delegated to the FTZ Board Executive Secretary (15 CFR 400.36(f)), the application to establish Subzone 280B is approved, subject to the FTZ Act and the Board's regulations, including Section 400.13, and further subject to FTZ 280's 2,000-acre activation limit.

Dated: March 30, 2017.

Andrew McGilvray,

Executive Secretary.

Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before April 26,

2017. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5:00 p.m. at the U.S. Department of Commerce in Room 3720.

Docket Number: 16–023. *Applicant:* Princeton University, 701 Carnegie Center, Princeton, NJ 08540. *Instrument:* Electron Microscope. *Manufacturer:* FEI Company, Czech Republic. *Intended Use:* The instrument will be used for room temperature imaging, quantitative chemical analysis/mapping, and electron diffraction. *Justification for Duty-Free Entry:* There are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs:* November 30, 2016.

Docket Number: 16–027. *Applicant:* Yale University, 333 Cedar St., New Haven, CT 06510. *Instrument:* OneFive Laser System Katana-08 HP. *Manufacturer:* Onfive, Switzerland. *Intended Use:* The instrument will be used as a depletion source to saturate STED depletion profile in samples containing both endogenously expressed fluorescent proteins as well as antibody labeled organic dyes. The experiments require a high power pulsed depletion source at a wavelength of 775 nm to saturate the depletion profile in STED microscopy to achieve resolution below the diffraction limit. The picosecond pulse profile is needed to synchronize the depletion pulse with the excitation pulse. Minimal after pulse tail and sub 100 ps pulse width are also required. *Justification for Duty-Free Entry:* There are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs:* December 16, 2016.

Docket Number: 17–001. *Applicant:* Barnard College, 3009 Broadway, New York, NY 10027. *Instrument:* Positioner for a prototype Schwarzschild Couder Telescope (pSCT). *Manufacturer:* DESY-DeutschesElektronen-Synchrotron, Germany. *Intended Use:* The instrument will be used to point the pSCT at astrophysical gamma-ray sources to detect and measure optical Cherenkov light flashes produced in the Earth's atmosphere by very high energy gamma ray photons. The instrument is a unique piece constructed as part of a design project called the Cherenkov Telescope Array (CTA), which is being developed by the international astronomical community. DESY is the only company who builds an instrument of this kind. *Justification for Duty-Free Entry:* There

are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs:* January 10, 2017.

Dated: March 31, 2017.

Lafayette College; Notice of Decision on Application for Duty-Free Entry of Scientific Instruments

This is a decision pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89–651, as amended by Pub. L. 106–36; 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5:00 p.m. in Room 3720, U.S. Department of Commerce, 14th and Constitution Ave NW., Washington, DC.

Docket Number: 16–020. *Applicant:* Lafayette College, Easton, PA 18042. *Instrument:* High Power Q-Switched Diode-Pumped Solid State Laser. *Manufacturer:* EdgeWave GMBH, Germany. *Intended Use:* See notice at 81 FR 89434, December 12, 2016. *Comments:* None received. *Decision:* Approved. We know of no instruments of equivalent scientific value to the foreign instruments described below, for such purposes as this is intended to be used, that was being manufactured in the United States at the time of order. *Reasons:* The instrument will be used to study time-dependent finite chemical rate and mixing effects in turbulent combustion and the investigation of coherent structures in turbulent boundary layers. The instrument is approximately 10 times more powerful than any other high-repetition diode-pumped solid state available from a U.S. manufacturer. Techniques to be performed include Planar Laser Induced Fluorescence imaging, exploiting the high-repetition rate and tenability features of the instrument.

Dated: March 31, 2017.

National Institute of Standards and Technology

Manufacturing Extension Partnership Advisory Board

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice of open meeting.

SUMMARY: The National Institute of Standards and Technology (NIST) announces that the Manufacturing Extension Partnership (MEP) Advisory Board will hold an open meeting on April 30, 2017.

DATES: The meeting will be held Sunday, April 30, 2017, from 8:00 a.m. to 5:30 p.m. Eastern Time.

ADDRESSES: The meeting will be held at the Hyatt Regency Denver at the Colorado Convention Center, 650 15th St. Denver, CO 80202. Please note admittance instructions in the **SUPPLEMENTARY INFORMATION** section below.

FOR FURTHER INFORMATION CONTACT: Cheryl L. Gendron, Manufacturing Extension Partnership, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 4800, Gaithersburg, Maryland 20899–4800, telephone number (301) 975–2785, email: Cheryl.Gendron@nist.gov.

SUPPLEMENTARY INFORMATION: The MEP Advisory Board is authorized under Section 3003(d) of the America COMPETES Act (Pub. L. 110–69), as amended by the American Innovation and Competitiveness Act, Public Law 114–329 sec. 501 (2017), and codified at 15 U.S.C. 278k(m), in accordance with the provisions of the Federal Advisory Committee Act, as amended, 5 U.S.C. App. The Hollings MEP Program (Program) is a unique program, consisting of centers in each state and Puerto Rico with partnerships at the state, federal, and local levels. By statute, the MEP Advisory Board provides the NIST Director with: (1) Advice on the activities, plans, and policies of the Program; (2) assessments of the soundness of the plans and strategies of the Program; and (3) assessments of current performance against the plans of the Program.

Background information on the MEP Advisory Board is available at <http://www.nist.gov/mep/about/advisory-board.cfm>.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. App., notice is hereby given that the MEP Advisory Board will hold an open meeting on Sunday, April 30, 2017,
