

adding clarity and transparency to such documents and rules.

For similar reasons, the Exchange also believes that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹⁶ in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change would remove impediments to and perfect the mechanism of a free and open market and a national market system by ensuring that market participants can more easily navigate, understand and comply with the Exchange's rules, Price List, Fee Schedule, and Options Market Data Fees. The Exchange believes that, by ensuring that such documents and rulebook accurately reflect the name of the Options Market, which aligns with the name of the Exchange, the proposed rule change would reduce potential investor or market participant confusion.

The Exchange believes that eliminating obsolete references to the Exchange's previous name would not be inconsistent with the public interest and the protection of investors because investors will not be harmed and in fact would benefit from increased transparency, thereby reducing potential confusion. Removing such obsolete references will also further the goal of transparency and add clarity to the Exchange's rules and Company Guide.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to address competitive issues but rather is concerned solely with updating the Exchange's rules, Company Guide, Price List, Fee Schedule, and Options Market Data Fees to reflect the new name of the Exchange and the subsequent related rebranding of its options business.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁷ and Rule 19b-4(f)(3)¹⁸ thereunder in that the proposed rule change is concerned solely with the administration of the Exchange.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁹ of the Act to determine whether the proposed rule change should be approved or disapproved.
