date with no change to the burden hours or to the information collected.

Type of Review: Extension (without change).

Affected Public: Businesses.

Abstract: Bonds are used to ensure that duties, taxes, charges, penalties, and reimbursable expenses owed to the Government are paid; to facilitate the movement of cargo and conveyances through CBP processing; and to provide legal recourse for the Government for noncompliance with laws and regulations. Each person who is required by law or regulation to post a bond in order to secure a Customs transaction must submit the bond on CBP Form 301 which is available at: https://www.cbp.gov/newsroom/publications/forms?title=301&=Apply.

Surety bonds are usually executed by an agent of the surety. The surety company grants authority to the agent via a Corporate Surety Power of Attorney, CBP Form 5297. This power is vested with CBP so that when a bond is filed, the validity of the authority of the agent executing the bond and the name of the surety can be verified to the surety's grant. CBP Form 5297 is available at: https://www.cbp.gov/document/forms/form-5297-corporate-surety-power-attorney. Bonds are required pursuant to 19 U.S.C.1608, and 1623; 22 U.S.C. 463; 19 CFR part 113.

Form 301, Customs Bond

Estimated Number of Annual Respondents: 800,000.

Total Number of Estimated Annual Responses: 800,000.

Estimated time per Response: 15 minutes.

Estimated Total Annual Burden Hours: 200,000.

Form 5297, Corporate Surety Power of Attorney

Estimated Number of Respondents: 500.

Total Number of Estimated Annual Responses: 500.

Estimated Time per Response: 15 minutes.

Estimated Total Annual Burden Hours: 125.

Dated: May 1, 2017.

Seth Renkema,

Branch Chief, Economic Impact Analysis Branch, U.S. Customs and Border Protection. [FR Doc. 2017–09033 Filed 5–3–17; 8:45 am]

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2014-0022]

Technical Mapping Advisory Council

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Committee Management; Notice of Federal Advisory Committee Meeting.

SUMMARY: The Federal Emergency Management Agency (FEMA) Technical Mapping Advisory Council (TMAC) will meet via conference call on Tuesday, May 23, 2017. The meeting will be open to the public.

DATES: The TMAC will meet via conference call on Tuesday, May 23, 2017 from 10:30 a.m. to 5:00 p.m.
Eastern Daylight Time (EDT). Please note that the meeting will close early if the TMAC has completed its business.
ADDRESSES: For information on how to access the conference call, information on services for individuals with disabilities, or to request special assistance for the meeting, contact the person listed in FOR FURTHER INFORMATION CONTACT below as soon as possible. Members of the public who wish to dial in for the meeting must

possible. Members of the public who wish to dial in for the meeting must register in advance by sending an email to *FEMA-TMAC@fema.dhs.gov* (attention Mark Crowell) by 11:00 a.m. EDT on Friday, May 19, 2017.

To facilitate public participation, members of the public are invited to provide written comments on the issues to be considered by the TMAC, as listed in the SUPPLEMENTARY INFORMATION section below. The Agenda and other associated material will be available for review at www.fema.gov/TMAC by Friday, May 19, 2017. Written comments to be considered by the committee at the time of the meeting must be received by Monday, May 22, 2017, identified by Docket ID FEMA—2014—0022, and submitted by one of the following methods:

- Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.
- Email: Address the email TO: FEMA-RULES@fema.dhs.gov and CC: FEMA-TMAC@fema.dhs.gov. Include the docket number in the subject line of the message. Include name and contact detail in the body of the email.
- Mail: Regulatory Affairs Division, Office of Chief Counsel, FEMA, 500 C Street SW., Room 8NE, Washington, DC 20472–3100.

Instructions: All submissions received must include the words "Federal

Emergency Management Agency" and the docket number for this action. Comments received will be posted without alteration at http://www.regulations.gov, including any personal information provided.

Docket: For docket access to read background documents or comments received by the TMAC, go to http://www.regulations.gov and search for the Docket ID FEMA-2014-0022.

A public comment period will be held on Tuesday, May 23, 2017, from 1:30—1:50 p.m. EDT. Speakers are requested to limit their comments to no more than two minutes. The public comment period will not exceed 20 minutes. Please note that the public comment periods may end before the time indicated, following the last call for comments. Contact the individual listed below to register as a speaker by close of business on Friday, May 19, 2017.

FOR FURTHER INFORMATION CONTACT:
Mark Crowell, Designated Federal
Officer for the TMAC, FEMA, 500 C St
SW., Washington, DC 20024, telephone
(202) 646–3432, and email
mark.crowell@fema.dhs.gov. The TMAC
Web site is: http://www.fema.gov/
TMAC.

SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C. Appendix.

As required by the *Biggert-Waters* Flood Insurance Reform Act of 2012, the TMAC makes recommendations to the FEMA Administrator on: (1) How to improve, in a cost-effective manner, the (a) accuracy, general quality, ease of use, and distribution and dissemination of flood insurance rate maps and risk data; and (b) performance metrics and milestones required to effectively and efficiently map flood risk areas in the United States; (2) mapping standards and guidelines for (a) flood insurance rate maps, and (b) data accuracy, data quality, data currency, and data eligibility; (3) how to maintain, on an ongoing basis, flood insurance rate maps and flood risk identification; (4) procedures for delegating mapping activities to State and local mapping partners; and (5) (a) methods for improving interagency and intergovernmental coordination on flood mapping and flood risk determination, and (b) a funding strategy to leverage and coordinate budgets and expenditures across Federal agencies. Furthermore, the TMAC is required to submit an Annual Report to the FEMA Administrator that contains: (1) A description of the activities of the Council; (2) an evaluation of the status and performance of flood insurance rate

maps and mapping activities to revise and update Flood Insurance Rate Maps; and (3) a summary of recommendations made by the Council to the FEMA Administrator.

Agenda: On Tuesday, May 23, 2017, the TMAC will review and discuss the outlines and draft content for each of the three TMAC 2017 Annual Report topics: (1) Floodplain Management and Mitigation, (2) Residual Risk, and (3) Future Conditions. A brief public comment period will take place during the meeting. A more detailed agenda will be posted by Tuesday, May 16, 2017, at http://www.fema.gov/TMAC.

Dated: April 26, 2017.

Roy E. Wright,

Deputy Associate Administrator for Insurance and Mitigation, Federal Emergency Management Agency.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2017-0001]

Privacy Act of 1974; System of Records

AGENCY: Privacy Office, Department of Homeland Security.

ACTION: Notice of new Privacy Act system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security proposes to establish a new Department of Homeland Security system of records titled, "Department of Homeland Security/Immigration and Customs Enforcement-016 FALCON Search and Analysis System of Records." FALCON Search and Analysis is a consolidated information management system that enables ICE law enforcement and homeland security personnel to search, analyze, and visualize volumes of existing information in support of ICE's mission to enforce and investigate violations of U.S. criminal, civil, and administrative laws. Additionally, elsewhere in the Federal Register, the Department of Homeland Security is issuing a Notice of Proposed Rulemaking to exempt this system of records from certain provisions of the Privacy Act because of the law enforcement sensitivity of the data contributed to and produced within the system of records. This newly established system will be included in the Department of Homeland Security's inventory of record systems.

DATES: Submit comments on or before June 5, 2017. This new system will be effective June 5, 2017.

ADDRESSES: You may submit comments, identified by docket number DHS—2017—0001 by one of the following methods:

- Federal e-Rulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.
 - *Fax*: 202–343–4010.
- *Mail*: Jonathan R. Cantor, Acting Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528–0655.

FOR FURTHER INFORMATION CONTACT: For general questions, please contact: Amber Smith (202) 732–3300, Privacy Officer, U.S. Immigration and Customs Enforcement. For privacy questions, please contact: Jonathan R. Cantor, (202) 343–1717, Acting Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528–0655.

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Department of Homeland Security (DHS) U.S. Immigration and Customs Enforcement (ICE) proposes to establish a new DHS system of records titled, "DHS/ Immigration and Customs Enforcement—016 FALCON Search and Analysis System of Records."

U.S. Immigration and Customs Enforcement (ICE) is establishing a consolidated information management system to enable its personnel to search, analyze, and visualize volumes of existing information in support of ICE's mission to enforce and investigate violations of U.S. criminal, civil, and administrative laws. The FALCON Search and Analysis (FALCON–SA) System of Records describes the operation of an ICE information technology system of the same name, which is owned by ICE's Office of Homeland Security Investigations (HSI). This system contains a repository of data that is ingested on a routine or ad hoc basis from other existing sources, and an index created from that data to be used for research and analysis in support of ICE HSI's law enforcement mission. FALCON-SA incorporates tools that allow the data to be queried, analyzed, and presented in a variety of formats that can help illuminate relationships among the various data elements. The purpose of FALCON–SA is to help ICE HSI personnel conduct research and analysis using advanced analytic tools in support of their law enforcement mission.

This system of records ingests and aggregates data from a number of

interfaces that fall under the FALCON umbrella, including the FALCON-Tip Line, FALCON-Data Analysis & Research for Trade Transparency System (DARTTS), and FALCON-Roadrunner. All data aggregated from these interfaces, and user access is controlled through a combination of data tagging, access control lists, and other technologies. Using a central data store for FALCON data eliminates the need for multiple copies of the data and streamlines the application of many security and privacy controls. Only data accessed via FALCON-SA is covered by the DHS/ICE-016 FALCON-SA System of Records Notice (SORN). However, the other interfaces are covered by other ICE SORNs, as specified in the System Location section of the SORN. Separate SORNs are appropriate because the data, purposes, and routine uses differ depending on which FALCON interface is being used.

FALCON-SA Data

Information included in FALCON–SA is ingested either on a routine or *ad hoc* basis. Routine ingests are regular updates to datasets that originate from other Government (typically ICE or DHS) data systems. A list of routine ingests into the FALCON general data storage environment that is accessible via FALCON–SA is available in the FALCON–SA Privacy Impact Assessment at *www.dhs.gov/privacy*.

Ad hoc ingests are user-driven ingests of particular data that may be relevant to a given user or group's investigative or analytical project in FALCON-SA. The nature of the data in ad hoc ingests varies from data collected from a commercial or public source (e.g., Internet research or from a commercial data service), to public reports of law enforcement violations or suspicious activity (tips), to digital records seized or subpoenaed during an investigation. All ad hoc ingests are tagged by the FALCON-SA user with the appropriate category description, and that tag controls the retention policy for that data. The ad hoc ingest category description list is included in the FALCON-SA Privacy Impact Assessment at www.dhs.gov/privacy.

FALCON—SA records may include some or all of the following types of personally identifiable information: Identifying and biographic data such as name and date of birth; citizenship and immigration data; border crossing data; customs import-export history; criminal history; contact information; criminal associates; family relationships; photographs and other media; and employment and education information.
