L. 113-283), and related National Institute of Standards and Technology guidelines, which provide the requirements that States must follow with regard to use, treatment, and safeguarding of data.

Purpose: The purpose of this matching program is to set forth the terms and conditions governing disclosures of records, information, or

data (collectively referred to herein as "data") made by us to various State agencies and departments (State Agencies), tribal agencies, and U.S. territories that administer federally funded benefit programs, including those under various provisions of the Act, such as section 1137 (42 U.S.C. 1320b-7), as well as the state-funded state supplementary payment programs under Title XVI of the Act. SSA provides electronic data to the States, tribal agencies, and U.S. territories for use in determining entitlement and eligibility for federally funded benefit programs—such as Medicare and Medicaid, subsidized housing, Supplemental Nutrition Assistance Program, and Temporary Assistance to Needy Families—as well as other federally funded, state administered benefit programs. To receive SSA data to administer federally funded, state-administered benefit programs, the State or State agency, tribal agency, or U.S. territory must sign a Computer Matching Agreement and an Information Exchange Agreement. The terms and conditions of this Agreement ensure that we make such disclosures of data, and the States, tribal agencies, and U.S. territories use such disclosed data, in accordance with the requirements of the Privacy Act of 1974, as amended by the CMPPA, 5 U.S.C. 552a.

Under section 1137 of the Act, States are required to use an income and eligibility verification system to administer specified federally funded benefit programs, including the state-funded state supplementary payment programs under Title XVI of the Act. To assist the States, tribal agencies, and U.S. territories in determining entitlement to and eligibility for benefits under those programs, as well as other federally funded benefit programs, we disclose certain data about applicants (and in limited circumstances, members of an applicant's household), for state benefits from our Privacy Act SORs and verify the Social Security numbers (SSN) of the applicants.

Individual agreements with the States, tribal agencies, or U.S. territories describe the information we will disclose and the conditions under which we agree to disclose the information.

Categories of Individuals: Individuals whose information is involved in the matching program are those who apply for federally funded, state-administered benefits, as well as current beneficiaries, recipients, and annuitants under the programs covered by this Agreement.

Categories of Records: The maximum number of records involved in this matching activity is the number of

records maintained in our SORs. Data elements disclosed in computer matching governed by this Agreement are Personally Identifiable Information from our specified SORs, including names, SSNs, addresses, amounts, and other information related to our benefits and earnings information. Specific listings of data elements are available at: <http://www.ssa.gov/dataexchange/>.

Systems of Records (SOR): Our SORs used for purposes of the subject data exchanges include:

- 60-0058—Master Files of SSN Holders and SSN Applications;
- 60-0059—Earnings Recording and Self-Employment Income System;
- 60-0090—Master Beneficiary Record;
- 60-0103—Supplemental Security Income Record (SSR) and Special Veterans Benefits (SVB);
- 60-0269—Prisoner Update Processing System (PUPS); and
- 60-0321—Medicare Part D and Part D Subsidy File.

States will ensure that the tax return data contained in SOR 60-0059 (Earnings Recording and Self-Employment Income System) will only be used in accordance with 26 U.S.C. 6103.

This notice includes revisions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers. Statement Regarding Date of Birth and Citizenship—20CFR 404.716—0960-0016. Section 205(a) of the Social Security Act (Act) gives the Commissioner of SSA the authority to make rules and regulations and to establish procedures for collecting evidence from individuals applying for Social Security benefits. When

individuals apply for Social Security benefits and cannot provide preferred methods of proving age or citizenship, SSA uses Form SSA-702 to establish these facts. Specifically, SSA uses the SSA-702 to establish age as a factor of entitlement to Social Security benefits, or U.S. citizenship as a payment factor. Respondents are individuals with knowledge about the date of birth or citizenship of applicants filing for one or more Social Security benefits who need to establish age or citizenship.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-702	1,200	1	10	200

II. SSA submitted the information collections below to OMB for clearance. Your comments regarding the information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. 1. Authorization for the Social Security Administration to Obtain Wage and Employment Information from Payroll Data Providers—0960-NEW. Section 824 of the Bipartisan Budget Act (BBA) of 2015, Public Law 114-74, authorizes the Social Security Administration (SSA) to enter into information exchanges with payroll data providers for the purposes of improving program administration and preventing improper payments in the Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI) programs. SSA will use Form SSA-

8240, “Authorization for the Social Security Administration to Obtain Wage and Employment Information from Payroll Data Providers,” to secure the authorization needed from the relevant members of the public to obtain their wage and employment information from payroll data providers. Ultimately, SSA will use this wage and employment information to help determine program eligibility and payment amounts.

The public will be able to complete form SSA-8240 using the following modalities: A paper form; the Internet; and an in-office or telephone interview, during which an SSA employee will document the wage and employment information authorization information on one of SSA’s internal systems ((the Modernized Claims System (MCS); the Modernized Supplemental Security Income Claims System (MSSICS); eWork; or iMain)). The individual’s authorization will remain effective until one of the following four events occurs:

- SSA makes a final adverse decision on the application for benefits, and the

applicant has filed no other claims or appeals under the Title for which SSA obtained the authorization;

- the individual’s eligibility for payments ends, and the individual has not filed other claims or appeals under the Title for which SSA obtained the authorization;
- the individual revokes the authorization verbally or in writing; or
- the deeming relationship ends (for SSI purposes only).

SSA will request authorization on an as-needed basis as part of the following processes: (a) SSDI and SSI initial claims; (b) SSI redeterminations; and (c) SSDI Work Continuing Disability Reviews. The respondents are individuals who file for or are currently receiving SSDI or SSI payments, and any person whose income and resources SSA counts when determining an individual’s SSI eligibility or payment amount.

Type of Request: Request for a new information collection.

Modality of completion	Number of respondents	Frequency of response (per annum)	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-8240 (paper)	136,150	1	6	13,615
Title II & Title XVI Electronic (MCS, MSSICS, and eWork)	2,769,800	1	2	92,327

Revoking Authorization	191,673	1	10	31,946
Totals	4,025,127	168,805

2. Farm Arrangement Questionnaire—20 CFR 404.1082(c)—0960-0064. When self-employed workers submit earnings data to SSA, they cannot count rental income from a farm unless they

demonstrate “material participation” in the farm’s operation. A material participation arrangement means the farm owners must perform a combination of physical duties;

management decisions; and capital investment in the farm they rent out. SSA uses Form SSA-7157, the Farm Arrangement Questionnaire, to document material participation. The

respondents are workers who are renting farmland to others; are involved in the operation of the farm; and want

to claim countable income from work they perform relating to the farm.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-7157	2,304	1	30	1,152

3. Railroad Employment Questionnaire—20 CFR 404.1401, 404.1406–404.1408—0960–0078. Railroad workers, their dependents, or survivors can concurrently apply for railroad retirement and Social Security benefits at SSA if the number holder, or

claimant on the number holder’s Social Security Number, worked in the railroad industry. SSA uses Form SSA-671 to coordinate Social Security claims processing with the Railroad Retirement Board, and to determine benefit entitlement and amount. The

respondents are Social Security benefit applicants previously employed by a railroad or dependents of railroad workers.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-671	125,000	1	5	10,417

4. Employee Identification Statement—20 CFR 404.702—0960–0473. When two or more individuals report earnings under the same Social Security Number (SSN), SSA collects information on Form SSA-4156 to

credit the earnings to the correct individual and SSN. We send the SSA-4156 to the employer to: (1) identify the employees involved; (2) resolve the discrepancy; and (3) credit the earnings to the correct SSN. The respondents are

employers involved in erroneous wage reporting for an employee.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-4156	4,750	1	10	792

5. Appeal of Determination for Help with Medicare Prescription Drug Plan Costs—0960–0695. Public Law 108–173, the MMA of 2003 established the Medicare Part D program for voluntary prescription drug coverage for certain low-income individuals. The MMA stipulates the provision of subsidies for individuals who are eligible for the

program and who meet eligibility criteria for help with premium, deductible, and co-payment costs. SSA uses Form SSA-1021, Appeal of Determination for Help With Medicare Prescription Drug Plan Costs, to obtain information from individuals who appeal SSA’s decisions regarding eligibility or continuing eligibility for a

Medicare Part D subsidy. The respondents are Medicare beneficiaries, or proper applicants acting on behalf of a Medicare beneficiary, who do not agree with the outcome of an SSA subsidy eligibility determination, and are filing an appeal.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)

² Each OFA must be accompanied by the filing fee, which is currently set at \$1,700. See 49 CFR 1002.2(f)(25).

³ Because this is a discontinuance proceeding and not an abandonment, interim trail use/rail banking and public use conditions are not appropriate. Because there will be an environmental review during abandonment, this discontinuance does not require an environmental review.
