

552; § 200.5 also issued under 5 U.S.C. 552a; § 200.6 also issued under 5 U.S.C. 552b; and § 200.7 also issued under 31 U.S.C. 3717.

■ 2. Section 200.1 is amended by revising paragraph (b) to read as follows:

§ 200.1 Designation of central and field organization.

* * * * *

(b) Internal organization. (1)

Reporting directly to the Board Members is the seven member Executive Committee. The Executive Committee is comprised of the General Counsel, the Director of Administration, the Director of Programs, the Chief Financial Officer, the Chief Information Officer, and the Director of Field Service. The Chief Actuary is a non-voting member. The Board members will designate a member of the Executive Committee as Senior Executive Officer.

(2) The Executive Committee is responsible for the day to day operations of the agency. The Senior Executive Officer is responsible for the direction and oversight of the Executive Committee. The General Counsel is responsible for advising the Board Members on major issues, interpreting the Acts and regulations administered by the Board, drafting and analyzing legislation, representing the Board in litigation and administrative forums and planning, directing, and coordinating the work of the Office of General Counsel, the Office of Secretary to the Board, the Bureau of Hearings and Appeals, and the Office of Legislative Affairs through their respective directors. The Director of Programs is responsible for managing, coordinating, and controlling the program operations of the agency which carry out provisions of the Railroad Retirement and Railroad Unemployment Insurance Acts. The Director of Administration is responsible for managing, coordinating and controlling certain administrative operations of the Board including the Division of Acquisition Management, the Bureau of Human Resources, the Office of Public Affairs, and the Division of Real Property Management. The Chief Financial Officer is responsible for the financial management of the agency, and the Chief Information Officer is responsible for coordinating the agency's information resources management program. The Chief Actuary is responsible for the actuarial program of the Board, and for maintaining statistical and financial information. The Director of Field Services is responsible for the oversight of the agency's nationwide field offices.

(3) The Office of Equal Employment Opportunity is responsible for equal

employment opportunity and affirmative employment programs.

* * * * *

By Authority of the Board.

Martha P. Rico,

Secretary to the Board.

BILLING CODE P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2017-0197]

RIN 1625-AA00

Safety Zone; South Branch of the Chicago River and Chicago Sanitary and Ship Canal, Chicago, IL, Tough Cup

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a temporary safety zone on the South Branch of the Chicago River and the Chicago Sanitary and Ship Canal, Chicago, IL. This action is necessary to protect spectators, participants, and vessels from the hazards associated with the Tough Cup, a crew regatta event. This proposed rulemaking would prohibit persons and vessels from being in the safety zone unless authorized by the Captain of the Port Lake Michigan.

DATES: Comments and related material must be received by the Coast Guard on or before May 30, 2017.

ADDRESSES: You may submit comments identified by docket number USCG-2017-0197 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email LT Lindsay Cook, Marine Safety Unit Chicago, U.S. Coast Guard; telephone (630) 986-2155, email Lindsay.N.Cook@uscg.mil.

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
Pub. L. Public Law
§ Section

U.S.C. United States Code

II. Background, Purpose, and Legal Basis

On November 16, 2016, the Coast Guard received an Application for Marine Event for the Tough Cup event to be held on the South Branch of the Chicago River and the Chicago Sanitary and Ship Canal between the South Pulaski Road Bridge and the South Halsted Street Bridge. This event involves high performance rowing shells and sculls that range in size from 27 feet to 65 feet in length and oars out to 25 feet in width to race on a course along the South Branch of the Chicago River and the Chicago Sanitary and Ship Canal. The Captain of the Port Lake Michigan has determined that the potential hazards associated with this event would be a safety concern for participants as well as recreational and commercial traffic in or around the course where the event will take place.

This purpose of the rulemaking is to ensure the safety of vessels, persons and the navigable waters immediately before, during, and immediately after the scheduled event. The specific hazards include collisions among event participants, recreational traffic, and commercial traffic that may cause injury or marine casualties. The legal basis for this proposed rule is the Coast Guard's authority to establish safety zones: 33 U.S.C. 1231; 33 CFR 1.05-1, 160.5; Department of Homeland Security Delegation No. 0170.1.

III. Discussion of Proposed Rule

The Captain of the Port Lake Michigan proposes to establish a safety zone on all waters of the South Branch of the Chicago River and the Chicago Sanitary and Ship Canal between the South Pulaski Road Bridge and the South Halsted Street Bridge. This safety zone will be enforced from 7:00 a.m. to 2:00 p.m. on September 30, 2017. The safety zone enforcement times are intended to ensure the safety of persons and vessels immediately before, during and immediately after the event.

The Captain of the Port Lake Michigan has determined that the safety zone in this proposed rule is necessary to ensure the safety of vessels and people during this event. The safety zone in this proposed rule will be enforced for seven hours on September 30, 2017.

The Captain of the Port Lake Michigan will notify the public that the zone in this proposal will be enforced by all appropriate means to the affected segments of the public, including publication in the **Federal Register**, as practicable, in accordance with 33 CFR

165.7(a). Such means of notification will include, but are not limited to, Broadcast Notice to Mariners or Local Notice to Mariners.

All persons and vessels must comply with the instructions of the Coast Guard Captain of the Port Lake Michigan or his or her designated representative. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port or his or her designated representative. The Captain of the Port or his or her designated representative may be contacted via VHF Channel 16.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of the statutes and Executive Orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 (“Regulatory Planning and Review”) and 13563 (“Improving Regulation and Regulatory Review”) direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. Executive Order 13771 (“Reducing Regulation and Controlling Regulatory Costs”), directs agencies to reduce regulation and control regulatory costs and provides that “for every one new regulation issued, at least two prior regulations be identified for elimination, and that the cost of planned regulations be prudently managed and controlled through a budgeting process.”

The Office of Management and Budget (OMB) has not designated this rule a significant regulatory action under section 3(f) of Executive Order 12866. Accordingly, the Office of Management and Budget (OMB) has not reviewed it. As this rule is not a significant regulatory action, this rule is exempt from the requirements of Executive Order 13771. See OMB’s Memorandum titled “Interim Guidance Implementing Section 2 of the Executive Order of January 30, 2017 titled ‘Reducing Regulation and Controlling Regulatory Costs’” (February 2, 2017). A regulatory analysis (RA) follows.

We conclude that this proposed rule is not a significant regulatory action because we anticipate that it will have minimal impact on the economy, will not interfere with other agencies, will not adversely alter the budget of any grant or loan recipients, and will not raise any novel legal or policy issues. The safety zone created by this rule will be relatively small and enforced for a short duration on the one day this rule will be in effect to ensure safety of spectators and participants at this scheduled event. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the safety zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule

involves amendments to navigation regulations and establishment of a safety zone. Normally such actions are categorically excluded from further review under section 2.B.2, and figure 2–1, paragraph 34(g) of the Instruction. A preliminary Record of Environmental Consideration (REC) supporting this determination is available in the docket where indicated under the **ADDRESSES** section of this preamble. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, you may review a Privacy Act notice regarding the Federal Docket Management System in the March 24, 2005, issue of the **Federal Register** (70 FR 15086).

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that Web site's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified

when comments are posted or a final rule is published.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and record keeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

- 2. Add § 165.T09–0197 to read as follows:

§ 165. T09–0197 Safety Zone; South Branch of the Chicago River and the Chicago Sanitary and Ship Canal, Chicago, IL, Tough Cup.

(a) *Location.* All waters of the South Branch of the Chicago River and the Chicago Sanitary and Ship Canal between the South Pulaski Road Bridge and the South Halsted Street Bridge are designated as a safety zone.

(b) *Effective and Enforcement Period.* This rule will be effective from 7:00 a.m. to 2:00 p.m. on September 30, 2017 and will be enforced from 7:00 a.m. to 2:00 p.m. on September 30, 2017.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan or a designated on-scene representative.

(2) This safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port Lake Michigan or a designated on-scene representative.

(3) The “on-scene representative” of the Captain of the Port Lake Michigan is any Coast Guard commissioned, warrant or petty officer who has been designated by the Captain of the Port Lake Michigan to act on his or her behalf.

(4) Vessel operators desiring to enter or operate within the safety zone shall contact the Captain of the Port Lake Michigan or an on-scene representative to obtain permission to do so. The Captain of the Port Lake Michigan or an on-scene representative may be contacted via VHF Channel 16. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the

Captain of the Port Lake Michigan, or an on-scene representative.

Dated: April 20, 2017.

A.B. Cocanour,

Captain, U.S. Coast Guard, Captain of the Port Lake Michigan.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R09–OAR–2017–0092; FRL–9961–98–Region 9]

Approval and Promulgation of Air Quality Implementation Plans; Arizona; Regional Haze State and Federal Implementation Plans

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a source-specific revision to the Arizona state implementation plan (SIP) that provides an alternative to Best Available Retrofit Technology (BART) for the Coronado Generating Station (“Coronado”), owned and operated by the Salt River Project Agricultural Improvement and Power District. The EPA proposes to find that the BART alternative for Coronado would provide greater reasonable progress toward natural visibility conditions than BART, in accordance with the requirements of the Clean Air Act and the EPA’s Regional Haze Rule. In conjunction with this proposed approval, we propose to withdraw those portions of the federal implementation plan (FIP) that address BART for Coronado. We also propose to codify the removal of those portions of the Arizona SIP that have either been superseded by previously approved revisions to the Arizona SIP or would be superseded by final approval of the SIP revision for Coronado.

DATES: Written comments must be submitted on or before June 12, 2017. Requests for public hearing must be received on or before May 12, 2017.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R09–OAR–0092 at <http://www.regulations.gov>, or via email to Krishna Viswanathan at viswanathan.krishna@epa.gov. For comments submitted at [Regulations.gov](http://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be removed or edited from [Regulations.gov](http://www.regulations.gov). For either manner
