**Fisheries of the Exclusive Economic Zone Off Alaska; Prohibited Species Donation Program**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; selection of an authorized distributor.

**SUMMARY:** NMFS announces the renewal of two prohibited species donation (PSD) permits to SeaShare, authorizing this organization to distribute Pacific salmon and Pacific halibut to economically disadvantaged individuals under the PSD program. Salmon and halibut are caught incidentally during directed fishing for groundfish with trawl gear off Alaska. This action is necessary to comply with provisions of the PSD program and is intended to promote the goals and objectives of the North Pacific Fishery Management Council.

**DATES:** The permits are effective from June 14, 2017 through June 15, 2020.

**ADDRESSES:** Electronic copies of the PSD permits for salmon and halibut prepared for this action may be obtained from the Alaska Region Web site at <http://www.alaskafisheries.noaa.gov>.

**SUPPLEMENTARY INFORMATION:****Background**

Fishing for groundfish by U.S. vessels in the exclusive economic zone of the Bering Sea and Aleutian Islands management area (BSAI) and Gulf of Alaska (GOA) is managed by NMFS in accordance with the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (BSAI FMP) and the Fishery Management Plan for Groundfish of the Gulf of Alaska (GOA FMP). These fishery management plans (FMPs) were prepared by the North Pacific Fishery Management Council under the Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.* Regulations governing the Alaska groundfish fisheries and implementing the FMPs appear at 50 CFR parts 600 and 679. Fishing for halibut in waters in and off Alaska is governed by the Convention between the United States and Canada for the Preservation of the Halibut Fishery of the North Pacific Ocean and Bering Sea (Convention). The International Pacific Halibut Commission (IPHC) promulgates regulations pursuant to the Convention. The IPHC's regulations are subject to approval by the Secretary of State with concurrence from the Secretary of Commerce. After approval by the Secretary of State and the Secretary of Commerce, the IPHC regulations are published in the **Federal Register** as annual management measures pursuant to 50 CFR 300.62.

Retention of incidentally caught prohibited species is prohibited in the groundfish fisheries except for salmon and halibut for the purposes of the PSD program. Amendments 26 and 29 to the BSAI and GOA FMPs, respectively, authorize a salmon donation program and were approved by NMFS on July 10, 1996; a final rule implementing this program was published in the **Federal Register** on July 24, 1996 (61 FR 38358). The salmon donation program was expanded to include halibut as part of the PSD program under Amendments 50 and 50 to the FMPs that were approved by NMFS on May 6, 1998. A final rule implementing Amendments 50 and 50 was published in the **Federal Register** on June 12, 1998 (63 FR 32144). Although that final rule contained a sunset provision for the halibut PSD program of December 31, 2000, the halibut PSD program was permanently extended under a final rule published in the **Federal Register** on December 14,
