Animal and Plant Health Inspection Service

Title: Importation of Horses, Ruminants, Swine, and Dogs; Inspection and Treatment for Screwworm
OMB Control Number: 0579-0165.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The AHPA is contained in Title X, Subtitle E, Section 10401-18 of Public Law 107-171, May 13, 2002, of the Farm Security and Rural Investment Act of 2002. The regulations under which the Animal and Plant Health Inspection Service (APHIS) conduct disease prevention activities are contained in Title 9, Chapter 1, Subchapter D, parts 91 through 99 of the Code of Federal Regulations. These regulations govern the importation of animals, birds and poultry, certain animal and poultry products, and animal germplasm. Screwworm is a pest native to tropical areas of South America, the Indian subcontinent, Southeast Asia, tropical and sub-Saharan Africa, and the Arabian Peninsula. It causes extensive damage to livestock and other warm-blooded animals. APHIS regulations require that horses, ruminants, swine, and dogs imported into the United States from regions of the world where screwworm is known to exist be inspected and, if necessary, treated for screwworm infestation.

Need and Use of the Information: APHIS requires the following documents to import horses, ruminants, swine, and dogs from regions where screwworm is known to exist: (1) An application for import or in-transit

permit (VS Form 17-129); (2) a health certificate signed by a Federal veterinarian of the exporting country; (3) a declaration of importation with the importer, broker, and final destination information (VS Form 17-29); and (4) a quarantine reservation. If the information is not collected, APHIS would not be able to ensure horses, ruminants, swine, and dogs imported into the United States are not infested with screwworm.

Description of Respondents: Business or other for-profit; Federal Government.

Number of Respondents: 92.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 827.

Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, Department of Commerce.

ACTION: Notice and opportunity for public comment.

Pursuant to Section 251 of the Trade Act 1974, as amended (19 U.S.C. 2341 *et seq.*), the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below.

Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.
