Proposed Rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Grain Inspection, Packers and Stockyards Administration

9 CFR Part 201

RIN 0580-AB28

Scope of Sections 202(a) and (b) of the Packers and Stockyards Act

AGENCY: Grain Inspection, Packers and Stockyards Administration, USDA. **ACTION:** Proposed rule.

SUMMARY: This proposed rule sets forth the U.S. Department of Agriculture's (USDA) intention to pursue one of several actions on the above titled Interim Final Rule (IFR) published in the Federal Register on December 20, 2016, by USDA's Grain Inspection, Packers and Stockyards Administration (GIPSA). USDA is asking the public to comment as to the possible actions USDA should take in regards to the disposition of the IFR. The IFR addresses the scope of sections 202(a) and (b) of the Packers and Stockyards Act, 1921, as amended and supplemented (P&S Act) in order to clarify that conduct or action may violate sections 202(a) and (b) of the P&S Act without adversely affecting, or having a likelihood of adversely affecting, competition. The IFR was originally set to take effect on February 21, 2017, and is now being extended to October 19, 2017.

DATES: Interested persons are invited to submit written comments on this proposed rule on or before June 12, 2017.

ADDRESSES: We invite you to submit comments on the proposed rule by any of the following methods:

SUPPLEMENTARY INFORMATION:

Background

Consistent with the memorandum of January 20, 2017, to the heads of executive departments and agencies from the Assistant to the President and Chief of Staff entitled "Regulatory Freeze Pending Review," GIPSA published in the **Federal Register** [81 FR 92566] a notice that extended the public comment period of the IFR until March 24, 2017, and delayed its effective date until April 22, 2017. Along with this proposed rule, GIPSA is also publishing a Notice in the **Federal Register** that further delays the effective date of the IFR until October 19, 2017.

The IFR establishes by regulation the USDA's long held interpretation that not all violations of the P&S Act require a showing of harm or likely harm to competition. Codified at 9 CFR 201.3(a), the IFR specifically provides that the scope of Sections 202(a) and (b) of the P&S Act encompass conduct or action that, depending on their nature and the circumstances, can be found to violate the P&S Act without a finding of harm or likely harm to competition. This IFR finalizes a proposed § 201.3(c) that GIPSA published in the **Federal**

Federal Register Vol. 82, No. 69 Wednesday, April 12, 2017

Register on June 22, 2010, 75 FR 35338, with slight modifications in order to allow additional public comment on the proposed provisions.

Actions Being Considered

Because there are significant policy and legal issues addressed within the IFR that warrant further review by USDA, the public is being asked to comment on which of the following four actions they believe would be best for USDA to take with regard to the disposition of the IFR. Specifically, the public should submit their comments as to whether USDA should:

- (1) Allow the IFR to become effective,
- (2) Suspend the IFR indefinitely,
- (3) Delay the effective date of the IFR further, or
 - (4) Withdraw the IFR.

Notice Delaying IFR Effective Date

Concurrent with this proposed rule, GIPSA is publishing in the Rules and Regulations section of this issue of the **Federal Register** a document extending the effective date of the IFR by 180 days until October 19, 2017.

Airworthiness Directives; Textron Aviation Inc. Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT. **ACTION:** Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for all Textron Aviation Inc. Models A36TC and B36TC airplanes. This proposed AD was prompted by a fatal accident where the exhaust tailpipe fell off during takeoff. This proposed AD would add a life limit to the exhaust tailpipe v-band coupling (clamp) that attaches the
