

leading causes of death for the first four decades of life, regardless of gender, race, or socioeconomic status. More than 192,000 individuals in the United States die each year as a result of unintentional injuries and violence, and more than 31 million others suffer non-fatal injuries requiring emergency department visits each year.

This collection is to collect information needed for programmatic activities of the Regional Network Coordinating Organization (RNCO) enhanced component funded under the

Core State Violence and Injury Prevention Program (Core SVIPP) cooperative agreement (CDC-RFA-CE16-1602) Member entities (state health departments at their partners) of the RNCO awardees will respond to a membership survey annually. Member entities of the RNCO awardees will also participate in annual focus groups to inform and contribute to National Peer Learning Teams (NPLT). No research design or human subjects are involved.

The data will be analyzed using descriptive and summary statistics as

well as qualitative summaries. Information to be collected will provide crucial data for program planning and continuous quality improvement of program. The data will also provide CDC with the capacity to respond in a timely manner to requests for information about the program from the Department of Health and Human Services (HHS), the White House, Congress, and other sources. The only cost to respondents will be time spent responding to the survey.

Proposed Information Collection Activity; Comment Request

Proposed Projects:

Title: Child and Family Services Plan (CFSP), Annual Progress and Services Review (APSR), and Annual Budget Expenses Request and Estimated Expenditures (CFS-101).

OMB No.: 0970-0426.

Description: Under title IV-B, subparts 1 and 2, of the Social Security Act (the Act), States, Territories, and

Tribes are required to submit a Child and Family Services Plan (CFSP). The CFSP lays the groundwork for a system of coordinated, integrated, and culturally relevant family services for the subsequent five years (45 CFR 1357.15(a)(1)). The CFSP outlines initiatives and activities the State, Tribe or territory will carry out in administering programs and services to promote the safety, permanency, and well-being of children and families, including, as applicable, those activities conducted under the John H. Chafee Foster Care Independence Program (Section 477 of the Act) and the State grant authorized by the Child Abuse Prevention and Treatment Act. By June 30 of each year, States, Territories, and Tribes are also required to submit an Annual Progress and Services Report (APSR) and a financial report called the CFS-101. The APSR is a yearly report that discusses progress made by a State, Territory or Tribe in accomplishing the goals and objectives cited in its CFSP (45 CFR 1357.16(a)). The APSR contains new and updated information about

service needs and organizational capacities throughout the five-year plan period. The CFS-101 has three parts. Part I is an annual budget request for the upcoming fiscal year. Part II includes a summary of planned expenditures by program area for the upcoming fiscal year, the estimated number of individuals or families to be served, and the geographical service area. Part III includes actual expenditures by program area, numbers of families and individuals served by program area, and the geographic areas served for the last complete fiscal year.

Respondents: States, Territories, and Tribes must complete the CFSP, APSR, and CFS-101. Tribes and territories are exempted from the monthly caseworker visits reporting requirement of the CFSP/APSR. There are approximately 189 Tribal entities that currently receive IV-B funding. There are 53 States (including Puerto Rico, the District of Columbia, and the Virgin Islands) that must complete the CFSP, APSR, and CFS-101. There are a total of 242 possible respondents.
