On March 29, 2017 the Federal Communications Commission released a Report and Order, Amendment of Parts 2, 15, 80, 90, 97, and 101 of the Commission's Rules Regarding Implementation of the Final Acts of the World Radiocommunication Conference (Geneva, 2012)(WRC-12), Other Allocation Issues, and Related Rule Updates, ET Docket No. 15-99, FCC 17-33, which inter alia, amends the Commission's rules for the Amateur Radio Service to provide for frequency sharing requirements in the 135.7-137.8 kHz (2200 meter) and 472-479 kHz (630 meter) bands. These rules will ensure the compatibility of amateur radio operations and Power Line Carrier (PLC) systems that operate in these bands, and will promote the shared use of these bands. As background, in the larger 9-490 kHz band, electric utilities operate PLC systems on power transmission lines for communications important to the reliability and security of electric service to the public. The Commission found that the identification of transmission lines are not always readily identifiable and that amateur operators may not be able to determine whether PLC systems operate in the relevant bands on the subject transmission lines. For these reasons, the Commission adopted a notification process to ensure that amateur stations seeking to operate in these bands are located outside of a minimum separation distance.

Specifically, the information collection requirements contained in Section 97.303(g)(2) requires prior to commencement of operations in these bands, amateur operators must notify the Utilities Telecom Council (UTC) of their intent by submitting their call signs, intended band or bands of operation, and the coordinates of their antenna's fixed location. Amateur stations will be permitted to commence operations after a 30-day period unless UTC notifies the applicant that its requested location is located within one kilometer of PLC systems operating in the same or overlapping frequencies.

[Docket No. 17-03]

Antonio Egberto Carneiro Lima v. Fastway Moving and Storage, Inc., d/b/a Dream Cargo, d/b/a Fastway, d/b/a Fastway Moving, et al.; Notice of Filing of Complaint and Assignment

Notice is given that a complaint has been filed with the Federal Maritime

Commission (Commission) by Antonio Egberto Carneiro Lima, hereinafter "Complainant," against Fastway Moving and Storage, Inc., d/b/a Dream Cargo, d/b/a Fastway, d/b/a Fastway Moving; Fastway Moving and Services Corp.; Fastway Moving and Trading Corp.; Abreu Lopes Transportes LTDA; and Abreu Logistics USA, LLC d/b/a Abreu Logistics & Cargo, hereinafter "Respondents." Complainant states that Respondents are New Jersey and Florida corporations which "operate interchangeably as one business and are inexorably intertwined" and that Fastway Moving, Inc. is an FMC licensed non-vessel operating common carrier.

Complainant states he utilized Respondents' "services to transport approximately 33 cubic meters of household goods by water between the United States and Brazil." Complainant alleges that Respondents allowed illegal items to be included with Complainant's household goods which caused the IRS to block the release of said items in Brazil. Complainant alleges that despite paying for the "complete services" package with Respondent "the Fastway Entities", he had to personally work to resolve the matter with the IRS, pay the port fees, container, storage and other fees associated with his shipment.

Complainant files this claim "as a result of Respondents' violation of COGSA, the Shipping Act, and the FMC's regulations pursuant to COGSA and the Shipping Act at 46 CFR part 515." Specifically, complainant alleges that the Respondents:

"a. [failed] to establish or observe just and reasonable practices related to the receiving, handling, or delivering of property in violation of 46 U.S.C. 41102(c);

b. [allowed] a person or persons to obtain transportation for property at less than the rates or charges established by the carrier in its tariff or service contract by means of false billing, false classification, false weighting, false measurement, or other unjust or unfair device or means in violation of 46 U.S.C. 41104(1);

c. [provided] a service in the liner trade that is not in accordance with the rates, charges, classifications, rules, and practices contained in a tariff published or a service contract entered into under chapter 405 of [Title 46], in violation of 46 U.S.C. 41104(2)(A);

d. knowingly and willfully [accepted] cargo from and [transported] cargo for the account of an ocean transportation intermediary that does not have a tariff as required by section 40501 of Title 46 and a bond, insurance, or other surety as required by section 40902 of Title 46, in violation of 46 U.S.C. 41104(11); and

e. any other charge of this type or of similar nature that is found to be unlawful under the circumstances."

Complainant seeks reparations in the amount of \$129,872.22, and other relief. The full text of the complaint can be found in the Commission's Electronic Reading Room at www.fmc.gov/17-03/.

This proceeding has been assigned to the Office of Administrative Law Judges. The initial decision of the presiding officer in this proceeding shall be issued by April 20, 2018, and the final decision of the Commission shall be issued by November 5 2018.
