

Inasmuch as section 201(h) of the CSA directs that temporary scheduling actions be issued by order and sets forth the procedures by which such orders are to be issued, the DEA believes that the notice and comment requirements of section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553, do not apply to this notice of intent. In the alternative, even assuming that this notice of intent might be subject to section 553 of the APA, the Administrator finds that there is good cause to forgo the notice and comment requirements of section 553, as any further delays in the process for issuance of temporary scheduling orders would be impracticable and contrary to the public interest in view of the manifest urgency to avoid an imminent hazard to the public safety.

Although the DEA believes this notice of intent to issue a temporary scheduling order is not subject to the notice and comment requirements of section 553 of the APA, the DEA notes that in accordance with 21 U.S.C. 811(h)(4), the Administrator will take into consideration any comments

submitted by the Assistant Secretary with regard to the proposed temporary scheduling order.

Further, the DEA believes that this temporary scheduling action is not a "rule" as defined by 5 U.S.C. 601(2), and, accordingly, is not subject to the requirements of the Regulatory Flexibility Act (RFA). The requirements for the preparation of an initial regulatory flexibility analysis in 5 U.S.C. 603(a) are not applicable where, as here, the DEA is not required by section 553 of the APA or any other law to publish a general notice of proposed rulemaking.

Additionally, this action is not a significant regulatory action as defined by Executive Order 12866 (Regulatory Planning and Review), section 3(f), and, accordingly, this action has not been reviewed by the Office of Management and Budget.

This action will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various

levels of government. Therefore, in accordance with Executive Order 13132 (Federalism) it is determined that this action does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

### Determination To Approve Alternative Final Cover Request for Phase 2 of the City of Wolf Point, Montana, Landfill

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rulemaking.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to approve an alternative final cover for Phase 2 of the City of Wolf Point landfill, a municipal solid waste landfill (MSWLF) owned and operated by the City of Wolf Point, Montana, on the Assiniboine and Sioux Tribes' Fort Peck Reservation in Montana. The EPA is seeking public comment on EPA's determination to approve the City of Wolf Point's alternative final cover proposal.

In the "Rules and Regulations" section of this **Federal Register**, we are making the final determination to approve the alternative final cover for Phase 2 of the City of Wolf Point landfill, as a direct final rule without a prior proposed rule. If we receive no relevant adverse comment, we will not take further action on this proposed rule.

**SUPPLEMENTARY INFORMATION:** In the "Rules and Regulations" section of this **Federal Register**, the EPA is promulgating a site-specific rule that approves an alternative final cover for Phase 2 of the City of Wolf Point landfill, a municipal solid waste landfill (MSWLF) owned and operated by the City of Wolf Point, Montana, on the Assiniboine and Sioux Tribes' Fort Peck Reservation in Montana, as a direct final rule. The EPA did not make a proposal prior to the direct final rule because we believe these actions are not controversial and do not expect relevant adverse comments. We have explained the reasons for this approval in the preamble to the direct final rule.

Unless the EPA receives relevant adverse comments that oppose the site-specific rule during the comment period, the direct final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get relevant adverse comments that oppose the site-specific rule, we will withdraw the direct final rule and it will not take immediate effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.
