#### Special Local Regulations and Safety Zones; Recurring Marine Events and Fireworks Displays Within the Fifth Coast Guard District

**AGENCY:** Coast Guard, DHS.

**ACTION:** Interim final rule.

**SUMMARY:** The Coast Guard is amending its special local regulations and safety zones established for recurring marine events and fireworks displays that take place within the Fifth Coast Guard District area of responsibility. This interim final rule revises the listing of events that informs the public of regularly scheduled marine parades, regattas, other organized water events, and fireworks displays that require

additional safety measures provided by regulations. This interim final rule updates the list of recurring marine events with revisions to include additional events, change of date(s), and removal of events that no longer take place in the Fifth Coast Guard District. When these regulations are enforced, certain restrictions are placed on marine traffic in specified areas. This rulemaking project promotes efficiency by eliminating the need to produce a separate rule for each individual recurring event and serves to provide notice of the known recurring events requiring a special local regulation or safety zone throughout the year. This rule also removes regulations that are no longer effective or required.

**DATES:** This rule is effective without actual notice from June 13, 2017. For the purposes of enforcement, actual notice will be used from the date the rule was signed, May 31, 2017, until June 13, 2017.

**ADDRESSES:** To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG–2017–0064 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Dennis Sens, Fifth Coast Guard District Office of Waterways Management, U.S. Coast Guard; telephone 757–398–6204, [Dennis.M.Sens@uscg.mil](mailto:Dennis.M.Sens@uscg.mil).

##### II. Public Participation and Comments

The Coast Guard published a notice of proposed rulemaking on April 6, 2017 (82 FR 16746). The public comment period for this NPRM closed on Monday, May 8, 2017; no comments were received.

Documents mentioned in this Interim Final Rule as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that Web site’s instructions.

##### III. Background Information and Regulatory History

The Tables in the CFR that list annual and recurring special local regulations

and safety zones for marine events and fireworks displays within Fifth Coast Guard District area of responsibility (AOR) are published under 33 CFR 100.501 and 165.506, respectively. These Tables were last amended September 14, 2016, through a previous rulemaking (81 FR 63075) that generated no adverse comments.

Publishing these regulatory updates in a single rulemaking promotes administrative efficiency and reduces costs involved in producing a separate rule for each individual recurring event. This rulemaking action also provides the public with notice through publication in the **Federal Register** of future recurring marine events and fireworks displays and their accompanying regulations, special local regulations, and safety zones. This rule provides separate tables for each Coast Guard Sector within the Fifth Coast Guard District.

Under 5 U.S.C. 553(d)(3), an agency may make a rule effective less than 30 days from publication of a final notice in the **Federal Register** when the agency for good cause finds that those procedures are impracticable, unnecessary, or contrary to the public interest. The Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**; it would be impracticable and contrary to the public interest to delay the effective date of this rulemaking regarding implementation of the new and revised special local regulations and safety zones. Immediate implementation is required because the special local regulations and safety zones must be established to protect the public from the dangers associated with these scheduled activities. Despite the immediate effective date of this final action, the public has been afforded reasonable time to prepare for the effective date of this rulemaking. These events are planned by the local communities where they take place, and

accordingly, the public has received advanced notification of these upcoming events through local media outlets in addition to notification by the Coast Guard through publication of the NPRM. The provisions of this interim final rule which disestablish existing special local regulations and safety zones are effectively immediately in accordance with 5 U.S.C. 553(d)(1), as they relieve a restriction.

This interim rule is effective upon signature. This rule is prepared to provide the most up to date list of recurring marine events, special local regulations and safety zones. These recurring events are noticed to the public through local community media outlets and by event planners in conjunction with the communities in which they take place.

**IV. Legal Authority and Need for Rule**

The Coast Guard issues this rulemaking under authority in 33 U.S.C. 1231; 33 U.S.C. 1233; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1. The Coast Guard has determined that potential hazards associated with marine events and fireworks displays that take place on and over navigable waters will be a safety concern for persons or vessels in the vicinity of these events. The purpose of this rule is to ensure safety of persons and vessels on the navigable waters in the safety zone before, during, and after the scheduled marine event.

The current lists of annual and recurring special local regulations and safety zones for marine events and fireworks displays within the Fifth Coast Guard District area of responsibility (AOR) are published under 33 CFR 100.501 and 165.506, respectively. This interim rule will add to, remove from, and amend 33 CFR 100.501 and 33 CFR 165.506 to create a comprehensive list of recurring marine events and fireworks displays requiring special local regulations and safety zones.

**V. Discussion of the Rule**

*Special Local Regulations*

This rule adds 3 new special local regulations for marine events, removes 1 regulation and revises 6 previously established regulations for marine events listed in the Table to § 100.501. Other than changes to the dates and locations of certain events, the other provisions in 33 CFR 100.501 remain unchanged.

The Coast Guard revises regulations at 33 CFR 100.501 by adding 3 new special local regulations. The special local regulations are listed in Table 1, including reference by section as printed in the Table to § 100.501.

**TABLE 1**  
[Special local regulated areas added to 33 CFR 100.501]

Table to § 100.501 section	Location
1. (b.) 9 .....	Chesapeake Bay, Chesapeake Bay Bridge, MD.
2. (c.) 10 .....	James River, Midlothian, VA.
3. (d.) 4 .....	Masonboro Inlet, Banks channel, Motts channel, Wrightsville Beach, NC.

The Coast Guard amends the regulations at 33 CFR 100.501 by disestablishing the special local regulation previously listed in section (b.) of Table to 100.501; marine event—Maryland Swim for Life, Chester River, MD. The basis for removal of this marine event from regulatory enforcement includes limited vessel traffic in the area of the event, close proximity to shore, and shallow water depths.

This rule revises 6 preexisting special local regulations that involve change to marine event date(s) and/or coordinates. These events are listed in Table 2, with reference by section as printed in the Table to § 100.501.

**TABLE 2**  
[Changes to special local regulation date(s) and coordinates]

Table to § 100.501 section	Location	Revision (date/coordinates)
1. (b.) 2 .....	Severn River, MD .....	dates.
2. (b.) 6 .....	Upper Potomac River, Washington, DC .....	dates.
3. (b.) 18 .....	Patuxent River, Solomons, MD .....	coordinates.
4. (b.) 19 .....	North Atlantic Ocean, Ocean City, MD .....	dates.
5. (b.) 21 .....	Hambrooks Bay, Choptank River, MD .....	dates.
6. (c.) 6 .....	Mill Creek, Hampton, VA .....	dates.

Based on the nature of marine events, the large numbers of participants and spectators, and the event locations, the Coast Guard has determined that the events listed in this rule could pose a risk to participants or waterway users if normal vessel traffic were to interfere with the event. Possible hazards include risks of injury or death resulting from near or actual contact among participant vessels and spectator vessels or mariners traversing through the regulated area. In order to protect the safety of all waterway users including event participants and spectators, this rule establishes special local regulations for the time and location of each marine event.

This rule prevents vessels from entering, transiting, mooring, or anchoring within areas specifically designated as regulated areas during the periods of enforcement unless

authorized by the Captain of the Port (COTP) or designated Coast Guard Patrol Commander. The designated "Patrol Commander" includes a Coast Guard commissioned, warrant, or petty officer who has been designated by the COTP to act on their behalf. On-scene patrol commanders may be augmented by local, State, or Federal officials authorized to act in support of the Coast Guard.

*Safety Zones*

This rule revises 12 previously established safety zones and removes 6 safety zones listed in the Table to § 165.506. Other than changes to the dates of certain safety zones, the other provisions in 33 CFR 165.506 remain unchanged.

The Coast Guard proposed to add eight new safety zones in the previously published Notice of proposed rulemaking on April 6, 2017 (82 FR

16746). The NPRM also proposed to revise the coordinates described by latitude and longitude for the center point of 3 previously established safety zones. Both the new and revised safety zones proposed for 33 CFR 165.506 have been temporarily postponed and are not included in this interim final rule. This action was necessary to ensure compliance with environmental review and policy requirements established under the National Environmental Policy Act (NEPA). Upon completion of NEPA environmental analysis and review, the previously proposed safety zones may be included in a future revision to 33 CFR 165.506.

The rule revises 12 preexisting safety zones that involve changes to event date(s). These revised safety zones are shown in Table 3, with reference by section as printed in the Table to § 165.506.

12. (d.) 15	Atlantic Intracoastal Waterway, Swansboro, NC	dates.

The Coast Guard amends regulations at 33 CFR 165.506 by disestablishing the following 6 safety zones listed in Table 4.

TABLE 4

[Safety Zones removed from 33 CFR 165.506]

Date(s)	Event	Regulated Area
1. May—last Saturday; July 4th	Fireworks display	Potomac River, Charles County, MD; vicinity east of Mount Vernon Estate.
2. October—1st Saturday	Fireworks display	Dukeharts Channel, Potomac River, MD.
3. July 4th	Fireworks display	Edenton Bay, Edenton, NC.
4. July 4th	Fireworks display	Pantego Creek, Belhaven, NC.
5. May—3rd Saturday	Fireworks display	Pasquotank River, Elizabeth City, NC.
6. October—2nd Saturday	Fireworks display	Atlantic Intracoastal Waterway, Bogue Inlet, Swansboro, NC.

Each year, organizations in the Fifth Coast Guard District sponsor fireworks displays in the same general location and time period. Each event uses a barge or an on-shore site near the shoreline as the fireworks launch platform. A safety zone is used to control vessel movement within a specified distance surrounding the launch platforms to ensure the safety of persons and property. Coast

Guard personnel on scene may allow boaters within the safety zone if conditions permit.

The enforcement period for these safety zones is from 5:30 p.m. to 1 a.m. local time. However, vessels may enter, remain in, or transit through these safety zones during this time frame if authorized by the COTP or designated Coast Guard patrol commander on

scene, as provided for in 33 CFR 165.23. This rule provides for the safety of life on navigable waters during the events. The regulatory text we are proposing appears at the end of this document.

*Temporary Regulations*

The Coast Guard amends regulations at 33 CFR 100.501 and 33 CFR 165.506 by removing the following 5 temporary

sections listed in Table 5. These temporary sections are no longer

effective but continue to appear in the CFR.

TABLE 5

[Special local regulated areas removed from 33 CFR 100.501 and safety zones removed from 33 CFR 165.506]

The Coast Guard is removing 33 CFR 165.540 that was previously established to facilitate a large multi-year dredging project in the coastal Cape Fear River area. This project was completed by the U.S. Army Corps of Engineers and its contractors and accordingly a safety zone is no longer required for this purpose.

**VI. Regulatory Analyses**

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below, we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

*A. Regulatory Planning and Review*

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a “significant regulatory action” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the short amount of time that vessels will be restricted from regulated areas and the small size of these areas that are usually positioned away from high vessel traffic zones. Generally, vessels would not be precluded from getting underway, or mooring at any piers or marinas currently located in the vicinity of the regulated areas. Advance notifications would also be made to the local maritime community by issuance of Local Notice to Mariners, Broadcast Notice to Mariners, Marine information and facsimile broadcasts so mariners can adjust their plans accordingly. Notifications to the public for most

events will typically be made by local newspapers, radio and TV stations. The Coast Guard anticipates that these special local regulated areas and safety zones will only be enforced one to three times per year.

*B. Impact on Small Entities*

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit through a special local regulated area or safety zone may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

These special local regulated areas and safety zones will not have a significant economic impact on a substantial number of small entities for the following reasons: The Coast Guard will ensure that small entities are able to operate in the areas where events are occurring to the extent possible while ensuring the safety of event participants and spectators. The enforcement period will be short in duration and, in many of the areas, vessels can transit safely around the regulated area. Generally, permission to enter, remain in, or transit through these regulated areas during the enforcement may be given, when deemed safe to do so by the Coast Guard patrol commander on scene. Before the enforcement period, we will issue maritime advisories widely.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

*C. Collection of Information*

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

*D. Federalism and Indian Tribal Governments*

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order

13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

#### E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment.

This rule involves implementation of regulations within 33 CFR part 100 that apply to organized marine events on the navigable waters of the United States. Some marine events by their nature may introduce potential for adverse impact on the safety or other interest of waterway users or waterfront infrastructure within or close proximity to the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming events, crew racing, and sail board racing. This section of the rule is categorically excluded from further review under paragraph 34(h) of Figure 2–1 of the Commandant Instruction M16475.ID, as the appropriate environmental analysis is contained in the permitting for the events. An environmental analysis checklist supporting this determination and a Record of Environmental Consideration are not required for this section of the rule.

This rule involves implementation of regulations at 33 CFR part 165 that establish safety zones on navigable waters of the United States for fireworks events. These safety zones are enforced for the duration of fireworks display events. The fireworks are generally launched from either a floating barge platform or immediately adjacent to navigable waters of the United States. The category of activities includes fireworks launched from barges or at the shoreline that generally rely on the use of navigable waters as a safety buffer. Fireworks displays may introduce potential hazards such as accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. This section of the rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction M16475.ID. A Record of Environmental Consideration (REC) supporting this determination is available in the docket where indicated in the **ADDRESSES** section of this preamble.

#### G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

#### List of Subjects

##### 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

##### 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR parts 100 and 165 as follows:

#### **PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS**

■ 1. The authority citation for part 100 continues to read as follows:

**Authority:** 33 U.S.C. 1233.

**§ 100.35T05–0276 [Removed]**

■ 2. Remove § 100.35T05–0276.

**§ 100.35T05–0482 [Removed]**

■ 3. Remove § 100.35T05–0482.

■ 4. Revise § 100.501 to read as follows:

#### **§ 100.501 Special Local Regulations; Marine Events within the Fifth Coast Guard District.**

This section applies to the marine events listed in the Table to § 100.501. These regulations will be effective annually, for the duration of each event listed in the Table to § 100.501. Annual notice of the exact dates and times of the effective period of the regulation with respect to each event, the geographical area, and details concerning the nature of the event and the number of participants and type(s) of vessels involved will be published in Local Notices to Mariners and via Broadcast Notice to Mariners over VHF–FM marine band radio.

(a) *Definitions.* The following definitions apply to this section:

(1) *Coast Guard Patrol Commander.* A Patrol Commander (PATCOM) is a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the respective Coast Guard Sector—Captain of the Port to enforce these regulations.

(2) *Official patrol.* Any vessel assigned or approved by the respective Captain of the Port with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

(3) *Spectators.* All persons and vessels not registered with the event sponsor as participants or official patrol vessels.

(4) *Regulated area.* An area where Special local regulations apply to a specific described waterway to include creeks, sounds, bays, rivers and, oceans. Regulated areas include all waters of a specific body of water described with intent to define boundaries where the Coast Guard enforces Special local regulations. Boundaries may be described from shoreline to shoreline, reference bridges, or other fixed structures, by points and lines defined by latitude and longitude. All coordinates reference Datum: NAD 1983.

(b) *Marine event patrol.* The Coast Guard will assign a marine event patrol, as described in § 100.40, to each regulated event listed in the table. Additionally, a PATCOM will be assigned to oversee the patrol. The marine event patrol and PATCOM may be contacted on VHF–FM Channel 16. The PATCOM may terminate the event, or the operation of any vessel participating in the marine event, at any time if deemed necessary for the protection of life or property. Only designated marine event participants and their vessels and official patrol vessels are authorized to enter the regulated area.

(c) *Special local regulations.* (1) *Controls on vessel movement.* The PATCOM or designated marine event patrol may forbid and control the movement of all vessels in the regulated area(s). When hailed or signaled by an official patrol vessel, a vessel in these areas shall immediately comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(2) *Directions, instructions, and minimum speed necessary.* The operator of any vessel in the regulated area shall:

(i) Stop the vessel immediately when directed to do so by any Official Patrol and then proceed only as directed.

(ii) All persons and vessels shall comply with the instructions of the Official Patrol.

(iii) Vessel operators may request permission to enter and transit through a regulated area by contacting the PATCOM on VHF-FM channel 16. When authorized to transit through the regulated area, vessels shall proceed at the minimum speed necessary to maintain a safe course that minimizes wake near the race course or marine event area.

(3) *Race area.* This is an area described by a line bound by coordinates provided in latitude and longitude that outlines the boundary of a race area within the regulated area defined by this part. Only event sponsor designated participants or designated participating vessels and official patrol vessels are allowed to enter the race area. Persons or vessel operators may request authorization to enter and transit through the regulated area by contacting the PATCOM on VHF-FM Channel 16.

(4) *Spectator area.* This is an area described by a line bound by coordinates provided in latitude and longitude that outlines the boundary of a spectator area within the regulated area defined by this part. Spectators are only allowed inside the regulated area if they remain within a designated spectator area. All spectator vessels shall be anchored or operate at a No Wake Speed within the designated spectator area. On scene designated PATCOM representatives will direct spectator vessels to the spectator area. Spectators shall contact the PATCOM to request permission to pass through the regulated area. If permission is granted, spectators must pass directly through the regulated area at safe speed and without loitering.

(5) *Buffer area.* This is a neutral zone that surrounds the perimeter of a Race Area or Marine Event Area within the regulated area described by this part. The purpose of a buffer zone is to

minimize potential collision conflicts with marine event participants or race boats and spectator vessels or nearby transiting vessels. This zone provides separation between a Race Area or Marine Event Area and a specified Spectator Area or other vessels that are operating in the vicinity of the Special local regulated area for marine event.

(6) *Designated spectator area.* Spectators are only allowed inside the regulated area if they remain within a designated spectator area. Spectators shall contact the PATCOM to request permission to either enter the Spectator Area or pass through the regulated area. If permission is granted, spectators may enter the Spectator Area or must pass directly through the regulated area as instructed by PATCOM at safe speed and without loitering.

(d) *Contact information.* Questions about marine events should be addressed to the local Coast Guard Captain of the Port for the area in which the marine event is occurring. Contact information is listed below. For a description of the geographical area of each Coast Guard Sector—Captain of the Port zone, please see subpart 3.25 of this chapter.

RIN 1625-AA00

**Safety Zone; Pacific Ocean, Mamala  
Bay, Oahu, Hawaii—Hokulea Arrival****AGENCY:** Coast Guard, DHS.**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary 500 yard safety zone around the sailing canoe HOKULEA for her return to Oahu from a three year worldwide voyage. HOKULEA is a culturally significant double-hulled sailing canoe modeled after the vessels that brought the first

Polynesians to Hawaii. Thousands of people on various types of water craft, including surfboards, canoes, sailing vessels and motor vessels as well as swimmers, have come out to greet HOKULEA when she has returned to port in the past. This safety zone is necessary to protect personnel, vessels, and the marine environment from potential safety hazards associated with the anticipated large number of spectator craft expected to greet the sailing canoe HOKULEA upon her arrival. A moving 500 yard safety zone around the HOKULEA will be in place during her transit, starting when she passes abeam of Makapu'u light house and continuing through Mamala Bay to her mooring in the Ala Wai Harbor. Upon mooring, the moving safety zone will cease but a stationary 500 yard safety zone will be maintained around the HOKULEA until the conclusion of the HOKULEA arrival festivities. Entry of vessels or persons into the safety zone is prohibited unless specifically authorized by the Captain of the Port (COTP) Honolulu or his designated representative. The Coast Guard will establish a command post at the entrance to the Ala Wai Harbor. This command post will maintain a list of all vessels with authorized moorings in the Ala Wai Harbor that will be allowed to transit the safety zone to depart from or return to these moorings. Vessels not on this list may request to transit the safety zone by contacting the COTP Honolulu or his designated representative.

**DATES:** This rule is effective from 5:30 a.m. (HST) on June 17, 2017 through 10 p.m. (HST) on June 17, 2017.
