

income providers may choose to receive the IWO form from child support agencies on paper or electronically, and may respond on paper or electronically to notify the sender of termination of employment or change in the income status.

The information collection activities pertaining to the IWO form are authorized by 42 U.S.C. 666(a)(1), (a)(8) and 666(b)(6), which require the use of the Income Withholding for Support (IWO) form to order income withholding for all child support orders. 45 CFR 303.100(e)(x) provides that the

form require employers to notify state child support agencies when employees are terminated.

Respondents: Courts, private attorneys, custodial parties or their representatives, employers, and other parties that provide income to noncustodial parents.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Income withholding order/notice (Courts, private attorneys, custodial parties or their representatives).	3,699,791	1.00	5 minutes	308,316
Income withholding orders/termination of employment/income status (Employers and other income providers).	1,228,320	9.34	2 minutes	382,417
Electronic income withholding orders/termination of employment/income status (Employers and other income providers).	12,427	123.76	3 seconds	1,282
Programming for electronic income withholding order/notice (Child support agencies).	17	1	240	4,080

Estimated Total Annual Burden Hours: 696,095.

Additional Information: Copies of the proposed collection may be obtained by writing to The Administration for Children and Families, Office of Planning, Research and Evaluation, 330 C Street SW., Washington, DC 20201, Attention: Reports Clearance Officer. All inquiries should be identified by the information collection.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Email: *OIRA_SUBMISSION@OMB.EOP.GOV*, Attn: Desk Officer for the Administration for Children and Families.

Bob Sargis,
Reports Clearance Officer.

Administration for Children and Families

[CFDA Number: 93.676]

Announcement of the Award of One Single-Source Low-Cost Extension Supplement Grant Within the Office of Refugee Resettlement's Unaccompanied Children's Program

AGENCY: Office of Refugee Resettlement (ORR), Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS).

ACTION: Notice of award of one single-source low-cost extension supplement grant under the Unaccompanied Children's (UC) Program.

SUMMARY: ACF, ORR, announces the award of one single-source low-cost extension supplement grant for a total of \$93,597,707 under the UC Program.

DATES: Low-cost extension supplement grants will support activities from January 1, 2017, through March 31, 2017.

FOR FURTHER INFORMATION CONTACT: Jallyn Sualog, Director, Division of Unaccompanied Children Operations, Office of Refugee Resettlement, 330 C Street SW., Washington, DC 20201. Telephone: (202) 401-9246. Email: *DCSProgram@acf.hhs.gov*.

SUPPLEMENTARY INFORMATION: The following supplement grant will support the immediate need for additional capacity of shelter services to accommodate the increasing number of UC referred by the Department of Homeland Security (DHS) into ORR

care. The increase in the UC population necessitates the expansion of services to expedite the release of UC.

ORR has specific requirements for the provision of services. Award recipients must have the infrastructure, licensing, experience, and appropriate level of trained staff to meet those requirements. The expansion of the existing shelter services program through this supplemental award is a key strategy for ORR to be prepared to meet its responsibility of safe and timely release of UC referred to its care by DHS and so that the US Border Patrol can continue its vital national security mission to prevent illegal migration and trafficking, and protect the borders of the United States.

Statutory Authority

This program is authorized by—
 (A) Section 462 of the Homeland Security Act of 2002, which in March 2003, transferred responsibility for the care and custody of Unaccompanied Alien Children from the Commissioner of the former Immigration and Naturalization Service to the Director of ORR of the U.S. Department of Health and Human Services (HHS).

(B) The Flores Settlement Agreement, Case No. CV85-4544RJK (C. D. Cal. 1996), as well as the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (Pub. L. 110-457), which authorizes post-release services under certain conditions to eligible children. All programs must comply with the Flores Settlement Agreement, Case No. CV85-4544-RJK (C.D.

Cal. 1996), pertinent regulations and ORR policies and procedures.

Christopher Beach,

Senior Grants Policy Specialist, Division of Grants Policy, Office of Administration, Administration for Children and Families.

Administration for Community Living

Agency Information Collection Activities; Comment Request; Redesign of Existing Data Collection; Older Americans Act Titles III and VII; State Program Performance Report

AGENCY: Administration for Community Living, HHS.

ACTION: Notice.

SUMMARY: The Administration for Community Living (ACL) is announcing an opportunity for the public to comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (the PRA), Federal agencies are required to publish a notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice. This notice solicits comments on a proposed revision to an existing data collection related to the Older Americans Act Title III and VII State Program Performance Report (SPR) (ICR Rev).

DATES: Submit written or electronic comments on the collection of information by July 31, 2017.

ADDRESSES:

Submit electronic comments on the collection of information to: SPRredesign.comments@acl.hhs.gov.

Submit written comments on the collection of information to: U.S. Department of Health and Human Services, Administration for Community Living, Washington, DC 20201, Attention: Jennifer Klocinski.

FOR FURTHER INFORMATION CONTACT: Jennifer Klocinski by telephone: (202) 795-7377 or by email: SPRredesign.comments@acl.hhs.gov.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR

1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval.

To comply with the above requirement, ACL is publishing a notice of the proposed revision of a currently approved collection of information set forth in this document. With respect to the following collection of information, ACL invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of ACL's functions, including whether the information will have practical utility; (2) the accuracy of ACL's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology.

Purpose

The purpose of this data collection is to fulfill requirements of the Older Americans Act and the Government Performance and Results Modernization Act of 2010 (GPRAMA) and related program performance activities. Section 202(a)(16) of the OAA requires the collection of statistical data regarding the programs and activities carried out with funds provided under the OAA and Section 207(a) directs the Assistant Secretary for Aging to prepare and submit a report to the President and Congress based on those data. Section 202(f) directs the Assistant Secretary to develop a set of performance outcome measures for planning, managing, and evaluating activities performed and services provided under the OAA. Requirements pertaining to the measurement and evaluation of the impact of all programs authorized by the OAA are described in section 206(a). The State Performance Report is one source of data used to develop and report performance outcome measures and measure program effectiveness in achieving the stated goals of the OAA.

The Administration on Aging (now within the Administration for

Community Living) first developed a State Program Performance Report (SPR) in 1996 as part of its National Aging Program Information System (NAPIS). The SPR collects information about the national Aging Network, how State Agencies on Aging expend their OAA funds, as well as funding from other sources for OAA authorized supportive services. The SPR also collects information on the demographic and functional status of the recipients and is a key source for ACL performance measurement.

Revisions

Significant revisions to the SPR were last implemented in 2005. This proposed collection is a revision that will replace the currently approved version (effective 2017-2019). The factors that influenced the proposed revision of the SPR, include: (1) The need to reduce reporting burden while enhancing data quality; (2) the need to modernize the data structure to allow for more efficient reporting and the ability to use current technology for reporting and analysis; (3) an interest in aligning data elements within and across data collections; and (4) the need to consider alternative data elements that reflect the current Aging Network and long-term care services and supports. The proposed SPR revision reduces the number of data elements reported by 70% compared to the current SPR.

Reductions in data elements are found throughout the data collection, but are concentrated in the consumer demographic components. Due to the aggregate level nature of the SPR, information on combinations of demographic characteristics (e.g. number of women served who are 65 years or older and have 2 activity of daily living limitations) require exponentially larger numbers of data elements compared to single demographic characteristics (e.g. number of women served). To reduce reporting burden associated with the number of data elements, ACL is proposing to limit data element combinations. The remaining proposed demographic data elements include indicators of priority populations (i.e. social and economic vulnerability and frailty) found in the OAA and will allow ACL to continue to measure efforts to target services.

Limited expansions in data elements are found in the Title III-E National Family Caregiver Support Program service component. The proposal separates out three services that were reported as a whole (i.e. counseling, training and support group services).
