*Abstract:* This request is for the National Center for Education Statistics (NCES) to conduct the 2016/17 Baccalaureate and Beyond Longitudinal Study (B&B:16/17). The B&B studies of the education, work, financial, and personal experiences of individuals who have completed a bachelor’s degree at a given point in time are a series of longitudinal studies. Every 8 years, students are identified as bachelor’s degree recipients through the National Postsecondary Student Aid Study (NPSAS). B&B:16/17 is the first follow-up of a panel of baccalaureate degree recipients identified in the 2015–16 NPSAS, and part of the fourth cohort (B&B:16) of the B&B series. B&B cohorts prior to B&B:16 were approved under OMB# 1850–0729. The B&B:16 cohort is submitted and reviewed under OMB# 1850–0926. The primary purposes of the B&B studies are to describe the post-baccalaureate paths of new college graduates, with a focus on their experiences in the labor market and post-baccalaureate education, and their education-related debt. B&B also focuses on the continuing education paths of science, technology, engineering, and mathematics (STEM) graduates, as well as the experiences of those who have begun careers in education of students through the 12th grade. Since graduating from college in 2014–15 for the field test, and 2015–16 for the full-scale study, members of this B&B:16 cohort will begin moving into and out of the workforce, enrolling in additional undergraduate and graduate education, forming families, and repaying undergraduate education-related debt. Documenting these choices and pathways, along with individual, institutional, and employment characteristics that may be related to those choices, provides critical information on the costs and benefits of a bachelor’s degree in today’s workforce. B&B studies include both traditional-age and non-traditional-age college graduates, whose education options and

choices often diverge considerably, and allow study of the paths taken by these different graduates. B&B:16/17 main study data collection is scheduled to take place from July 2017 through March 2018.

Dated: April 26, 2017.

**Federal Need Analysis Methodology for the 2018–19 Award Year—Federal Pell Grant, Federal Perkins Loan, Federal Work-Study, Federal Supplemental Educational Opportunity Grant, William D. Ford Federal Direct Loan, Iraq and Afghanistan Service Grant and TEACH Grant Programs**

**AGENCY:** Federal Student Aid, Department of Education.

**ACTION:** Notice.

Catalog of Federal Domestic Assistance (CFDA) Numbers: 84.063; 84.038; 84.033; 84.007; 84.268; 84.408; 84.379.

**SUMMARY:** The Secretary announces the annual updates to the tables used in the statutory Federal Need Analysis Methodology that determines a student’s expected family contribution (EFC) for award year (AY) 2018–19 for these student financial aid programs. The intent of this notice is to alert the financial aid community and the broader public to these required annual updates used in the determination of student aid eligibility.

**SUPPLEMENTARY INFORMATION:** Part F of title IV of the Higher Education Act of 1965, as amended (HEA), specifies the criteria, data elements, calculations, and tables the Department of Education (Department) uses in the Federal Need Analysis Methodology to determine the EFC.

Section 478 of the HEA requires the Secretary to annually update the following four tables for price inflation—the Income Protection Allowance (IPA), the Adjusted Net Worth (NW) of a Business or Farm, the Education Savings and Asset Protection Allowance, and the Assessment Schedules and Rates. The updates are based, in general, upon increases in the Consumer Price Index (CPI).

For AY 2018–19, the Secretary is charged with updating the IPA for parents of dependent students, adjusted NW of a business or farm, the education savings and asset protection allowance, and the assessment schedules and rates to account for inflation that took place between December 2016 and December 2017. However, because the Secretary must publish these tables before December 2017, the increases in the tables must be based on a percentage equal to the estimated percentage increase in the Consumer Price Index for All Urban Consumers (CPI–U) for 2017. The Secretary must also account for any under- or over-estimation of inflation for the preceding year.

In developing the table values for the 2017–18 AY, the Secretary’s assumed 2.1 percent increase in the CPI–U for the period December 2015 through December 2016 was the actual inflation for this time period. The Secretary estimates that the increase in the CPI–U for the period December 2016 through December 2017 will be 2.3 percent.

Additionally, section 601 of the College Cost Reduction and Access Act of 2007 (CCRAA, Pub. L. 110–84) amended sections 475 through 478 of

the HEA affecting the IPA tables for the 2009–10 through 2012–13 AYs and required the Department to use a percentage of the estimated CPI to update the table in subsequent years. These changes to the IPA impact dependent students, as well as independent students with dependents other than a spouse and independent students without dependents other than a spouse. This notice includes the new 2018–19 AY values for the IPA tables, which reflect the CCRAA amendments. The updated tables are in sections 1 (Income Protection Allowance), 2 (Adjusted Net Worth of a Business or Farm), and 4 (Assessment Schedules and Rates) of this notice.

As provided for in section 478(d) of the HEA, the Secretary must also revise the education savings and asset protection allowances for each AY. The Education Savings and Asset Protection Allowance table for AY 2018–19 has been updated in section 3 of this notice.

Section 478(h) of the HEA also requires the Secretary to increase the amount specified for the employment expense allowance, adjusted for inflation. This calculation is based on increases in the Bureau of Labor Statistics’ marginal costs budget for a two-worker family compared to a one-worker family. The items covered by this calculation are: Food away from home, apparel, transportation, and household furnishings and operations. The Employment Expense Allowance table for AY 2018–19 has been updated in section 5 of this notice.

The HEA requires the following annual updates:

1. *Income Protection Allowance.* This allowance is the amount of living expenses associated with the maintenance of an individual or family that may be offset against the family’s income. The allowance varies by family size. The IPA for the dependent student is \$6,570. The IPAs for parents of dependent students for AY 2018–19 are as follows:

**PARENTS OF DEPENDENT STUDENTS**

Family size	Number in college				
	1	2	3	4	5
2 .....	\$18,320	\$15,180			
3 .....	22,810	19,690	\$16,560
