**[Docket No. CP17–433–000]**

**Dominion Transmission, Inc.; Notice of Request Under Blanket Authorization**

Take notice that on May 2, 2017, Dominion Transmission, Inc. (DTI), 120 Tredegar Street, Richmond, Virginia 23219 filed a prior notice request pursuant to sections 157.205 and 157.210 of the Commission's regulations under the Natural Gas Act pursuant to its Blanket Certificate issued in Docket No. CP82–537–000 for authorization to modify the certificated horsepower (HP) rating of a new unit at its Burch Ridge Compressor Station in Marshall County, West Virginia. Specifically, DTI seeks to increase the certificated HP of the compressor station unit authorized as part of DTI's Clarrington Project in Docket No. CP14–496–000 from 6,130 HP to 6,276 HP. This change will not require any construction of facilities and will not alter the available capacity. The additional HP will not create any additional transportation capacity because the maximum throughput is regulated by site conditions, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (866) 208–3676 or TTY, (202) 502–8659.

Any questions regarding this Application should be directed to Matthew Bley, Dominion Transmission, Inc., 707 East Main Street, 20th Floor, Richmond, Virginia 23219, by phone (804) 771–4399, or by fax (804) 771–4804, or by email at [matthew.r.bley@dom.com](mailto:matthew.r.bley@dom.com).

Any person may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention. Any person filing to intervene or the Commission's staff may, pursuant to section 157.205 of the Commission's Regulations under the

NGA (18 CFR 157.205) file a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenter's will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenter's will not be required to serve copies of filed documents on all other parties. However, the non-party commentary, will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site ([www.ferc.gov](http://www.ferc.gov)) under the e-Filing link. Persons unable to file electronically should submit original and 5 copies of the protest or

intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.
