PURPOSE:

EXIM Bank proposes to add a new electronic system of records to coincide with its migration of personnel and payroll administration to the FPPS. FPPS is an online personnel and payroll system providing support to Federal agency customers through interagency agreement with the IBC. FPPS is customized to meet customer needs for creating and generating the full life cycle of personnel transactions. FPPS allows for immediate updates and edits of personnel and payroll data. FPPS also handles regulatory requirements such as specialized pay, garnishments, and special appointment programs. FPPS customers can use a web-enabled interface, WebFPPS, to access FPPS through a web browser to perform personnel and payroll tasks. FPPS is a major application that consists of several minor applications to include time and attendance applications, a system for creating retirement cards and updating retirement records, a system for converting client data for integration into FPPS. The purpose of this system

is to ensure proper payment of salary and benefits to EXIM personnel, and to track time worked, leave, or other absences for reporting and compliance purposes. Use of this system will streamline EXIM Bank's personnel, payroll and other human resources functions into a unified, secure system, thereby improving employee input into these systems while enhancing data integrity and security and improving operational efficiency.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures that are generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, all or a portion of the records or information contained in this system may be disclosed to authorized entities determined to be relevant and necessary outside EXIM Bank as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

- a. EXIM Bank employees will have access to their own data.
- b. Data will be accessed by officials and employees of EXIM in the performance of their official duties, including, but not limited to, employees of the Division of Human Capital, Office of General Counsel, Office of the Chief Financial Officer and the Office of Inspector General.
- c. EXIM Bank is sharing this data with IBC as the service provider for FPPS.
- d. FPPS data is shared and reported to other Federal agencies, including the Department of the Treasury and the Office of Personnel Management, as required for human resources, payroll, and tax purposes.
- e. FPPS data may be shared with other Federal agencies pursuant to applicable law.
- f. FPPS data may be shared with the Department of Justice in the event information is required for litigation or law enforcement purposes and to any administrative State or Federal court in a relevant litigation matter (subject to appropriate process).

- h. For investigations of potential violations of law;
- i. By National Archives and Records Administration for record management inspections in its role as Archivist;
- j. For data breach and mitigation response.
- k. Disclosure to consumer reporting agencies:
Disclosures pursuant to 5 U.S.C. 552a(b)(12). Disclosures may be made

from this system to "consumer reporting agencies" as defined in the Fair Credit Reporting Act (15 U.S.C. 1681a(f) or the Federal Claims Collection Act of 1966 (31 U.S.C. 3701(a)(3)).

STORAGE:

Data will be stored electronically by IBC. Data is protected by the following electronic security systems: Password, Firewall, Encryption, User ID, Intrusion Detection System, Virtual Private Network (VPN), Public Key Infrastructure (PKI) Certificates, Personal Identity Verification (PIV) Card.

RETRIEVABILITY:

FPPS authorized users, including EXIM authorized Human Capital personnel, may retrieve information on an individual using full name, SSN and Employee Common Identifier (ECI). Certain personnel within EXIM and IBC, involved in operations and maintenance of FPPS payroll operations, can retrieve information on an individual using:

- ECI—unique number identifying employees across Federal automated systems.
- SSN and full name.
- Person Number—unique number which identifies a person within FPPS.
- Person Number-Emergency—unique number identifying an individual within FPPS for a leave share occurrence.
- Person Number-Volunteer—unique number identifying an individual within the FPPS volunteer database.
- Taxpayer Identification Number (TIN)—unique number identifying a trustee for the estate of a deceased employee.

Additionally, reports can be produced on an individual containing many of the data elements in FPPS. FPPS also routinely generates a variety of reports related to employment that are required by law, such as Internal Revenue Service (IRS) forms (1099-MISC and W-2); reports of withholdings and contributions for benefits and union dues; and reports on individuals who are delinquent on child-support payments. Access to the reports is limited to employees who process or file the reports and individuals who are granted access on a need-to-know basis. Copies of the reports may also be provided to government entities as required by law, such as tax forms to the IRS.

SAFEGUARDS:

Information about individuals whose data is in FPPS cannot be retrieved without knowing specific information about the employee. FPPS supports a

full suite of human resources functions, including calculating payroll. The data in FPPS is necessary to perform those functions and to comply with related Federal laws and regulations. To prevent misuse, (e.g., unauthorized browsing) EXIM Bank signed a Service Level Agreement (SLA) with the IBC to clearly establish and document IBC and client security roles and responsibilities. Most of the employee data in FPPS is collected from individuals and entered into FPPS by an authorized Federal human resources professional with access to the system.

The FPPS system has undergone a formal Security Authorization and Accreditation and has been granted an authority to operate by DOI in accordance with FISMA and NIST standards. FPPS is rated as FISMA moderate based upon the type of data, and it requires strict security and privacy controls to protect the confidentiality, integrity, and availability of the sensitive PII contained in the system.

RETENTION AND DISPOSAL:

Both EXIM Bank and IBC maintain records as needed under NARA approved records schedules for the retention of reports and data. Specifically, General Records Schedule (GRS) 1, "Civilian Personnel Records" and GRS 2 "Payrolling and Pay Administration Records," would be applicable to the FPPS system.

EXIM Bank is responsible for purging employee data according to the records schedule after an employee's access authority is terminated or the employee retires, changes jobs, or dies. The IBC may purge or delete any customer payroll or personnel records if it is agreed upon in the Inter-Agency Agreement with the IBC.
