### Federal Motor Carrier Safety Administration

[FMCSA Docket No. FMCSA-2015-0323]

#### Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of final disposition.

**SUMMARY:** FMCSA announces its decision to exempt 20 individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have "no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV." The exemptions enable these individuals who have had one or more

seizures and are taking anti-seizure medication to operate CMVs in interstate commerce.

**DATES:** The exemptions were effective on September 9, 2016. The exemptions expire on September 9, 2018.

**FOR FURTHER INFORMATION CONTACT:** Ms. Christine A. Hydock, Chief, Medical Programs Division, (202) 366-4001, [fmcamedical@dot.gov](mailto:fmcamedical@dot.gov), FMCSA, Department of Transportation, 1200 New Jersey Avenue SE., Room W64-224, Washington, DC 20590-0001. ##### II. Background

On August 4, 2016, FMCSA published a notice announcing receipt of applications from 21 individuals requesting an exemption from the epilepsy prohibition in 49 CFR 391.41(b)(8) and requested comments from the public (81 FR 51538). The public comment period ended on September 6, 2016, and no comments were received.

FMCSA has evaluated the eligibility of these applicants and determined that granting exemptions to 20 of these 21 individuals would achieve a level of safety equivalent to or greater than the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(8). FMCSA deemed that Sean Nesbitt (NY) does not operate

in interstate commerce, and therefore does not meet the criteria to receive the exemption.

The physical qualification standard for drivers regarding epilepsy found in 49 CFR 391.41(b)(8) states that a person is physically qualified to drive a CMV if that person:

Has no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control a CMV.

In addition to the regulations, FMCSA has published advisory criteria<sup>1</sup> to assist medical examiners in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce. [49 CFR part 391, APPENDIX A TO PART 391—MEDICAL ADVISORY CRITERIA, section H. *Epilepsy: § 391.41(b)(8)*, paragraphs 3, 4, and 5.]

##### III. Discussion of Comments

FMCSA receive no comments in this proceeding

##### Basis for Exemption Determination

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the epilepsy/seizure standard in 49 CFR 391.41(b)(8) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. The exemption allows the applicants to operate CMVs in interstate commerce.

In reaching the decision to grant these exemption requests, FMCSA considered the 2007 recommendations of the Agency's Medical Expert Panel (MEP). The January 15, 2013, **Federal Register** notice (78 FR 3069) provides the current MEP recommendations which is the criteria the Agency uses to grant seizure exemptions.

The Agency's decision regarding these exemption applications is based on an individualized assessment of each applicant's medical information, including the root cause of the respective seizure(s) and medical information about the applicant's seizure history, the length of time that has elapsed since the individual's last seizure, the stability of each individual's treatment regimen and the duration of time on or off of anti-seizure medication. In addition, the Agency reviewed the treating clinician's medical opinion related to the ability of

the driver to safely operate a CMV with a history of seizure and each applicant's driving record found in the Commercial Driver's License Information System (CDLIS) for commercial driver's license (CDL) holders, and interstate and intrastate inspections recorded in the Motor Carrier Management Information System (MCMIS). For non-CDL holders, the Agency reviewed the driving records from the State Driver's Licensing Agency (SDLA).

These 20 applicants have been seizure-free over a range of 8 to 34 years while taking anti-seizure medication and maintained a stable medication treatment regimen for the last two years. In each case, the applicant's treating physician verified his or her seizure history and supports the ability to drive commercially.

A summary of each applicant's seizure history was discussed in the August 4, 2016 (81 FR 51538) **Federal Register** notice and will not be repeated in this notice.

The Agency acknowledges the potential consequences of a driver experiencing a seizure while operating a CMV. However, the Agency believes the drivers granted this exemption have demonstrated that they are unlikely to have a seizure and their medical condition does not pose a risk to public safety.

Consequently, FMCSA finds that in each case exempting these applicants from the epilepsy/seizure standard in 49 CFR 391.41(b)(8) is likely to achieve a level of safety equal to that existing without the exemption.

#### IV. Conditions and Requirements

The terms and conditions of the exemption are provided to the applicants in the exemption document and includes the following: (1) Each driver must remain seizure-free and maintain a stable treatment during the two-year exemption period; (2) each driver must submit annual reports from their treating physicians attesting to the stability of treatment and that the driver has remained seizure-free; (3) each driver must undergo an annual medical examination by a certified Medical Examiner, as defined by 49 CFR 390.5; and (4) each driver must provide a copy of the annual medical certification to the employer for retention in the driver's qualification file, or keep a copy of his/her driver's qualification file if he/she is self-employed. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local enforcement official.

#### V. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

#### VI. Conclusion

Based upon its evaluation of the 21 exemption applications, FMCSA exempts the following 20 drivers from the epilepsy/seizure standard, 49 CFR 391.41(b)(8), subject to the requirements cited above:

Amoriello, Jason (WI)  
Anderson, Mark (NC)  
Bienstock, Jeffrey (AZ)  
Bradford, Jeremy (AL)  
Drion, Joseph (MD)  
Elder, Kenneth (KY)  
Farver, Steven (PA)  
Foster, Richard (OK)  
Green, Jeffrey (CA)  
Harmon, Stephen (WV)  
Horst, Donald (MD)  
Hyster, Jordan (OH)  
Koger, Christopher (PA)  
Loney, Kyle (WA)  
Mallory, Leigh (VT)  
Rialson, Ashley (MN)  
Sanabria, Gonzalin (FL)  
Sica, David (CT)  
Van DeMark, Raymond (NJ)  
Youse, William (NC)

In accordance with 49 U.S.C. 31315(b)(1), each exemption is valid for two years unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The individual fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315.

Issued on: May 18, 2017.

##### Agency Information Collection Activities; Extension of a Currently-Approved Information Collection Request: Hazardous Materials Safety Permits

**AGENCY:** FMCSA, DOT.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for its review and approval. The FMCSA requests approval to revise and extend an existing ICR titled, "Hazardous Materials Safety Permits." This ICR requires companies holding safety permits to develop communications plans that allow for the periodic tracking of the shipments. A record of the communications that includes the time of the call and location of the shipment may be kept by either the driver (e.g., recorded in the log book) or the company. These records must be kept, either physically or electronically, for at least six months at the company's principal place of business or readily available to the employees at the company's principal place of business. FMCSA received no comments in response to the 60-day **Federal Register** Notice published on November 10, 2016.

**DATES:** Please send your comments by June 26, 2017. OMB must receive your comments by this date in order to act on the ICR.

**ADDRESSES:** All comments should reference Federal Docket Management System (FDMS) Docket Number FMCSA-2016-0359. Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/Federal Motor Carrier Safety Administration, and sent via electronic mail to *oira\_submission@omb.eop.gov*, or faxed to (202) 395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW., Washington, DC 20503.

**FOR FURTHER INFORMATION CONTACT:** Mr. Vincent Babich or Mr. Tyrone Gibbs, Office of Enforcement and Compliance, Hazardous Materials Division, Department of Transportation, FMCSA, West Building 6th Floor, 1200 New Jersey Avenue SE., Washington, DC 20590. Telephone: 202-366-4871 or 202-366-1705; email *vincent.babich@dot.gov* or *tyrone.gibbs@dot.gov*. Office hours are from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.
