Information Collection Request Title: NURSE Corps Loan Repayment Program OMB No. 0915-0140—Revision.

Abstract: The NURSE Corps Loan Repayment Program (NURSE Corps LRP) assists in the recruitment and retention of professional Registered Nurses (RNs), including advanced practice RNs (e.g., nurse practitioners, certified registered nurse anesthetists, certified nurse-midwives, clinical nurse specialists), dedicated to working at eligible health care facilities with a critical shortage of nurses (e.g., a Critical Shortage Facility) or working as nurse faculty in eligible, accredited schools of nursing, by decreasing the financial barriers associated with pursuing a nursing profession. The NURSE Corps LRP provides loan repayment assistance to these nurses to repay a portion of their qualifying educational loans in exchange for full-time service at a public or private nonprofit Critical Shortage Facility or in an eligible, accredited school of nursing.

Need and Proposed Use of the Information: The information is used to consider an applicant for a NURSE Corps LRP contract award and to monitor a participant's compliance with

the service requirements. Individuals must submit an application to participate in the program. The application asks for personal, professional, educational, and financial information required to determine the applicant's eligibility to participate in the NURSE Corps LRP. The semi-annual employment verification form asks for personal and employment information to determine if a participant is in compliance with the service requirements. The Authorization to Release Employment Information form has been revised as a self-certification within the NURSE Corps LRP application process, with applicants clicking a box. This contributes to a decrease in the overall burden by 550 hours.

Likely Respondents: Professional RNs or advanced practice RNs who are interested in participating in the NURSE Corps LRP, and official representatives at their service sites.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

Total Estimated Annualized Burden Hours:

The estimates of reporting burden for applicants are as follows:

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
NURSE Corps LRP Application *	5,500	1	5,500	2.0	11,000
Authorization to Release Employment Information Form	5,500	1	5,500	.10	550
Total	5,500	11,000	11,550

* The burden hours associated with this instrument account for both new and continuation applications. Additional (uploaded) supporting documentation is included as part of this instrument and reflected in the burden hours.

The estimates of reporting burden for participants are as follows:

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Participant Semi-Annual Employment Verification Form	2,300	2	4,600	.5	2,300
Total	2,300	4,600	2,300
Total for Applicants and Participants	7,800	15,600	13,850

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Committee on Vital and Health Statistics: Meeting

Pursuant to the Federal Advisory Committee Act, the Department of Health and Human Services (HHS) announces the following advisory committee meeting.

Name: National Committee on Vital and Health Statistics (NCVHS), Standards Subcommittee Meeting.

Date and Times: Wednesday, May 3, 2017: 9:00 a.m.–5:30 p.m. (EDT).

Place: U.S. Department of Health and Human Services, Hubert H. Humphrey Building, 200 Independence Avenue, SW., Room 800, Washington, DC 20201, (202) 690-7100.

Status: Open. There will be an open comment period during the final 15 minutes of the Subcommittee meeting.

Purpose:

Health Insurance Portability and Accountability Act (HIPAA) legislation from 1996, as amended, directed the Secretary of HHS to publish regulations implementing a unique health plan identifier (HPID) for health plans (covered entities under the law). In September 2012, HHS published a final rule requiring health plans to obtain a health plan identifier by November 2014. The regulation also permitted other entities to obtain an identifier on a voluntary basis. Any entity that

obtained an identifier was to begin using it in HIPAA transactions by November 2015. Small health plans would begin using the identifier by November 2016.

In February and June of 2014, NCVHS held meetings on the HPID final rule. Following both hearings, NCVHS sent letters to the HHS Secretary stating that the industry was confused about the HPID policy, terminology and the affected entities, and that reporting the HPID in health care transactions provided little benefit or value to the health care system. In October 2014, HHS announced an enforcement discretion period for the HPID rule, halting its implementation.

The purpose of this NCVHS Standards Subcommittee meeting is to seek further input from the health care industry for disposition and next steps of the HPID.

The times and topics are subject to change. Please refer to the posted agenda for any updates.
