Overview of This Information Collection

Title: Electronic Visa Update System.

OMB Number: 1651-0139.

Form Number: N/A.

Current Actions: This submission is being made to extend the expiration date with a change to the information collected as a result of adding a question about social media to EVUS. There are no changes to the burden hours.

Type of Review: Revision.

Affected Public: Individuals.

Abstract: The Electronic Visa Update System (EVUS) provides a mechanism through which visa information updates can be obtained from certain nonimmigrant aliens in advance of their travel to the United States. This provides CBP access to updated

information without requiring aliens to apply for a visa more frequently. The EVUS requirements apply to nonimmigrant aliens who hold a passport issued by an identified country containing a U.S. nonimmigrant visa of a designated category. EVUS enrollment is currently limited to nonimmigrant aliens who hold unrestricted, maximum validity B-1 (business visitor), B-2 (visitor for pleasure), or combination B-1/B-2 visas, which are generally valid for 10 years, contained in a passport issued by the People's Republic of China.

EVUS provides for greater efficiencies in the screening of international travelers by allowing DHS to identify nonimmigrant aliens who may be inadmissible before they depart for the United States, thereby increasing security and reducing traveler delays upon arrival at U.S. ports of entry. EVUS aids DHS in facilitating legitimate travel while also enhancing public safety and national security.

Proposed Changes

DHS proposes to add the following question to EVUS: "Please enter information associated with your online presence—Provider/Platform—Social media identifier." It will be an optional data field to request social media identifiers to be used for vetting purposes, as well as applicant contact information.
