SUPPLEMENTARY INFORMATION:**Background**

The New England Fishery Management Council is conducting seven public hearings to solicit comments on the alternatives under consideration in the Draft Omnibus Deep-Sea Coral Amendment. More

specifically, the Council is seeking feedback from the public on which alternatives should be selected and why. These hearings are being held by the Council in accordance with the National Environmental Policy Act. The Council plans to take final action on the amendment during its June 20–22, 2017 meeting in Portland, ME.

Deep-sea corals are fragile, slow-growing organisms that play an important role in the marine ecosystem and are vulnerable to various types of disturbance of the seafloor. The alternatives are designed to reduce the potential impacts of fishing activity on corals, as allowed under the Council's discretionary authority. Restrictions on bottom tending gear are being considered, with possible exemptions for some or all types of fixed gears. Potential coral management areas are located off the eastern Maine coast, in Jordan Basin and Georges Basin in the offshore Gulf of Maine, and in the canyon and slope region south of Georges Bank. The hearings are being held by the Council in accordance with the National Environmental Policy Act.

During each hearing, Council staff will brief the public on the draft amendment before receiving comments. The hearings will begin promptly at the time indicated above. If all attendees who wish to do so have provided their comments prior to the end time indicated, the hearing may conclude early. To the extent possible, the Council may extend hearings beyond the end time indicated above to accommodate all attendees who wish to speak.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Determination Under the Textile and Apparel Commercial Availability Provision of the Dominican Republic-Central America-United States Free Trade Agreement ("CAFTA-DR Agreement")

AGENCY: The Committee for the Implementation of Textile Agreements.

ACTION: Determination to add a product in unrestricted quantities to Annex 3.25 of the CAFTA-DR Agreement.

SUMMARY: The Committee for the Implementation of Textile Agreements ("CITA") has determined that certain two-way stretch polyester/rayon/spandex twill weave fabric, as specified below, is not available in commercial quantities in a timely manner in the CAFTA-DR countries. The product will be added to the list in Annex 3.25 of the CAFTA-DR Agreement in unrestricted quantities.

DATES: *Effective:* May 10, 2017.

FOR FURTHER INFORMATION CONTACT: Maria Goodman, Office of Textiles and

Apparel, U.S. Department of Commerce, (202) 482-3651.

For Further Information On-Line:
<http://web.ita.doc.gov/tacgi/CaftaReqTrack.nsf> under "Approved Requests," Reference number: 209.2017.04.03.Fabric.ST&RforMedline.

SUPPLEMENTARY INFORMATION:

Authority: The CAFTA-DR Agreement; Section 203(o)(4) of the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act ("CAFTA-DR Implementation Act"), Pub. Law 109-53; the Statement of Administrative Action, accompanying the CAFTA-DR Implementation Act; and Presidential Proclamation 7987 (February 28, 2006).

Background

The CAFTA-DR Agreement provides a list in Annex 3.25 for fabrics, yarns, and fibers that the Parties to the CAFTA-DR Agreement have determined are not available in commercial quantities in a timely manner in the territory of any Party. The CAFTA-DR Agreement provides that this list may be modified pursuant to Article 3.25.4 and 3.25.5, when the President of the United States determines that a fabric, yarn, or fiber is not available in commercial quantities in a timely manner in the territory of any Party. See Annex 3.25 of the CAFTA-DR Agreement; *see also* section 203(o)(4)(C) of the CAFTA-DR Implementation Act.

The CAFTA-DR Implementation Act requires the President to establish procedures governing the submission of a request and providing opportunity for interested entities to submit comments and supporting evidence before a commercial availability determination is made. In Presidential Proclamations 7987 and 7996, the President delegated to CITA the authority under section 203(o)(4) of CAFTA-DR Implementation Act for modifying the Annex 3.25 list. Pursuant to this authority, on September 15, 2008, CITA published modified procedures it would follow in considering requests to modify the Annex 3.25 list of products determined to be not commercially available in the territory of any Party to CAFTA-DR (*Modifications to Procedures for Considering Requests Under the Commercial Availability Provision of the Dominican Republic-Central America-United States Free Trade Agreement*, 73 FR 53200) ("CITA's procedures").

On April 3, 2017, the Chairman of CITA received a request for a Commercial Availability determination ("Request") from Sandler, Travis and Rosenberg, P.A., on behalf of Medline Industries, Inc. for certain two-way

stretch polyester/rayon/spandex twill weave fabric. On April 4, 2017, in accordance with CITA's procedures, CITA notified interested parties of the Request, which was posted on the dedicated Web site for CAFTA-DR Commercial Availability proceedings. In its notification, CITA advised that any Response with an Offer to Supply ("Response") must be submitted by April 17, 2017, and any Rebuttal Comments to a Response must be submitted by April 21, 2017, in accordance with sections 6 and 7 of CITA's procedures. No interested entity submitted a Response to the Request advising CITA of its objection to the Request and its offer to supply the subject product.

In accordance with section 203(o)(4)(C) of the CAFTA-DR Implementation Act, and section 8(c)(2) of CITA's procedures, as no interested entity submitted a Response objecting to the Request and providing an offer to supply the subject product, CITA has determined to add the specified fabric to the list in Annex 3.25 of the CAFTA-DR Agreement.

The subject product has been added to the list in Annex 3.25 of the CAFTA-DR Agreement in unrestricted quantities. A revised list has been posted on the dedicated Web site for CAFTA-DR Commercial Availability proceedings, at <http://otexa.trade.gov/caftaannex325.htm>.
