SUPPLEMENTARY INFORMATION:

A. Purpose

Part 28 of the Federal Acquisition Regulation (FAR) contains guidance related to insuring against damages under Federal contracts (e.g., bonds, bid guarantees, etc.). Part 52 contains the corresponding provisions and clauses. These collectively implement the statutory requirement for Federal contractors to report payment bonds under construction contracts subject to 40 U.S.C. chapter 31, subchapter III, Bonds.

This information collection is mandated by Section 806 of the National Defense Authorization Act for Fiscal Years 1992 and 1993 (Pub. L. 102-190), as amended by Section 2091 of the Federal Acquisition Streamlining Act of 1994 (Pub. L. 103-335). The clause at 52.228-12, Prospective Subcontractor Requests for Bonds, implements Section 806(a)(3) of Public Law 102-190, as amended, which states that, upon the request of a prospective subcontractor or supplier offering to furnish labor or material under a construction contract for which a payment bond has been furnished pursuant to 40 U.S.C. 31, the contractor shall promptly provide a copy of such payment bond to the requestor.

Given that payment bonds, in conjunction with performance bonds, are used to secure the contractor's obligations, thereby assuring that payments are made to subcontractors and vendors under the contract, the requestor will use information on payment bonds to determine whether to

engage in business with that prime contractor.
